ACKNOWLEDGEMENTS

The Office of Field Education would like to gratefully acknowledge the contributions of a large group of colleagues and friends in the social work field without whose assistance portions of this manual would not have been possible. We would specifically like to thank the members of the Florida Field Consortium, East Tennessee State University, University of Texas at Austin, University of Central Florida, and North Carolina State University for sharing their field manuals and forms and permitting Florida International University to draw from the content of their manuals and forms. The collaboration with other educational institutions has strengthened our program, and our ability to accurately articulate our policies and procedures.

PREFACE

The faculty of the School of Social Work at Florida International University's Robert Stempel College of Public Health & Social Work would like to express their appreciation to affiliated agencies and field instructors for the vital role they play in educating our social work students. The experiences and opportunities provided in field practicum add a dimension that cannot be duplicated in the classroom.

The field practicum offers students educationally directed opportunities to learn by participating in the delivery of social services. The practicum enhances students' ability to translate theory into effective social work practice and strengthens students' awareness of the attitudes, motivation, and judgments identified with the profession of social work. The School of Social Work is fully accredited by the Council on Social Work Education, and its curriculum is planned in accordance with the [standards set by the Council](#).

This Field Education Manual has been developed to inform Field Instructors and students of the policies, procedures, and overall expectations of field education and the relationship of the field education component to the total curriculum. It is to be used in the planning and implementation of the field learning experiences. Details about courses, admission, degree requirements, etc. will be found in the Student Handbooks and covered in the Field Instructors' Training Course.

NOTE: The policies, procedures, requirements, and regulations at Florida International University and the School of Social Work at Robert Stempel College of Public Health & Social Work are continually subject to review in order to serve the needs of the University/School's publics and to respond to the mandates of the Florida Board of Education, Board of Trustees, Board of Governors, and the Legislature. Changes in programs, policies, requirements, and regulations may be made without advance notice.

I. FLORIDA INTERNATIONAL UNIVERSITY

Florida International University is a comprehensive, multi-campus urban research institution committed to providing both excellence and access to all qualified students desiring to pursue higher education. The University was established by the Florida State Legislature on June 22, 1965. It is a member Institution of the State University System of Florida. Classes began at the University Park Campus on September 19, 1972, with an initial enrollment of almost 6,000 upper-level undergraduate and graduate students. The Biscayne Bay Campus in North Miami opened in 1977. In July 1981, the Legislature funded the University to become a four-year institution and in August 1981, the first freshman class was admitted. In 2023, the enrollment grew to over 56,000 students.

II. ROBERT STEMPEL COLLEGE OF PUBLIC HEALTH AND SOCIAL WORK

The School of Social Work is housed within the Robert Stempel College of Public Health & Social Work, accredited by the Council on Education for Public Health (CEPH). Stempel College is unique among the nation's accredited schools of public health in its interdisciplinary structure which combines the five (5) academic departments of public health in partnership with the disciplines of nutrition and dietetics, social work, and disaster management. This special blend of disciplines and programs afford students with the opportunity to better explore and understand the interrelatedness of social, biological, environmental, and cultural determinates of health and well-being. Stempel College strongly strives to reflect the diversity of the greater community to maximize its understanding and effectiveness in providing cross-cultural health and mental health services in today's heterogeneous mix of cultures and languages. All students in the College are required to be grounded in basic public health knowledge.

III. BSSW PROGRAM MISSION STATEMENT

Rooted in the South Florida community, the BSSW program prepares its students for entry-level generalist practice in diverse, urban communities, locally and globally. Based in the person-in-environment and liberal arts frameworks, the program ensures that graduates possess a well-rounded education informed by innovative research and collaborative engagement, equipping them to promote human and community well-being. Committed to fostering respect for human diversity, the program empowers students to advance human rights and promote social, racial, economic, and environmental justice through practice grounded in the social work values and ethics and an anti-racist and anti-oppressive perspective.

A. Goals

The goals of the undergraduate program are derived from the BSSW program mission statement and are consistent with [CSWE's Educational Policy](#). The goals of the BSSW Program are to:

- Provide curricula for generalist practice that build on a liberal arts foundation and the person-in-environment construct.
- Educate students of generalist practice to identify with the social work profession grounded in its history, values, and science and to recognize, support, and build on the strengths and resiliency of all human beings.

- Prepare students to engage, assess, intervene with, and evaluate diverse and multi-cultural individuals, families, groups, organizations, and communities to promote human and social well-being.
- Educate students to promote policies, services, and resource allocation to advocate for human rights and social and economic justice.
- Prepare students to develop and use critical thinking and apply ethical principles in their practice.
- Provide students with the ability to engage in research-informed practice, collaborative engagement, and be proactive in responding to the impact of context on professional practice.

IV. SOCIAL WORK AS A PROFESSION

Social work is an action-oriented profession that challenges people to acknowledge and address the complex problems facing individuals and communities in modern society. The social work student seeks to acquire both knowledge about human beings and society and skills in helping people use their own resources - individual, familial, organizational, community - in meeting their needs.

Social workers are employed in a wide variety of community agencies - family and children's agencies, hospitals, courts, community-development programs, substance misuse programs, and community mental health agencies, etc. The holder of the bachelor's degree in social work is eligible for many entry-level positions in such agencies.

V. THE BSSW PROGRAM

A. Overview

The program offers an integrated educational experience that combines the theoretical and the practical. It is designed to prepare the student for generalist practice as a beginning professional social worker, for entrance into a graduate school of social work, and for participation in society as an informed citizen. The curriculum applies a bio-psycho-social model within the context of a social systems framework to understand client systems, address problems and develop intervention. The program is grounded in the competencies set forth by the Council on Social Work Education. Students are expected to meet all competencies, including the behaviors and dimensions—of which the competencies and behaviors are comprised—by the end of their studies. Students are also provided grounding in public health core knowledge.

The program is accredited by the Council on Social Work Education and includes a sequence of academic courses as well as field education under qualified supervision in social service agencies in South Florida. Students can engage in behaviors that integrate their knowledge from the classroom into their practice in the field. Students may complete the BSSW on a full-time or part-time basis. Students may elect to pursue a certificate in child welfare as part of their program of study. In addition, eligible BSSW graduates may apply to the MSW advanced-standing program.

B. Generalist Practice: Competencies and Corresponding Behaviors

The core practice competencies are designated in the [2022 Educational Policy and Accreditation Standards \(EPAS\)](#) by the Council on Social Work Education (CSWE). These competencies describe “the knowledge, values, skills, and cognitive and affective processes that make up the competency at the generalist level of practice.” CSWE has broken down the competencies into 20 generalist behaviors, which “are observable components of the competencies”.

Core Competencies	Behaviors
1 – Demonstrate Ethical & Professional Behavior	<ol style="list-style-type: none"> 1. Make ethical decisions by applying the standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics within the profession as appropriate to the context. 2. Demonstrate professional behavior; appearance; and oral, written, and electronic communication. 3. Use technology ethically and appropriately to facilitate practice outcomes. 4. Use supervision and consultation to guide professional judgment and behavior.
2 – Advance Human Rights and Social, Racial, Economic, and Environmental Justice	<ol style="list-style-type: none"> 5. Advocate for human rights at the individual, family, group, organizational, and community system levels. 6. Engage in practices that advance human rights to promote social, racial, economic, and environmental justice.
3 – Engage Anti-Racism, Diversity, Equity, and Inclusion (ADEI) in practice	<ol style="list-style-type: none"> 7. Demonstrate anti-racist and anti-oppressive social work practice at individual, family, group, organizational, community, research, and policy levels. 8. Demonstrate cultural humility by applying critical reflection, self-awareness, and self-regulation to manage the influence of bias, power, privilege, and values in working with clients and constituencies acknowledging them as experts of their own lived experiences.
4 – Engage in Practice-Informed Research and Research-Informed Practice	<ol style="list-style-type: none"> 9. Apply research findings to inform and improve practice, policy, and programs. 10. Identify ethical, culturally informed, anti-racist, and anti-oppressive strategies that address inherent biases for use of quantitative and qualitative research to advance the purposes of social work.
5 – Engage in Policy Practice	<ol style="list-style-type: none"> 11. Use social justice, anti-racist, and anti-oppressive lenses to assess how social welfare policies affect the delivery of and access to social services. 12. Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, racial, economic, and environmental justice.

6 – Engage with Individuals, Families, Groups, Organizations, and Communities	13. Apply knowledge of human behavior and person-in-environment, as well as interprofessional conceptual frameworks, to engage with clients and constituencies. 14. Use empathy, reflection, and interpersonal skills to engage in culturally responsive practice with clients and constituencies.
7 – Assess Individuals, Families, Groups, Organizations, and Communities	15. Apply theories of human behavior and person-in-environment, as well as other culturally responsive and interprofessional conceptual frameworks, when assessing clients and constituencies. 16. Demonstrate respect for client self-determination during the assessment process by collaborating with clients and constituencies in developing a mutually agreed-upon plan.
8 – Intervene with Individuals, Families, Groups, Organizations, and Communities	17. Engage with clients and constituencies to critically choose and implement culturally responsive, evidence-informed interventions to achieve client and constituency goals. 18. Incorporate culturally responsive methods to negotiate, mediate, and advocate with and on behalf of clients and constituencies.
9 – Evaluate Practice with Individuals, Families, Groups, Organizations, and Communities	19. Select and use culturally responsive methods for evaluation of outcomes. 20. Critically analyze outcomes and apply evaluation findings to improve practice effectiveness with individuals, families, groups, organizations, and communities.

VI. ANTI-RACISM, DIVERSITY, EQUITY, AND INCLUSION (ADEI)

The School of Social Work is dedicated to promoting diversity, inclusion, equity, and justice. In coursework, fieldwork, as well as extracurricular activities and functions, the School is committed to the ongoing work of integrating and teaching anti-racist/anti-oppressive practices. Faculty, staff, and students are expected to model these practices and uphold the values of inclusion, equity, and justice as per the standards of the [NASW Code of Ethics](#), [CSWE Competencies](#), and [FIU's standards](#). The School of Social Work acknowledges ADEI is always a work in progress.

VII. FIELD EDUCATION

Field Education is considered the signature pedagogy of Social Work Education according to the Council on Social Work Education (CSWE, 2022). The field practicum provides an opportunity for supervised practice in the delivery of social services. During the internship, students can engage in all the [9 competencies set forth by CSWE](#). Through this experience, most students confirm their choice of social work as a career. A few students, however, may reconsider their career choices and decide to transfer to other fields. Such an outcome can be constructive and should not be considered a failure for either the student or the Field Instructor.

The field practicum requires a commitment by the student to ensure the integration of the skills necessary to practice in the social work profession. This may certainly require students to make considerable adjustments in their current employment and personal schedules. The intense

intellectual and emotional challenges inherent in the initial practicum experience allow the student to test and validate their career choice and direction.

Important Field Education Roles:

Coordinator of Field Education (MSW Field) and Assistant Coordinator of Field Education (BSSW Field)	People responsible for overseeing the Office of Field Education. They are responsible for administering the BSSW and MSW field education programs and matching BSSW and MSW students to appropriate agencies. They generally facilitate some field seminars.
Office of Field Education Program Assistant	Person responsible for the administering the Office of Field Education, including mass communications to students and Field Instructors, organizing trainings, and coordinating background/health screenings as needed.
Field Liaison:	Hired by the School of Social Work as an adjunct on behalf of the Office of Field Education who is responsible for visiting student at agency at least once during semester. Also serves as contact person for student and agency to discuss any issues/concerns during field placement.
Field Instructor:	MSW with at least 2 years of post-masters' experience responsible for educational supervision of student in the practicum setting.
Task Supervisor:	If Field Instructor is not on-site at agency or in the assigned program, person responsible for day-to day supervision.
Field Seminar Instructor:	Faculty who teaches the field seminar courses, reviews forms, communicates with Office of Field Education faculty regarding student concerns, assigns student grades and reviews student's evaluation of the agency.

