

## **New Dietetics Application Process for Internships and Graduate Programs**

The Academy of Nutrition and Dietetics has developed an online application process for dietetic internships and graduate programs. The system, Dietetic Internship Centralized Application System (DICAS) allows applicants to submit all of their application materials online and programs will access the information from DICAS. There is a \$50 fee for the first application and \$25 for each additional application. DICAS may be accessed at <https://portal.dicas.org/>. Not all programs use DICAS, therefore it is crucial to check if the program you are interested in has a separate application process.

During its January 2024 meeting, the ACEND Board voted to discontinue the dietetics application match (through D&D Digital) and approved the proposed application process for dietetics. The new process follows the typical university and most other health professions' admissions process. For more information about the process, please visit [ACEND's website](#).