All Field Forms are available on the [Intern Placement Tracking \(IPT\)](#) system. Access to that system is provided to students upon applying to field practicum. Contact the Office of Field Education at sowpracticum@fiu.edu for further information. Samples are available in the appendix of this manual. Forms on IPT will only be accepted through the IPT system.

A. BSSW Field Requirements

The BSSW curriculum has been developed to prepare students for entry level generalist practice. The field component of the undergraduate program is organized into two required consecutive placements (SOW 4511L and SOW 4512L) and seminars (SOW 4522 and SOW 4523). **No Field Education credit is given for life experience or previous work experience.**

The two required placements and seminars are taken in the student's senior year after successful completion of all University core and lower division requirements (including

University Core Curriculum, foreign language, global learning, and civics) and the following prerequisite requirements for the School of Social Work:

1. Pre-Requisites

Completion of one college level course with a minimum grade of “C” in: statistics, one course in human biology with human content, psychology, sociology, economics and American government, and successful completion (a grade of “C” or better) of the following core courses in the School of Social Work/Robert Stempel College of Public Health & Social Work by start of field practicum:

SOW 3113 - The Social Environment and Human Behavior I
SOW 3100 - The Social Environment and Human Behavior II
SOW 3232 - Social Welfare Policy and Services I
SOW 3233 - Social Welfare Policy and Services II
SOW 3203 - Introduction to Social Work
SOW 3313 - Social Work Practice with Families and Individuals
SOW 3350 - Interviewing Techniques Lab
SOW 3403 - Social Work Research
SOW 3620 - Social Work and Human Diversity

In addition, the student must maintain a minimum cumulative GPA of 2.75 by the date of application to the field. Students are also expected to demonstrate [readiness for field practicum experience](#).

2. Course Requirements

Both mandatory consecutive field placements require a total of 256 clock hours each semester (16 hours/week for fall/spring semesters and 21.5 hours/week for summer semester) or 512 hours totally. This exceeds the minimum of 400 hours CSWE requires for undergraduates. Specific scheduling of the weekly requirement of hours is coordinated between the student and the Field Instructor. In addition, students are required to attend biweekly seminars each semester. **All students will remain at the same agency for both field placements.**

Concurrent with the first and second field placement, students take a three (3) credit hour methods of social work practice course per semester, the first course focuses on working with groups and the second course on communities and organizations.

Students in the first field placement concurrently take:

SOW 4511L - Practicum I
SOW 4522 - Field Seminar I
SOW 4322 - Social Work Practice with Groups

Students in the second field practicum concurrently take:

SOW 4512L - Practicum II
SOW 4523 - Field Seminar II
SOW 4332 - Social Work Practice with Communities and Organizations

*Please note: students must take PHC 3101 Introduction to Public Health to graduate.

1. Development of specific skills for generalist social work practice to individuals, families, groups, and communities and organizations including skills in engagement, goal setting, contracting and termination. (Bs 13 - 20)
2. Development of an awareness of professional self, including the application of social work ethical principles. (Bs 1-4, 8, 16)
3. Application of critical thinking in the development of knowledge-practice skills. (Bs 1, 4, 8, 9, 11-13, 15, 17, 19, 20)
4. Utilization of professional oral and written communications that is consistent with the social work profession and the field setting. (Bs 2)
5. Enhancement of leadership qualities, advocacy, and commitment to anti-racist, anti-oppressive practice and social change. (Bs 5-8, 11, 12, 18)
6. Appropriate utilization of supervision with the Field Instructor. (B 4)
7. Demonstrate beginning knowledge of research skills to identify intervention techniques for evidence-based practice. (Bs 9)
8. Understand oppression and discrimination and apply the strategies and skills of change that advance social, environmental, racial, and economic justice. (Bs 5-12)
9. Integrate beginning skills and knowledge for generalist social work practice in the areas of: human behavior and the social environment, social welfare policy, and research with the practicum experience. (Bs 9, 11 - 13)
10. Exhibit knowledge of beginning generalist practice skills with diverse client systems within the realm of social work values and ethics through direct practice. (Bs 1, 3, 8, 13 - 20)

F. The Professional Social Work Portfolio

The [Professional Social Work E-Portfolio](#) links assignments from throughout the curriculum with the competencies, including students' discussions of the connection between the assignments and competencies as well as the connection between their field practicum experience and the competencies. The students also complete their summative reflection with

a discussion of their students' experience in the program and progress on their goals. Students complete the E-Portfolio during their last semester of the Program, submitting it in Field Seminar II (SOW 4523). **Students must pass the E-Portfolio to pass Field Seminar II (SOW 4523) to graduate.**

Panels of faculty complete the grading. They check for the learning products and field experience discussion and their correspondence to a competency but do not re-evaluate the assignments. The panels use the [E-Portfolio Assessment Rubric](#) to evaluate the E-Portfolios. For each competency, the panelists' scores will be averaged. The final score will be based on the total summary score and any averaged score below a "3" will be noted. Students must receive at least a total summary score of 27 or more and only one score below three (3) on one competency to pass the E-Portfolio and to graduate. If a student does not pass the E-Portfolio, the student must revise and re-submit it by approximately week ten in fall/spring and week six for the summer. The E-Portfolio will then be reviewed again. If the student does not pass the E-Portfolio a second time, the student will be assigned a mentor and given a third opportunity to revise and submit the E-Portfolio by week fifteen in fall/spring and week eleven in summer. Students who do not pass the E-Portfolio after a third attempt will receive an "F" in SOW 4523 and not be able to graduate from the social work major. Students may be referred to a Student Review Committee if deemed appropriate.

VIII. RESPONSIBILITIES AND REQUIREMENTS IN THE FIELD

A. The Field Agency and the School of Social Work

The School of Social Work recognizes the important contributions field agencies make to the total educational program. The School is currently affiliated with more than 200 field sites in the Dade, Broward, Monroe, and Palm Beach areas that serve a cross-cultural, multiethnic population. The affiliation reflects a professional climate that is conducive to learning and professional development and that is supportive of the educational goals of the School.

1. Agency Identification and Selection

Potential field agencies are identified through community networking, current Field Instructors' referrals, student recommendations, referrals from community partnerships, and through communication in School of Social Work Committees and Advisory Boards. There is also an opportunity on the School of Social Work website to fill out a form requesting that the Office of Field Education assess a particular agency as a potential placement.

Before a student is placed in an agency, the Coordinators explore with agency personnel the types of learning experiences that can be provided, the availability of qualified Field Instructors, and the time available for students. The assessment of the agency's ability to provide learning opportunities is made through the agency's completion of the [Agency Data Sheet](#), their review of the [Learning Contracts](#), and handouts with generalist competencies and corresponding behaviors. An on-site assessment of the agency is also completed by a Coordinator of Field Education.

Agencies are selected based on their recognized interest in professional standards of practice, nondiscriminatory practices, and an ability to provide the student with opportunities to engage in all 20 behaviors and meet the nine competencies.

2. Affiliation Agreements

If the Office of Field Education approves the site, a formal written affiliation agreement is prepared and signed by university officials and appropriate administrators of the agency or institution. Additionally, the Field Instructor(s) must sign up for the next Field Instructors' Training.

No students can be placed at the agency until the site is approved by the Office of Field Education, the Field Instructor has registered for the next Field Instructors' Training, and the affiliation agreement is fully executed. The Office of Field Education has the final decision-making responsibility in approving the agency internship site.

3. Responsibilities of the Agency

The field agency assumes the following responsibilities:

a. Agency Liaison

The agency designates a liaison person who is primarily responsible for communication between the agency and the Office of Field Education regarding the program for student placement. This may or may not be the person responsible for the instruction of a particular student.

b. Physical Facilities and Resources

The agency provides adequate working space for students, with provision for privacy and for use of telephones in providing agency service. In some instances, students may share offices with other agency personnel, provided that other space is available for interviews, group meetings, and other responsibilities. The agency is expected to have clear policies regarding the student's use of agency resources - clerical assistance, use of agency library, etc.

c. Plan for Agency Field Instructors

The agency designates those persons who may be asked to assume responsibility for supervision of individual students. The Coordinators of Field Education review the qualifications of the potential Field Instructor considering the requirements of the School. The agency regulates the workload and assignment of Instructors to be sure that they have time and resources to fulfill the role of Field Instructor. The agency must consider not only the time spent in planning and supervision of the individual student, but also time for seminars and other learning experiences that the School provides for its Field Instructors.

d. Orientation, Safety, and Assignments of Students

Orientation: Although the individual Field Instructor bears responsibility for the orientation of the student, the agency may provide general orientation sessions, especially in settings in which several students are in placement. The agency makes clear to the School and the student what role the student can have in the setting.

Safety: The agency provides reasonable measures to protect the student's safety. The [Safety Checklist](#) assignment is completed by all students with their Field Instructors within the first two weeks of field placement to ensure that students are aware of

agency policies and procedures and what the student should do if an emergent situation occurs. This checklist includes all aspects of safety in social work practice, including safety at the agency, during home visits, community-based visits, and personal safety and is completed in IPT and remains there for reference the during the internship.

Assignments: The agency makes cases, groups, and agency or community projects available to Field Instructors for selection and assignment of students. Changes in supervision are communicated to the Office of Field Education as soon as possible to make necessary arrangements for changes in assignment, if indicated.

e. Face-to-Face and Remote Internship Requirements

The agency provides student engagement with clients (individual, family, groups, organizations, and communities) for at least 75% of the total weekly internship hours (16 hours/week for fall/spring semesters and 21.5 hours/week for summer semesters). Remote internships will only be approved when students can complete client engagement using telehealth services that include video conferencing. Phone and/or chat cannot be the sole form of client contact as this does not meet the School's internship requirements. If the agency uses telehealth services, they will provide agency policies for telehealth to students.

4. Responsibilities of the University

Although Field Instructors are not appointed as members of the faculty, the University provides educational direction, and gives training and recognition to Field Instructors through:

- Two-day Field Instructor trainings that earns each participant a total of 12 continuing education units (CEUs).
- Other CEU trainings as scheduled.
- Assignment of Field Liaison from the University.
- Tuition fee waivers which are available to Field Instructors who complete 300 clock hours of supervision. This entitles the Field Instructor to register at any state university for up to 6 hours in one term of instruction, including courses offered through continuing education programs of the state university. Certificates of participation or tuition fee waivers must be used within three (3) years of date of issuance.
- Access to the University Library and Media resources.

B. Office of Field Education

1. Responsibilities of the Office of Field Education

The Office of Field Education is responsible to:

- Develop affiliations with agencies in the community.
- Offer training to Field Instructors.
- Orient students to field education and make available all performance objectives, policies, procedures, evaluations, the [NASW Code of Ethics](#), and other pertinent information.
- Arrange field practicum experiences for students.
- Monitor practicum experiences and offer support and counsel to Field Instructors and students.

- Teach seminars.
- Serve as a conduit for the flow of information between the School and community agencies.
- Maintain records concerning cooperating agencies and Field Instructors.
- Assign grades to individual students for their practicum experience as well as for the seminars.
- Keep all faculty members informed about the development of the field program and participate actively in curriculum work that contributes to the integration of classroom and field learning.
- Engage in continuous evaluation of the field program.
- Conduct special studies, as appropriate, to strengthen the program.

2. Responsibilities of the Field Education Faculty and Staff

The field education faculty and staff are made up of the Coordinator of Field Education (MSW Field), the Assistant Coordinator of Field Education (BSSW Field), Field Liaisons, and the Office of Field Education Program Assistant, and work as a team to assure a high-quality educational experience for students. The Associate Director of the School of Social Work also oversees the field component of the School.

a. Coordinator of Field Education (MSW Field)

The Coordinator of Field Education (MSW Field) oversees all aspects of the field education program, including the MSW field program. Their specific responsibilities are to:

- Plan and implement the MSW field orientation for students.
- Assure that the School's philosophy, policy, learning objectives, and competencies are reflected in the implementation of the field education programs.
- Work with MSW Field Liaisons to resolve concerns and problems related to field education.
- Participate in the resolution of problems and concerns that cannot be reconciled by the Field Liaison and/or Field Instructors and students.
- Select field agencies appropriate for MSW students, negotiate affiliation agreements, and monitor each agency as an educational resource.
- Prepare, publish, and distribute documents for the BSSW/MSW field education programs, including field education manuals, field orientation, etc.
- Plan and implement seminars for students in field courses with field faculty.
- Assist in planning and implementing workshops and ongoing seminars for Field Instructors that are new in the role for the School of Social Work.
- Participate in planning for ongoing field education activities at the School for experienced Field Instructors.
- Plan and implement innovations to enhance the field education program.
- Negotiate changes in MSW field internship assignments of students after thorough evaluation and discussions with all involved, when the need arises.
- Review MSW student field applications for readiness to enter field.
- Match MSW students with agencies.
- Recommend and implement standards for field agencies and Field Instructors.

- Provide educational opportunities for Field Instructors.
- Ensure that Field Instructors and agencies meet the [standards set by CSWE](#).
- Function as the central contact for information requests concerning MSW field education.
- Oversee the Field Advisory Committee.
- Serve on Student Review Committees as needed.
- Monitor educational outcomes of field courses to assure consistency with program curriculum and maintenance of standards set by the program, School, and CSWE.
- Represent the School at the Florida Field Consortium and other field education related meetings internal to or external to the School.

b. Assistant Coordinator of Field Education (BSSW Field)

The Assistant Coordinator of Field Education (BSSW Field) oversees the BSSW Field Program and works in collaboration with the Coordinator of Field Education (MSW Field) to handle the general administration of the field education program.

Their specific responsibilities are to:

- Plan and implement the BSSW field orientation for students.
- Assure that the School's philosophy, policy, learning objectives, and competencies are reflected in the implementation of the BSSW field education program.
- Work with BSSW Field Liaisons to resolve concerns and problems related to field education.
- Participate in the resolution of problems and concerns that cannot be reconciled by the Field Liaison and/or Field Instructors and students.
- Select field agencies appropriate for BSSW students, negotiate affiliation agreements, and monitor each agency as an educational resource.
- Prepare, publish and distribute documents for the BSSW field education program, including the BSSW Field Education Manual, field orientation, etc.
- Plan and implement BSSW seminars for students in field courses with field faculty.
- Assist in planning and implementing workshops and ongoing seminars for Field Instructors that are new in the role for the School of Social Work.
- Participate in planning for ongoing field education activities at the School for experienced Field Instructors.
- Plan and implement innovations to enhance the BSSW field education program.
- Negotiate changes in BSSW field internship assignments of students after thorough evaluation and discussions with all involved, when the need arises.
- Review BSSW student field applications for readiness to enter field.
- Match BSSW students with agencies.
- Recommend and implement standards for field agencies and Field Instructors.
- Provide educational opportunities for Field Instructors.
- Ensure that Field Instructors and agencies meet the [standards set by CSWE](#).
- Function as the central contact for information requests concerning BSSW field education.

- Assist in the coordination of activities of the Field Education Advisory Committee.
- Serve on Student Review Committees as needed.
- Monitor educational outcomes of BSSW field courses to assure consistency with program curriculum and maintenance of standards set by the Program, School, and CSWE.
- Represent the School at the Florida Field Consortium and other field education related meetings internal to or external to the School.

c. Field Liaison

The Field Liaison provides the necessary link between the agency and the School, serving as consultant to the Field Instructor and to the student. The Field Liaison can share/clarify with the Field Instructor information on the curriculum and field policies of the School that may influence the student's experiences in the agency. Field Instructors can share with the Field Liaison changes at the agency which may impact the student's learning experience, which then gets communicated to the Office of Field Education.

The Coordinators of Field Education assign a Field Liaison to each student and Field Instructor. The Field Liaison is a member of the field education staff as adjunct faculty. The student is notified by their Field Liaison and Field Seminar Instructor and must share this information with the Field Instructor. The Field Liaison notifies each student, the Field Instructor, and the agency via email or telephone during the first week of classes. The Field Liaison assists the student's Field Instructor and agency to meet the behaviors of the practicum and works to ensure that there are opportunities to integrate theory and practice. Field Liaisons monitor assignments given to students during the placement and are available to work with the Field Instructor to ensure that assignments are adequate in number, diversity, and intensity to meet the student's educational needs.

Specific Field Liaison responsibilities are to:

- Perform a site visit with the student and the Field Instructor at least once a semester around the mid-semester point (week 8 in Fall/Spring and week 6 in Summer) and more often when indicated.
- Consult with the Field Instructor and agency to facilitate implementation of [Learning Contract](#) competencies and behaviors.
- Assist Coordinators of Field Education in developing a [Field Internship Support Plan](#) to address identified areas of concern if the student is experiencing difficulties.
- Provide a written [Site Visit Report](#) concerning each student visit, as well as additional documentation regarding the student's progress (e.g., Field Internship Support Plan) as needed.
- Assure the students' conduct is in keeping with the [School's standards](#) as well as the [NASW Code of Ethics](#).
- Inform the agency of the Program's expectations regarding the content and structure of the field internship.

- Inform and confer with Coordinators of Field Education about any significant changes in the agency, the field experience, or student individual performance.
- Confer with the student and the Field Instructor about the student's experience and performance in accordance with the Program's [Learning Contract](#).
- Review the [Mid-Semester Field Evaluation](#), [Final Field Evaluation](#), [Log of Student's Field Practicum Hours](#), [Log of Supervision Hours](#), and [Safety Checklist](#) and alert Coordinators of Field Education of any identified issues.
- Review student's [Evaluation of Field Practicum Experience](#) and identify opportunities to improve the internship experience and improve student matching.

Timeline of Field Liaison Responsibilities:

During the first 2 weeks of the semester, Field Liaisons:

- Meet with the BSSW and MSW Field Coordinators to review liaison assignments, requirements for the semester, due dates, School policies for field.
- Contact all students via phone and e-mail (see email template provided) to make introductions and provide contact information.
- Schedule 3-4, one-hour Zoom sessions (no more than 12 students at each one) during the first 2 weeks of the semester and notify all assigned liaison students of the following: *All students are required to meet via Zoom with their assigned faculty field liaison during the first 2 weeks of the semester. This to introduce myself, clarify my role and how I can support you throughout the semester, and answer any questions you may have. Please email me which meeting time you can attend with the second time listed since meetings are limited to 12 students.*
- Offer additional opportunities for each student to meet with you individually (on or off-campus) prior to site visit.
- If student has a DRC field accommodation, ask if the accommodation is being met so far.
- Contact all Field Instructors for whom you are serving as liaison/introduce self and provide contact information.
- Connect any new Field Instructors to the Office of Field Education Program Assistant, if they do not yet have access to IPT.
- Inform a Coordinator of Field Education if student is delayed in beginning placement.

During weeks 2-3 of the semester, Field Liaisons:

- Review and sign the Safety Checklist in IPT for all assigned students; follow-up with those for whom it is not completed and cc Seminar Instructors. Safety Checklist is always due the Friday of week 2 of each semester.
- Review and sign the Learning Contracts in IPT for all assigned students; follow-up with those for whom it is not completed and cc Seminar Instructors. Safety Checklist is always due the Friday of week 2 of each semester.

During weeks 4-5 of the semester (weeks 2-3 during summer semester), Field Liaisons:

- Contact all students and Field Instructors (via email or phone) to assess if any challenges are occurring and if support is needed.
- If student has a DRC field accommodation, ask if the accommodation is still being met. This cannot be done with other students present.
- Contact Field Instructors and students to set up **site visits** for students in their first semester at the agency, the site visit must be in person and at the agency with the field instructor and student together. If a student needs additional support/is demonstrating challenges, this requires the site visit to be conducted with only the field instructor and student in agencies where more than one student is placed.
- Students cannot schedule a site visit that interferes with classes so confirm this when scheduling.
- At agencies with multiple students, the students may need to come in that day even if they are not schedule to be there.
- Liaisons should not have to make multiple trips to the same agency for site visit.
- Site visits must be done with Field Instructor and student present.
- Site visits can be done as a group but individual is preferred, when possible.
- Send meeting confirmation emails (calendar invites) to everyone with the date, time and location and ask for confirmation from students.
- Send the students an email regarding how they should prepare for the visit (see standard email example), which includes the Learning Contract and an assessment of their progress to date (this can be part of the confirmation email you send.)
- Be sure to assess whether a student may want to site visit to be conducted with only the field instructor and student in agencies where more than one student is placed.

Site Visit Overview and Requirements

Required site visits should occur towards the middle of the semester. Mid-Semester Field Evaluations are reviewed, if completed at the time, to inform the assessment of the students' progress toward demonstrating all competencies. Field Liaisons should review the logs of hour prior to the site visit and address any lapses on the logs in the visit.

Field Liaisons will:

- Meet with the student and the Field Instructor. Task supervisors, if assigned by the agency, may also be present to provide feedback regarding student's performance.
- Try to meet in a space that offers the most privacy possible.
- Review the School's policy to provide at least one site visit for all students each semester they are in the field.
- Expect the Learning Contract is ready to be reviewed when assessing students' progress demonstrating all competencies.

d. Field Seminar Instructor

Field Seminar Instructors provide ongoing support to students during their field practicum experience over the course of a semester. This is done through case discussions, review of ethical dilemmas, policy implications of direct service, demonstrating cultural humility, practice as a professional social work intern, and discussion of internship challenges. The seminars are taught by the Assistant Coordinator of Field Education (BSSW Field) and another clinical faculty member. Field Seminar Instructors facilitate conversations that allow students to demonstrate their knowledge and understanding of pre-requisite and co-requisite courses of social work practice during the internship.

The Field Seminar Instructor's responsibilities are to:

- Plan field seminars in consultation with field education faculty.
- Communicate with Office of Field Education faculty regarding student concerns discussed in seminar.
- Assign student grades.
- Review the [Mid-Semester Field Evaluation](#), [Final Field Evaluation](#), [Log of Student's Field Practicum Hours](#), [Log of Supervision Hours](#), and [Safety Checklist](#) and alert Assistant Coordinator of Field Education (BSSW Field) of any identified issues.
- Review student's [Evaluation of Field Practicum Experience](#) and inform the Assistant Coordinator of Field Education (BSSW Field) of any concerns.

C. The Field Instructor

1. Requirements

Field Instructors are required to have a master's degree in social work from a CSWE-accredited program and two years of post-master's professional experience in social work. All new Field Instructors are expected to attend a 12-hour course on supervision, specifically geared towards field instruction. The Office of Field Education tracks Field Instructor's attendance at the supervisory course in the intern placement tracking (IPT) system and informs instructors of the need to attend a training after a 5-year lapse since the last attendance.

2. Criteria to Select Instructors

Field Instructors are chosen based upon the following criteria:

- Demonstration of skill in practice.
- Dedication to and identification with social work as a profession.
- Independence, creativity, and flexibility in the use of professional self.
- Knowledge and awareness of the following:
 - Students with a wide range of backgrounds and interests.
 - Institutional structures of a society.
 - Structure and functions of a particular social agency.
 - Organization of resources for educational purposes.
 - Authority inherent in the role of educator.
 - Divergent philosophies of life.
- Interest in and the potential for teaching that includes the following:
 - Ability to conceptualize theory and practice.

- Interest in designing and organizing assignments and other learning activities in field instruction to meet competencies, behaviors and tasks outlined in the [Learning Contracts](#).
- Commitment to increasing knowledge of learning theory and skill in teaching.
- Implementation of anti-racist and anti-oppressive social work practice skills.
- Attendance to various meetings that may be scheduled to enhance field internship.

3. Field Instructor Orientation, Training, and Evaluation

New Field Instructors are recruited through the exploration of new sites by the Coordinators of Field Education as well as through relationships with current affiliated practicum sites. All new agencies and Field Instructors are provided information about the School and the program as well as an overview of the Field Education program. All new Field Instructors are required to attend the Field Instructors' Training prior to a student being placed at the agency. The 12-hour course is offered two times per academic year and includes modules on supervision, evaluation, self-care, ethics and risk management, cultural humility, evidence-informed practice, social policy, internship requirements, and other information regarding field instruction. Additional training is offered several times per year by faculty to Field Instructors in the form of continuing education units (CEUs), which are offered to Field Instructors for licensure purposes.

Each semester the Office of Field Education contacts field agencies to determine how many spots they may have for interns in the following semester. The Office of Field Education also send e-mails to field settings regarding on-going continuing education opportunities available. Field Liaisons also complete a site visit once a semester. For first semester undergraduate students, all site visits are in-person. If an intern is in their second semester at the same placement and no concerns have arisen, the site visit can be via Zoom.

Field Instructors are provided support by Field Liaisons and the Assistant Coordinator of Field Education (BSSW Field) through email, phone, and virtual meetings throughout the semester to clarify program requirements, provide site visits, consult about agency changes, and any other needs identified by the School or the Field Instructor. Emails with dates of the current semester, internship hours required, changes in policies and procedures, important dates and opportunities for training are provided to the Field Instructors/agencies at the beginning of every semester. Additional tools of support are also provided such as the Field Instructor's Checklist, available on the School's website, a document that outlines the responsibilities required of the Field Instructor from the beginning to end of a student's field experience, and the Task Supervisor's Checklist, which is to be given to a task supervisor (if applicable) to guide them in their responsibilities with the interns.

Additionally, the Office of Field Education holds "Field Instructor Fridays" twice a semester for one hour, wherein Field Instructors can drop in on a Zoom to ask questions regarding the interns/internship experience and receive support from the Coordinators and colleagues in the community. The Field Instructors also have an opportunity to engage with the School by serving on the Field Advisory Committee. The Field Advisory

Committee meets once each semester and is made up of Field Instructors from a variety of field placements (substance use recovery and behavioral health, child welfare, medical social work, disability services, geriatric services, victim services, and family services) to provide the Office of Field Education with feedback on field policies, issues, curriculum, and best practices in the field.

Field Instructors are also invited to an annual Field Instructors' Appreciation Breakfast each spring where their contributions are recognized. A Field Instructor is given the BSSW Field Instructor of the Year Award at that time.

Field Instructor and field setting effectiveness is evaluated in several ways. The Student Evaluation of Field Practicum Experience is a form completed by all students at the end of the semester and provides the students with the opportunity to share feedback regarding their field instruction and field setting. Field Instructors do not have access to this document so that students have a way to provide feedback to the Office of Field Education. Field Instructor and field setting effectiveness is also evaluated during the required site visit. Field Liaisons communicate concerns directly with the Coordinators. The Coordinators also evaluate Field Instructors' performance and field setting efficacy through conversations, virtual meetings, and other communications that take place during each semester. The Assistant Coordinator of Field Education (BSSW Field) reviews these evaluations. If a student provides negative feedback about a field setting or Field Instructor, the Assistant Coordinator will contact the student for further information. If the concerns are on-going and significant, the Assistant Coordinator will work with the agency and/or Field Instructor to address these concerns. If the identified issues are unable to be resolved, the agency and/or Field Instructor will no longer be an option for students.

4. Responsibilities of the Field Instructor

The Field Instructor is expected to:

- Have a willingness and ability to teach social work concepts and practice on a one-to-one basis.
- Maintain an interest in and keep abreast of new developments in the social work profession and in social work education.
- Attend and participate in Field Instructor trainings and activities offered by the School to enhance the Field Instructor's professional development.
- Negotiate field education expectations with other departments and personnel within the agency including background screenings, specialized training, orientation, and administrative concerns.
- Schedule and provide one hour weekly face-to-face supervision meetings with the student, as protected time for teaching, educational support, and administrative supervision. A Field Instructor who has more than one student may use group meetings at the BSSW level. Staff meetings, case conferences, trainings, or other group meetings where agency staff are also present do not meet this requirement.
- Advocate for the student to gain access to learning experiences within the agency and the professional community.
- Provide an educational climate that challenges the student to expand professional skills, knowledge, and values.

- Use the [Learning Contracts](#) to plan a series of educational assignments for each student that will provide learning experiences appropriate to their level of professional development. In some instances, the Field Instructor may need to develop special assignments different from those of regular staff members.
- Ensure that students engage with clients (individual, family, groups, organizations, and communities) for at least 75% of the total weekly internship hours (16 hours/week for fall/spring semesters and 21.5 hours/week for summer semesters).
- Ensure that client services using telehealth include video conferencing. Phone and/or chat cannot be the sole client contact as this does not meet internship requirements. If the agency uses telehealth services, they will provide agency policies for telehealth to students.
- Be available to the student in emergency situations or arrange emergency coverage if the agency-based field education will not be available to the student to assist with emergencies.
- Make arrangements for coverage with another qualified agency-based Field Instructor during vacation or other extended absence. If the absence is two weeks or less and another qualified Field Instructor is not available within the agency, the interim supervision may be provided by a Task Supervisor. If the absence is to last more than two weeks and another qualified educator is not available within the agency, the agency Field Instructor should notify the Office of Field Education as soon as possible of the need for qualified supervision coverage until they can return to the agency. The Office of Field Education and the agency will endeavor to arrange interim coverage but may have to make other agency-based field education arrangements for the student if this is not possible.
- In the event that the identified qualified Field Instructor becomes unavailable in the field setting, Assistant Coordinator of Field Education (BSSW Field) will identify whether there is another individual within the agency that meets the School of Social Work Field Instructor requirements. The potential Field Instructor will meet with the Assistant Coordinator of Field Education to discuss the responsibilities of the role. The alternative Field Instructor is expected to fulfill the same responsibilities as all Field Instructors such as providing the required weekly hour of supervision, giving ongoing support during the student's internship for the duration of the student's placement, and completing all remaining evaluations for the student. If the agency is unable to identify such an individual, the Assistant Coordinator works to move the student promptly to another agency that has a qualified Field Instructor available.
- Be available (or make plans for a Task Supervisor to be available) if student needs consultation between regularly scheduled conferences.
- Read and be familiar with the School of Social Work's Field Education Manual.
- Help the student integrate theoretical knowledge and knowledge from previous experience with their present practice.
- Require students to prepare an agenda for weekly supervision.
- Provide students continuous feedback on their performance.
- Utilize, review, and comment on process recordings as required by the student's [Learning Contract](#).

- Maintain supervisory records of the student's experience with the agency.
- Maintain contact with the Office of Field Education for discussion of questions arising about the requirements of the School or about the learning needs of an individual student.
- Prepare the [Mid-Semester Field Evaluation](#) and [Final Field Evaluation](#) of the student's performance and return them to the School of Social Work by the deadline dates.

D. The Task Supervisor

1. Requirements

Task Supervisors are agency personnel who assume responsibility for the day-to-day direction and supervision of students only when there is no MSW Field Instructor in an agency position available to perform that day-to-day supervision. Therefore, not every student will have a task supervisor. Task Supervisors have the same basic responsibilities as Field Instructors except for the professional social work instruction of the student. Typically, the Task Supervisor is not an MSW with two years of post MSW experience.

2. Responsibilities of the Task Supervisor

The Task Supervisor is expected to:

- Participate in planning the field education experience.
- Provide some supervision of the student's daily activities.
- Review with the Field Instructor the assignment of cases and projects that are congruent with the student's educational goals.
- Orient students to the agency and their assignments.
- Provide on-the-spot positive and constructive feedback to students regarding their performance.
- Focus on the students' skill development.
- Maintain records of student activities for the Field Instructor.
- Consult with the Field Instructor about the student's skill development and coordinate planning for promoting optimal student development.
- Assist in the preparation of the [Mid-Semester Field Evaluation](#), [Final Field Evaluation](#).
- Provide ongoing feedback to the Field Instructor about the students' progress in meeting learning goals and/or any performance issues requiring follow-up.
- Be available to students in emergency situations or arrange coverage for the students for emergencies that may arise in their absence.

E. The Student

Students enrolled in the School of Social Work must adhere to standards of conduct that reflect upon the University, School, the social work profession, and themselves. They are expected to behave appropriately, respect others' rights and privileges, and abide by the rules and regulations of the University, School, and community. Any breach of conduct as delineated in the [NASW Code of Ethics](#) and/or the [FIU Student Conduct and Honor Code](#) will subject a student to disciplinary action, including, in appropriate cases, dismissal from the School.

1. Responsibilities of the Student

Students must:

- Adhere to the [Student Conduct and Honor Code](#) and the [NASW Code of Ethics](#).
- Complete and submit the [Application for Field Placement](#) by the School's announced deadline.
- Not accept employment at the same agency where they are currently performing their field internship.
- Attend all mandatory field orientation meetings and sign the [Field Practicum Orientation Acknowledgement Form](#).
- Enter practicum with a readiness to learn and to become involved in all appropriate aspects of the field practicum.
- Comply with all agency policies and procedures, including but not limited to physicals, drug screens, HIV testing, liability insurance, dress codes, immunizations, fingerprinting, criminal background checks, body adornment policies, and oaths of allegiance. (Every effort will be made by the Office of Field Education to notify students of agency screening if they may have difficulties with any of these requirements).
- Sign and fulfill the [Learning Contract](#) for the field placement.
- Sign and fulfill the [Field Internship Contract](#).
- Be sensitive to the norms and climate of the agency and conduct themselves in a manner appropriate to the setting.
- Prepare for and participate in weekly supervision with Field Instructors.
- Prepare for and participate in meetings with Field Instructor and/or task supervisors and Field Liaisons and communicate openly about any aspect of the field practicum. Communication is paramount to a successful placement and problems cannot be rectified if the Office of Field Education is not made aware of them. Take precautions regarding personal safety and share related concerns with Field Instructor.
- Observe principles of confidentiality not only in dealing with matters relating to clients but also in discussing the program of the agency with other persons and in the field seminars.
- Maintain time requirements as specified by the School and Field Instructor and discuss with the Field Instructor and the Office of Field Education in writing and in advance any planned deviations from the time schedule. Students are to notify the Field Instructor of all times when they are late or absent from the agency and plan to make up the time in accordance with University policy.
- Keep track of all hours accumulated during placement using the [Log of Student's Field Practicum Hours](#) and [Log of Supervision Hours](#).
- Attend all field seminars that correspond to the field practicum course section for which they are registered.
- Complete an [Evaluation of Field Practicum Experience](#) form at the end of each semester. Failure to do so will result in an "F" for the course.
- Notify the Office of Field Education within 48 hours, if at any time during the field placement process or internship, they are convicted of or charged with a criminal offense or have become the subject of any criminal proceedings.

- Respond to all communication from the Office of Field Education and the agency placement within 48 business hours.

If a student feels that a field placement is not meeting their needs, they must follow the procedures outlined in [Student Concerns Regarding Practicum](#) section of the manual.

In a **required online orientation** prior to entering field practicum, expectations for students are explained in detail.

The student must be actively involved in the educational process necessary to attain required social work skills. Therefore, students must continually assess their learning needs, strengths, and problems as reflected in the [Learning Contract](#). This continuous assessment provides a foundation for both the student and the Field Instructor for the development of supervisory conferences and a successful field practicum. Students need to be pro-active and openly discuss their learning needs or any problems they encounter at their placement with the Field Instructor and Office of Field Education.

2. Liability Insurance for Students in Field Placement

The University maintains professional liability insurance which provides some coverage for the activities of student interns. Students might be interested in securing additional liability insurance for further protection against personal suits. Information regarding relatively low-cost insurance for students is available through the Office of Field Education. Agencies designate on the [Agency Data Sheet](#) submitted to the School whether malpractice insurance is required by the student. In such instances, it will be the student's responsibility to obtain the necessary insurance coverage and show proof of such to the designated agency.

3. Background Checks, Fingerprinting, Drug Screening, and Immunizations

Almost all agencies require a criminal background check prior to approval for field placement (see [Chapter 435 of the Florida Statutes](#)). Students with certain convictions may be ineligible for field placements due to state law and agency restrictions. Students must submit to state and federal background checks. Agencies may also require current screening for drug use, health screenings, immunizations, and other additional requirements. Students are required to submit to all agency screening requirements prior to the initiation of the practicum. While some agencies may cover the cost of the background checks, drug screenings and health screening requirements, others make this the responsibility of the student.

If an agency requires such screenings, a student's failure to provide documentation of health screenings or complete the background screening and/or drug screening tests prior to the beginning of practicum may delay the start of the internship or result in the student's inability to participate in field practicum at that time. Background checks and immunizations often take several weeks; therefore, students are strongly advised to complete the paperwork as early as possible. Findings in the background checks and/or drug screening tests may affect a student's ability to participate in field internship and, thus, complete the social work program. Applicants are advised that Florida and most other states may restrict or deny social work licensure for persons with a felony

conviction. For more information, applicants are advised to review [Chapter 456.013 \(3\) of the Florida Statutes](#).

If a student's drug screening comes back positive or diluted, the student will not be allowed to continue with the field placement process and will be terminated from the BSSW program and eligible to reapply after one year.

Students with a criminal background are required to consult with the Associate Director, Jennifer Abeloff, upon entering the program.

Any student who appears to have a disqualifying offense per the *FDLE Level II Disqualifying Offenses* **must** have an exemption by the due date for the field application. If the exemption is not received by that time, the student will be unable to move forward in the program. The Office of Field Education is unable to assist students with their exemption applications and will not place a student with a disqualifying offense in a placement that does not require a background check.

4. Home Visits

Home visits and visits to collaborative agencies are frequently an agency expectation. Home visits offer students an opportunity to learn firsthand about the client's home environment and community. They present opportunities to be perceived as less of a stranger, to show interest, and to enter the life of clients as a participant observer. Home visits also provide an effective outreach strategy to engage reluctant, fearful clients, and are an invaluable assessment and treatment tool by many agencies. Students are usually expected to use their own car or public transportation to make home visits. Whenever possible, agencies arrange to pay students the same mileage allowance offered to their staff. If it is not possible to reimburse students for mileage, the distance traveled is often restricted.

5. Safety Policy

Social work students need to be aware of safety risks associated with their field internship. The location of an agency, although accessible to clients being served, might present safety risks. Home visits, street interviews, and community group work are some assignments associated with additional risks. Clients experiencing severe distress, the prevalence of drug and/or alcohol use, and frustrations about obtaining needed services constitute further risk factors. Due to students' frequent interactions with clients and staff, infectious diseases are another potential hazard. Such risks are not exclusively student risks but risks that social workers must cope with throughout their careers. Students are recommended to consult with health professionals prior to beginning their practicum to make sure they have appropriate health screenings and immunizations. Agencies and Field Instructors should inform students of any personal protective equipment (PPE) that they may need and whether the agency is able to provide them with it. Agencies and Field Instructors are also asked to inform students of known or unreasonable risks in their settings, to provide relevant warnings, instructions, and training to help ensure the reasonable safety of all agency personnel and clients. Students also have a responsibility to request information and seek instruction to ensure their own safety and to avoid behaviors and situations associated with an unacceptable, increased risk of injury or

illness. Finally, students should always communicate any safety issues or concerns with the Field Instructor and the Office of Field Education.

Additionally, in light of the liability and risks associated with certain activities as well as the educational needs of the students, the students are not allowed to:

- transport clients or their family members
- restrain clients
- perform the actual drug screening on clients
- bodily search clients

6. Disabilities

[The Disability Resource Center](#) (DRC) collaborates with students, faculty, staff, and community members to create diverse learning environments that are usable, equitable, inclusive, and sustainable. The DRC provides FIU students with disabilities the necessary support to successfully complete their education and participate in activities available to all students. If a student has a diagnosed disability and plans to utilize academic accommodations during field practicum, they should contact the DRC at 305-348-3532 (MMC) or at 305-919-5345 (BBC) to schedule an appointment. They can also visit the DRC in person in GC 190 at MMC or in WUC 131 at BBC.

The DRC will inform the Office of Field Education of specific internship accommodations students may need that are consistent with ADA guidelines. The School will then work with the DRC, the student, and potential placements, to make reasonable accommodations for the students' needs.

7. Pre-Placement Hours

At times, orientation and training is required before a student may begin their placement. These hours, once approved by the Office of Field Education, may be deducted from the required practicum hours.

8. Conference Attendance

If a Field Instructor wants to invite a student to a multi-day social work conference, and the conference enhances student learning, the student is expected to receive prior approval from a Coordinator of Field Education. Students are expected to attend all sessions of any conference they are given permission to attend, and to discuss the learning experience with their Field Instructor.

9. Jury Duty

Students must inform Field Instructors and Field Liaisons prior to jury duty. Depending on the number of days the student must attend jury duty, they have the following options:

- a. They can use one (or both) of their 2 days of allowed leave for jury duty without needing to make-up the time; or
- b. They can take the days and make-up the time missed. Students are expected to come up with a plan to make-up missed hours and get approval from their Field Liaison and Field Instructor.

10. Religious Holidays/Holy Days

Holy days and religious holidays will be observed. Students must notify their Field Instructor prior to the day. If the student needs to use beyond the 2 days of allowed leave,

the student must inform a Coordinator of Field Education in addition to the Field Instructor to develop a plan for making up the hours.

11. Tropical Storm/Hurricane

Students who are currently in practicum when a hurricane or tropical storm hits the area should follow the agency's decision regarding closure, not the University's. If the agency closes or requires only essential personnel to come to work, the student should *not* attend and can count any hours that would have been completed at the agency that day. If the agency remains open, students *should* attend their practicum. If an agency is open and a student deems it unsafe to go to the practicum, the student should *not* attend and should contact the Field Instructor and Field Liaison as soon as possible to come up with a plan to make up the hours.

12. Practicum Coverage during Semester Breaks

The Office of Field Education of the School of Social Work discourages students from reporting to their assigned agency during semester breaks. It is important for students to take a break, 'recharge batteries', and understand that they are not indispensable. Workers take vacations and cannot always be at work; students need the same break. Possible exceptions to this policy will be reviewed on a case-by-case basis. **Any approved time worked between breaks will be deducted from the required hours.**

13. Compensatory Time and Emergency Leave for Students

Students are not to schedule vacations or breaks during the scheduled practicum. Students are expected to adhere to **agency** hours and holidays. University holidays and breaks do not apply. A total of two (2) days (16 hours total) of leave is allowed for illness or personal needs for each practicum.

If for any reason a student needs to be out of placement for more than the time allowed for illness, family emergencies, or religious holidays, the student must contact a Coordinator of Field Education for prior approval. If the additional time is approved by a Coordinator of Field Education, the student must then obtain the approval of the Field Instructor, outline a plan to make up the missed time, and provide the Office of Field Education with a copy of the written plan. Approval by the Field Instructor or other staff at the placement agency does not constitute permission to take additional time off from the practicum or make up hours. Students must consult with both the Field Instructor and a Coordinator of Field Education in all such matters.

Students may not bank hours in advance in order to end the placement prior to the last scheduled day of practicum. Any paid holiday for agency personnel that occurs on the student's scheduled day for field placement is also to be considered a holiday for the student. This time does not need to be made up.

Students are expected to keep a weekly [Log of Student's Field Practicum Hours](#) and [Log of Supervision Hours](#) to be initialed weekly by the student and Field Instructor and signed by the Field Instructor and student upon completion of the practicum. These logs are to be submitted to the Office of Field Education along with their evaluations. Breaks for meals and travel to/from practicum are not included in hours.

IX. THE PLACEMENT PROCESS

The placement process is a collaborative effort between Florida International University, the School of Social Work, the agency, and the student. The School of Social Work is committed to finding the best possible placement according to the student's individual interests or needs.

Under no circumstances is a student to make arrangements for their own placement. Any suggestions for future placement opportunities can be directed to the Office of Field Education for determination of eligibility.

Field practicum placement sites and internship details are available for students to review on the [Intern Placement Tracking system \(IPT\) website](#). The Coordinators of Field Education assist students in finding the best match given the student's interests and needs. Students cannot be guaranteed an assignment to a requested agency as agencies do not request students every semester.

A. Eligibility Requirements/Definition of Readiness for Field

The student must:

1. Be admitted into upper division social work courses.
2. Assure that all [prerequisites for field practicum](#) are met before beginning the application process.
3. Maintain a minimum cumulative GPA of 2.75 by the date of application for the field practicum.
4. Demonstrate readiness for the field practicum experience:
Students do not automatically receive field placements simply by virtue of being enrolled in the program. In addition to meeting the course and GPA pre-requisites, students are expected to demonstrate other skills and attributes necessary for the profession as determined by:
 - Classroom performance
 - Advisor and faculty feedback
 - Personal interview with a Coordinator of Field Education

Demonstration of the following skills and behaviors are required for admittance into the field practicum (as per the [Council on Social Work Education's competencies](#) and [NASW Code of Ethics](#)):

- Adherence to the mission of the social work profession that is rooted in a set of core values including:
 - Service to others,
 - Promotion of social, economic, racial, and environmental justice,
 - Respect for the dignity and worth of all persons,
 - Recognition of the central importance of human relationships,
 - Behavior reflecting trustworthiness, and
 - Development and enhancement of professional expertise.
- Adherence to the [Code of Ethics of the National Association of Social Workers](#).
- Active involvement in professional social work development through assessment of academic and personal aptitude and performance.

- Demonstration of the skills, abilities, and knowledge of the nine competencies and behaviors set forth by the [Council on Social Work Education \(CSWE EPAS, 2022\)](#) in classes:
 - Demonstrate ethical and professional behavior;
 - Advance human rights and social, racial, economic, and environmental justice;
 - Engage anti-racism, diversity, equity, and inclusion (ADEI) in practice;
 - Engage in practice-informed research and research-informed practice;
 - Engage in policy practice;
 - Engage with individuals, families, groups, organizations, and communities;
 - Assess individuals, families, groups, organizations, and communities;
 - Intervene with individuals, families, groups, organizations, and communities;
 - Evaluate practice with individuals, families, groups, organizations, and communities.
- Demonstrate inclusion and respect individual diversity, including differences and intersectional ties of “age, caste, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, generational status, immigration status, legal status, marital status, political ideology, race, nationality, religion and spirituality, sex, sexual orientation, and tribal sovereign status” (CSWE, 2022).
- Adherence to all field practicum related deadlines, including but not limited to; application for field, field orientation attendance, field forms with resume, pre-placement interview, confirmation of placement form, and all other requirements. This includes responding to all communication from the Office of Field Education and the agency placement within 48 business hours.

B. Application to Field Practicum

All students must apply for the field on the [Intern Placement Tracking system \(IPT\)](#) not by downloading forms from the website. Both completion of the application and submission will occur via the IPT system.

Submit an Application for Field Practicum ([SOW 4511 Practicum I](#), [SOW 4512 Practicum II Same Agency](#)) the semester before intending to enter field. Students must apply each time they plan to participate in practicum the following semester.

Please note: a copy of this application will be forwarded to the Field Instructor so it should be professional and free from errors. It is highly recommended that students also maintain a copy of the completed application for their own records. Students should notify the Office of Field Education of any special accommodations needed as related to a disability.

Application Deadline Dates for BSSW I are by 11:59 pm on the following dates:

Spring Semester – September 5

Summer Semester – January 5

Fall Semester – May 5

Same Agency Application Deadline Dates for BSSW IIs who are completing the second semester of this practicum experience (as required) right after BSSW I:

Spring Semester – November 1

Summer Semester – March 1

Fall Semester – July 1

For BSSW IIs who are returning to the second semester of this practicum experience after a break due to emergent reasons, the deadlines are by 11:59pm on the following dates:

Spring Semester – September 5

Summer Semester – January 5

Fall Semester – May 5

To apply for field, **students must email the Office of Field Education Program Assistant at sowpracticum@fiu.edu with their name, level of practicum to which they are applying, Panther ID, and FIU email address no later than 12pm (noon) on the date of the application deadline. They will then receive a password and instructions via FIU email (all email communication with students from that point on will be via FIU email).**

Please note: If the field application due date falls on a weekend, the emails for passwords must be sent by 12pm (noon) on the Friday prior to the due date. If the field application due date falls on a holiday when the university is closed, the email for password must be sent by 12pm (noon) on the next business day immediately following the application due date.

Those students who have applied to the field previously through IPT must still submit an email to the Office of Field Education Program Assistant no later than 12pm (noon) on the date of the application deadline (see above for note on weekends and holidays). These students must then submit a new application.

Applications that are late or incomplete will not be accepted and may delay entrance to field for a period of at least one semester. No paper copies will be accepted.

The Office of Field Education staff consults with agency directors and/or individual Field Instructors about vacancies for possible field practicum opportunities.

C. Field Practicum Admission Decisions

If a student meets readiness requirements, GPA and pre-requisites, there will be a formal notification via their FIU email of acceptance and proceeding in the placement process, including scheduling their interview with a Coordinator of Field Education and links for the online orientation. Students are notified if there is a problem with their application, prerequisites, GPA or readiness prior to receiving the approval email.

If a student does not meet the course or GPA pre-requisites, the student's application for field will be turned down, and the student will be notified by the Office of Field Education via FIU email to reapply by the due date for a later semester when the missing prerequisite(s) has been met. Students are urged to regularly check their FIU email for Office of Field Education communications.

If a Coordinator of Field Education, faculty member, or advisor has concerns that a *student does not display readiness for the practicum experience*, the student's application to field may be turned down for the upcoming semester. The student will be notified and may be asked to complete a remediation plan created by the Assistant Coordinator of Field Education (BSSW Field). This plan will be put into written form. It may include (but is not limited to) taking a course to address professional development needs, seeking mentorship, or documentation of psychological readiness by a licensed mental health professional.

A student with a remediation plan will not be accepted into the field until all the conditions of the plan are met and documentation is provided to that effect. Upon completion of the remediation plan and documentation to demonstrate the completion, the student can then reapply for the field by the due date. The Assistant Coordinator of Field Education (BSSW Field) will meet with the student upon the student's subsequent application to field to go over the completion of the remediation plan.

Students who do not enter the field as scheduled due to not meeting requirements or personal circumstances must reapply and submit their applications prior to the due date.

D. Important Placement Rules

1. Students may not be placed in agencies where they have volunteered or worked in the past 3 years. Students may not be placed at any agency where they or a family member have or are receiving services.
2. Students interested in a [placement where they are currently employed](#) must complete an additional application (the [Employment Setting Practicum Application](#)). That application MUST be requested from the Office of Field Education no later than 24 hours after the mandatory field orientation and submitted no later than a week after the mandatory field orientation.
3. Evening/late-afternoon and weekend placements are extremely limited. The Office of Field Education will hold a lottery for students needing such placements. Although every effort will be made to accommodate full-time working students, those students requesting such placements may be required to postpone practicum until such placements become available or readjust their schedules to accommodate a weekday, daytime placement. **The School of Social Work is under no obligation to provide evening and weekend placements.** Consequently, practicum placement cannot be guaranteed to students who require evening and weekend placements, and **all students must have at least 8 weekday, daytime hours available per week during their practicum experience to meet education requirements at the agency.**

E. Orientation & Interview

1. Eligible field practicum students must attend a mandatory, synchronous, virtual field orientation. The orientation informs students of important field policies, procedures, and responsibilities. Students must complete all field forms, including the [Orientation Acknowledgment Form](#) and the [Criminal History Notice](#), sent via email by the Office of Field Education Program Assistant following orientation.

2. BSSW students must also schedule a face-to-face interview with a Coordinator of Field Education after watching the orientation. All communication from the Office of Field Education will use students' FIU email accounts.
3. BSSW students meet individually with a Coordinator of Field Education to discuss specific placement possibilities. Whenever possible, the Office of Field Education attempts to arrange a placement which considers the student's preferences as indicated on their field application. However, this may not be possible in all cases. Students may not refuse a placement assignment for non-educational reasons after the Office of Field Education has determined that the agency offered to the student for the pre-placement interview is the best possible match for the student's learning.
4. After student interviews are completed, the Assistant Coordinator of Field Education (BSSW Field) preliminarily matches students to field placements and forward potential student applications to agencies. Students are emailed the field placement match information, including contact information and next steps to schedule their interview at the agency via their FIU email.

F. Placement Confirmation

1. All students are to bring the [Confirmation of Placement](#) form (located to be downloaded on the bulletin board of [IPT](#)) to their pre-placement interview. These are to be signed by both the student and the Field Instructor at the time of the pre-placement interview if the student is accepted for placement. The student should then hand-in or email the [Confirmation of Placement](#) form to the Office of Field Education. This serves as an indication that the placement is accepted by both parties. The placement is not considered finalized until this form is received by the Office of Field Education.
2. Student must complete all required agency orientations, background checks, drug testing, and health record verifications/immunizations prior to entering field placement and by the due date provided by the Office of Field Education.
3. In rare cases where the placement is not accepted, the process will be repeated from step D #3. However, once the student has gone through this process three times, wherein three unsuccessful attempts have been made to match the student with a placement, the student will not automatically repeat the process. An unsuccessful attempt includes the student being turned down by the agency due to the Field Instructor/agency's assessment of the student's appropriateness for the placement and/or the student refusing the placement. At such a time, the student will not be provided with any further referrals until a meeting is held with the Assistant Coordinator of Field Education (BSSW Field), another faculty member from the Office of Field Education, and the student. This meeting will serve to explore the difficulties involved in placement, the appropriateness of the student at this time for a field experience, and all of the options available to the student. Possible options include but are not limited to:
 - Re-application for field at a later time after the student addresses difficulties according to a remediation plan developed at this meeting.
 - An additional referral(s) for field placement; or
 - Re-assessment of appropriateness of the student for the social work profession.

4. Grade checks are done at the end of each semester to verify students' eligibility for field placement. It is the student's responsibility to submit grades for courses taken outside of the School of Social Work. It is the student's responsibility to notify the Office of Field Education of unsatisfactory class performance and/or not meeting the GPA required to enter field placement. The student must also notify the potential Field Instructor that placement will need to be postponed. **The student must then reapply for field by the deadline date once they are retaking the course(s) in question and/or the GPA meets the requirement at the time of re-application.** There is no guarantee that the student will be placed at the same agency the following semester. If it is determined that a student is academically ineligible to enter field and failed to notify the Office of Field Education, the student will be administratively dropped from all courses without guarantee of refund of payment. The student must then reapply for field by the deadline date once they are retaking the course(s) in question and/or met the GPA requirement at the time of re-application.
5. If a student decides not to enter the field practicum for reasons other than academic, the student must **immediately** notify both the Field Instructor and the Office of Field Education in writing.

Students who fail to adhere to the placement process guidelines may be deemed ineligible to enter field practicum and be required to reapply for the following semester.

G. BSSW Practicum II Information

BSSW Practicum II students generally remain at the same agency as the prior semester. In these situations, students must submit the applications indicating continuance of the same Field Placement ([Same Agency Placement Application for SOW 4512L - Practicum II](#)) signed by both the student and the Field Instructor by the application deadline. If a student feels that the field placement is not meeting their needs, and meetings with the field education have resulted in a decision to change the practicum, the student must submit an [Application for SOW 4512 - Practicum II Different Agency Field Placement](#) form.

H. Employment Setting Practicum

1. Process

1. Students are to immediately contact the identified Field Instructor to discuss the requirements (see policy below) for an Employment Setting placement and, if agreed, complete the [Employment Setting Practicum Application](#).
2. If the School and agency have an active affiliation agreement in place, the Assistant Coordinator of Field Education (BSSW Field), upon receipt of the completed application, will schedule a meeting with the student, the identified Field Instructor, and any agency administrator the agency chooses to review the [Employment Setting Application](#) and the School's policies for internship.
3. If the School and the agency do not have an active affiliation agreement in place, the Assistant Coordinator of Field Education (BSSW Field) will provide the agency with the [Agency Data Sheet](#) to complete within one week.
4. Upon receipt of the [Agency Data Sheet](#), the Assistant Coordinator of Field Education (BSSW Field) will meet with the identified Field Instructor to ensure the agency can meet the School's requirements and affiliation is possible.

5. Upon Office of Field Education approval, the FIU affiliation agreement template will be sent to the agency, completed and returned to the Office of Field Education within 30 days for the placement to be confirmed.
6. If after the meeting with the agency, the Office of Field Education determines the Employment Setting placement is not possible, another agency will be identified.
Field Instructor

2. Policy

Practicum agencies are selected based on their ability to provide learning opportunities that are consistent with the Council on Social Work Education's (CSWE) nine (9) competencies at the generalist practice level. This includes practice with individuals, families, groups, communities, and organizations. Required internship tasks listed in the [Learning Contract](#) provide the structure and learning plan for students to demonstrate all nine (9) competencies. [Learning Contracts](#) are inclusive of required, competency and behavior-based tasks appropriate for the students' generalist level of practice.

Before the student is placed in an agency, the Assistant Coordinator of Field Education (BSSW Field) and the agency will discuss the types of learning experiences provided and the availability of a qualified MSW for field instruction. If an agency is not already legally affiliated with FIU's School of Social Work, a formal affiliation agreement process will be initiated and must be finalized at least 2 months prior to the practicum start date.

The field education experience is designed to offer students new learning opportunities in new practice settings. However, it is possible for BSSW students to complete the practicum in their place of employment with approval from the Assistant Coordinator of Field Education (BSSW Field). Approval is only granted when:

- The agency can provide at least 50% of a student's required hours by assigning new learning experiences that are different than the student's current job responsibilities.
 - A student would be able to count up to 50% of their employment/work hours towards field internship hours IF the student's current job responsibilities meet the Learning Contract requirements.
 - This is to ensure the student gets access to new and required, social work learning experiences within their agency (see [Learning Contract](#)).
- The agency recognizes the student's learning experience must be tied to the nine (9) competencies provided in the Learning Contract at the generalist practice level and affords them the opportunity to meet them in their employment.
- The agency can provide an MSW with at least two years of post-graduate practice experience to serve as the student's Field Instructor.
- The Field Instructor can provide one hour per week of individual and/or group supervision for the internship separate from other employment supervision/staff meetings.

Please note: the internship Field Instructor can be the student's current supervisor if they meet the above requirements.

The following conditions must be met:

The Agency agrees to:

1. Provide the student with a Field Instructor who has two years of post-MSW graduate experience and can meet the same qualifications of the School of Social Work as other Field Instructors, including taking the required training offered by the School twice per year.
2. Provide the student with one, continuous hour a week of supervision with the Field Instructor that is separate from employment supervision time, focusing on the nine (9) competencies as outlined in the Learning Contract and supervision agenda.
3. Provide the student with generalist practice learning opportunities with individuals, families, groups, communities, and organizations that differ from their regular job responsibilities for at least 50% of the student's internship hours.
4. Complete the [Employment Setting Practicum Application](#) using the Learning Contract provided with this application to review program requirements.
5. Be able to meet School of Social Work's Learning Contract requirements for the student at the agency (see [Learning Contract](#)).
6. Continue with the student's Learning Contract for the designated time and not alter this plan to meet the employer's needs.
7. Meet with the Assistant Coordinator of Field Education (BSSW Field) and the student to review the Learning Contract and program requirements within one week of this application being submitted to the School.
8. Not use Field Instructor's evaluations of the student, written class assignments prepared by the student and other material prepared for utilization in the educational plan of the student to evaluate the student's performance as an employee of the Agency.

The School of Social Work agrees to:

1. Provide a Field Liaison for the Agency/Student to support and monitor the educational arrangement through regular phone calls, Zoom meetings, emails, and site visits. Throughout the internship, the Field Liaison will assess how the student is engaging in the 20 behaviors to meet the nine competencies using the Learning Contract, ensure that the student assignments are generalist practice level, and confirm that supervision is consistently provided and separate from employment supervision.
2. Provide the student, Field Instructor, and agency with the same orienting, monitoring, support, engagement, and evaluation as those internships where the students are not employed by the agency.
3. Be available for consultation with the Agency Director, Field Instructors, and students to discuss various aspects of the field practicum.
4. Provide the Agency and Field Instructor with competencies and behaviors, curriculum, and policies of the School, including the website for the BSSW Field Education Manual <https://stempel.fiu.edu/assets/docs/bssw-field-manual.pdf>.
5. Develop and coordinate training for Field Instructors and ensure that the Field Instructors attend the biannual mandatory Field Instructors' Training.

3. Termination from Agency

In the event a student's employment is terminated at the placement, the Assistant Coordinator of Field Education (BSSW Field) will assess the circumstances, meeting with the student and Field Instructor (if possible). If the student was terminated due to circumstances unrelated to student performance such as funding cuts, position elimination, or agency closure, the Assistant Coordinator will immediately identify a new placement and move the student to that internship as soon as possible. If the student's employment termination was due to performance issues that relate to internship performance expectations (though they may only have occurred as part of employment), the Assistant Coordinator will consult with the Associate Director and determine if the student will be: (1) replaced at another agency; (2) assigned an "F" in practicum and, therefore, terminated from the major; or (3) assigned an "F" in the practicum but sent to a Student Review and Termination Committee to determine if the student can continue in the program. At no time does the employment supervisor, agency, or Field Instructor (if different from supervisor) make the determination of the assigned grade or continuation in the program.

X. FIELD SEMINARS

Seminars are an essential aspect of the field practicum and are designed to provide the student with an opportunity to integrate, analyze, and evaluate learning experiences in the practicum. Specifically, the field seminars provide the student an opportunity to demonstrate:

- A commitment to examine their feelings, values, and attitudes as related to client systems and a broad range of problem areas within a multi-racial, multi-cultural, and multi-ethnic society.
- A substantial ability to integrate the competencies obtained from coursework with the field practicum in simulations, exercises, and written assignments.
- A substantial ability to recognize the differences and similarities in role functions and responsibilities of the social worker in different settings through a sharing process in the classroom.

In addition, students in the BSSW II field seminar must submit a professional E-Portfolio.

Students must pass the E-Portfolio to pass Field Seminar II (SOW 4523) and graduate.

Students in the BSSW field seminars are assigned a letter grade for two (2) credits, and pass/fail for the practicum (7 credits).

Field seminars are scheduled throughout the semester with dates and times varying according to semester (fall/spring vs summer). Refer to the syllabi for questions regarding seminar schedules.

XI. PROBLEM-SOLVING IN THE FIELD PRACTICUM

A. Student Concerns Regarding Practicum

If the student is having concerns with the practicum, the student must first make the Field Instructor aware of this issue and attempt to rectify the situation. If such a discussion does not resolve the concern, the student must notify the Field Liaison immediately. At that time, the Field Liaison will coach the student regarding potential approaches to resolving the

situation with the Field Instructor. If necessary, the Field Liaison may telephone the Field Instructor to assess the situation further. The student must then meet with the Field Instructor again to attempt to resolve the matter. If those meetings do not resolve the issues, the student should contact the Field Liaison, who will then visit the agency and meet with the student and Field Instructor to facilitate a solution, possibly including the development of a [Field Internship Support Plan](#) or written action plan. If an agreement cannot be reached and the student continues to feel that the placement setting is inappropriate, the following procedure must be followed:

1. Student submits a written request to the Assistant Coordinator of Field Education (BSSW Field), or designee, for another field placement within five (5) business days of the meeting with the Field Liaison and Field Instructor. The written request should state the reason(s) for the change of placement, a description of any attempts made to rectify the situation, and the results of those actions.
2. Within five (5) business days of receipt of the written request, the Assistant Coordinator of Field Education (BSSW Field), or designee, and the Field Liaison meet with the student to address concerns regarding the current placement and to determine whether there is a need for a change of placement. The following determinations may be made by the Assistant Coordinator of Field Education (BSSW Field), or designee, as a result of this meeting:
 - a. Student is to remain in the same placement with a [Field Internship Support Plan](#) or written action plan to rectify any concerns; or
 - b. Student is to be placed in a new agency and carry hours over from previous placement; or
 - c. Student is to be placed in a new agency and not be able to carry hours over from the previous placement.
3. Please note that the Assistant Coordinator of Field Education (BSSW Field), or designee, will address each student's concern on a case-by-case basis, including but not limited to awareness of time constraints, learning needs/expectations, and learning opportunities. If a student is re-placed, the placement choice will be entirely made by the field faculty.
4. Within five (5) business days of the meeting with the Field Liaison, the Assistant Coordinator of Field Education (BSSW Field), or designee, and student, the student is to receive a written notice of the Assistant Coordinator of Field Education's (BSSW Field) decision.
5. If the student continues to be dissatisfied with the field practicum situation, they may appeal to the Associate Director of the School of Social Work in writing within five (5) business days of receipt of the Assistant Coordinator of Field Education's (BSSW Field) letter.

The above procedures require that the student remain in their current placement until a final solution is reached, although every effort will be made to expedite a resolution. If the student decides to terminate their placement at any point during this process, the student must:

6. Notify the Field Instructor and terminate appropriately under the direction of their Field Instructor.
7. Notify the Field Liaison and the Assistant Coordinator of Field Education (BSSW Field), or designee.

In order to then re-enter the field, the student must reapply to the field practicum by the applicable application deadline and complete the entire placement along with any other required co-requisite courses, if re-accepted into the field practicum. No credit will be given for hours completed in the previous semester.

B. Field Instructor Concerns Regarding Student

If the Field Instructor has concerns with the student, the Field Instructor must first make the student aware of this issue and attempt to rectify the situation. If this discussion does not resolve the concern, the Field Instructor must notify the Field Liaison immediately. At that time, the Field Liaison will coach the Field Instructor regarding potential solutions to resolve the situation with the student. The Field Instructor must then meet with the student again to attempt to resolve the matter. If those meetings do not resolve the issues, the Field Instructor should contact the Field Liaison, who will then visit the agency and meet with the student and Field Instructor to facilitate a solution, possibly including the development of a [Field Internship Support Plan](#) or written action plan. If an agreement cannot be reached, the Field Liaison will consult with the Assistant Coordinator of Field Education (BSSW Field). If no resolution is achieved following that consultation, the Assistant Coordinator of Field Education (BSSW Field) will consult with the Associate Director, who may consider options such as a Student Review Committee, placement change, etc.

C. Termination From Placement

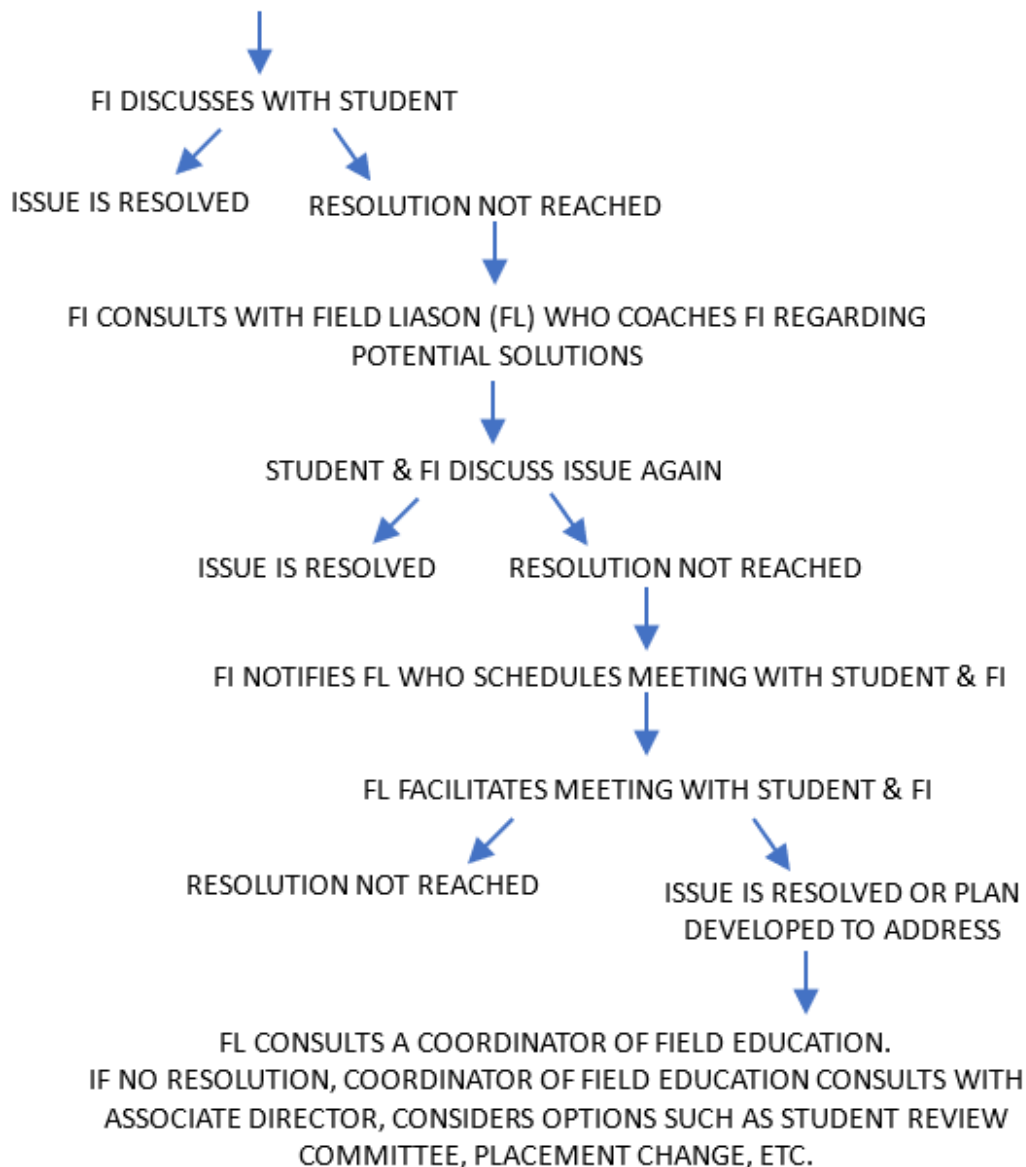

At any point during the internship, poor performance or a single event that is unethical, unprofessional and/or may place clients at risk will result in termination from the placement. This decision is made by the Assistant Coordinator of Field Education (BSSW Field) with input from the Field Instructor, Field Liaison, and Associate Director. However, as agencies voluntarily supervise students, they have the right to terminate an internship with no prior notice if they feel they can longer work with the student.

If a student is terminated from their placement, the Assistant Coordinator of Field Education (BSSW Field) and Field Liaison will meet with the student and Field Instructor. Following that meeting(s), the Assistant Coordinator of Field Education (BSSW Field), in consultation with the Field Liaison and Associate Director, will determine if the student will be: (1) replaced (2) assigned an “F” in the practicum (SOW 4511 or SOW 4512) and, therefore, terminated from the major or (3) assigned an “F” in the practicum but sent to Student Review and Termination Committee to determine if the student can continue in the program. At no time do the Field Instructor/agency make the determination of the assigned grade or continuation in the program.

See next page for problem-solving in the practicum flowcharts.

FIELD INSTRUCTOR (FI) IDENTIFIES CONCERN

XII. EVALUATION

The field evaluation process begins on the first day the student enters the agency. This process is an ongoing appraisal of the student's performance. The Field Liaison monitors the performance of students through a variety of means including but not limited to: [site visits](#), discussion with Field Instructors, discussion with students, process recordings, the [Mid-Semester Field Evaluation](#), [Final Field Evaluation](#), and consultation with the Field Seminar Instructor. The Mid-Semester Field Evaluation helps assure an ongoing evaluation process between the Field Instructor, student, and Field Liaison and the early identification of areas in need of growth. The Final Field Evaluation, prepared by both the Field Instructor and the student at the end of the semester, should reflect a composite of material discussed in supervisory conferences and the site visit(s) throughout the semester. Evaluations are to be prepared in accordance with the outlines

provided by the Office of Field Education. The final grade is assigned by the Field Seminar Instructor with recommendations from the Field Liaison, and input from the Field Instructor.

A. Mid-Semester Field Evaluation of Student Performance

The Mid-Semester Field Evaluation ([BSSW I](#), [BSSW II](#)) evaluates students halfway through the semester (8 weeks in fall/spring; 6 weeks in summer) on a 4-point Likert scale where “0” is Not Yet Started, “1” is “Below Satisfactory,” “2” is Satisfactory, and “3” is Above Satisfactory. The evaluation must be submitted via IPT and requires the signature of both the Field Instructor and the student. The student’s signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of disagreement. The Mid-Semester Field Evaluation should be submitted via IPT to the Office of Field Education on the date indicated in the Practicum syllabus. If a Mid-Semester Field Evaluation results in a “1” (Below Satisfactory) or “0” (Not Yet Started), the Faculty Field Liaison will consult with the Field Instructor and student to discuss the areas of concern and may formulate a written [Field Internship Support Plan](#) to address those areas below expectations (unless already implemented).

B. Final Field Evaluation of Student Performance

The Final Field Evaluation ([BSSW I](#), [BSSW II](#)) evaluates the students at the end of the semester on a 5-point Likert scale where “1” is Unacceptable, “2” is Below Satisfactory, “3” is Satisfactory, “4” is Above Satisfactory, and “5” is Exceptional. The evaluation must be submitted via IPT and signed by the student and the Field Instructor. The student’s signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of disagreement. The exact timing of the preparation of the evaluation is determined by the Field Seminar Instructor within time limitations established by the Assistant Coordinator of Field Education (BSSW Field) and the University calendar. An evaluation that identifies multiple areas of concern will result in a meeting between the Coordinator of Field Education and the Field Instructor to discuss the deficits in order for the Field Seminar Instructor to determine a final grade. If a negative evaluation contributes to a failure (“F”) in the practicum, a failing grade is assigned. A failure (“F”) in the practicum results in termination from the program. A Student Review and Termination Committee can be called to recommend if the student can continue in the program.

C. Student Evaluation of the Field Practicum

The student is required to complete an [Evaluation of the Field Practicum Experience](#) and submit it via [IPT](#) by the last class of field seminar. Only the student is required to sign this evaluation, but students are strongly encouraged to share these evaluations with their Field Instructors as it may assist them in planning and improving future field placement experience.

D. Grade Options

The following indicates the three grade options available:

- Pass (P): Students may receive a “P” when they have completed the necessary hours required for field practicum and satisfactorily met the competencies and behaviors articulated in the relevant practicum syllabus.
- Incomplete (IN): Students may receive an “IN” if they have not completed the practicum due to a serious interruption not caused by the student's own negligence. A

specified time frame for completion of the practicum will be designated by the Field Liaison. Students who receive an “IN” need not re-register for the course.

- Failing grade (F): A negative evaluation of field performance will result in the student not being able to continue in the Social Work Program. Efforts are made throughout the semester to evaluate the student’s progress and assist the student with any areas of deficiency. A failing grade is only assigned after every effort has been made to assist the student’s progress.

Students have the right to appeal academic grading/course requirement decisions and program progression/dismissal decisions. Students who wish to appeal MUST FIRST follow the [School of Social Work Academic Grievance Procedure](#).

E. Applying to the Field after a Withdrawal or Incomplete

When a student withdraws or receives an incomplete for the practicum, their re-application to the field must be submitted to the Office of Field Education prior to the due date for the requested semester of placement. The re-application will be reviewed prior to acceptance and re-placement. A meeting may be scheduled within ten (10) business days of the application deadline with the student and the Assistant Coordinator of Field Education (BSSW Field), or designee, to determine the student’s readiness to return to the field and decide if the student will be given credit for prior internship hours.

If the withdrawal or incomplete was due to performance deficiencies related to medical or mental health reasons, the student may also be required to bring documentation to the meeting from a licensed professional in the applicable area (medical or mental health), verifying their ability to return and perform at the placement. The student will be informed of the decision within ten (10) business days of the meeting. In some instances, it may not be appropriate for the student to remain at the same field placement to satisfy the requirements for the “IN.” In such cases, the Office of Field Education will assign the student to a new agency to complete the required number of hours for the course.

Failure to comply with requirements designated for completion of the “IN” may result in an “F” for field practicum (SOW 4511 or SOW 4512) and termination from the social work program.

F. Field Internship Support Plan

If at any point during the field practicum experience, the Field Liaison or Field Instructor determine that the student’s performance is not meeting the expectations per the competency-based [Learning Contract](#), the Field Liaison and/or Field Instructor must consult with the Assistant Coordinator of Field Education (BSSW Field) to review the areas of concern. The Assistant Coordinator of Field Education (BSSW Field) may create a written Field Internship Support Plan to address those areas of concern per the [Learning Contract](#). Actions will be specified for the student, Field Instructor, and Field Liaison with the guidance of the Assistant Coordinator of Field Education (BSSW Field). The Plan will include a target date that relates to areas of concern. Actions required for the student to complete may include a psychological assessment by a licensed mental health professional to determine the student’s appropriateness for social work practice at that time and/or further steps that the student may need to take to ensure readiness.

If at any point the student identifies barriers to learning and completing required tasks per the [Learning Contract](#), the student should contact their Field Liaison and the Assistant Coordinator of Field Education (BSSW Field) to discuss areas of concern. The Assistant Coordinator of Field Education (BSSW Field) may then create a written Field Internship Support Plan to address those areas of concern per the [Learning Contract](#). Actions will be specified for the student, Field Instructor, and Field Liaison with the guidance of the Assistant Coordinator of Field Education (BSSW Field). The Plan will include a target date that relates to areas of concern.

If the Assistant Coordinator of Field Education (BSSW Field) determines that a Field Internship Support Plan will be implemented, a meeting with the student, Field Instructor and Field Liaison (when available) will be scheduled within one week. At the initial meeting, the Assistant Coordinator of Field Education (BSSW Field) will facilitate review of the written Plan and provide clarification for any questions. All parties will sign the Plan. At least one additional meeting with all parties will take place on or before the target date for the Plan. If all assigned actions are completed by the target date, the student may continue at the placement with no further need for a Field Internship Support Plan. If all assigned actions are not completed by the target date, the Assistant Coordinator of Field Education (BSSW Field) may extend the target date of the Field Internship Support Plan, if the Field Instructor agrees. If the Field Instructor does not agree to extend the Plan due to student’s performance, the student may be terminated from the placement. The student’s failure to correct unsatisfactory performance within the identified time frame may result in termination from the field with a failing grade in SOW 4511 or SOW 4512.

XIII. CRITERIA FOR EVALUATION OF ACADEMIC AND PROFESSIONAL PERFORMANCE

A. Ethical Community Membership

The FIU School of Social Work, including the MSW Program, is an ethical community. The School’s ethical community is guided by: [The Council on Social Work Education’s \(CSWE\) nine \(9\) competencies](#) which ensure professional competence by all social work students, adherence to a set of values, principles, and ethical standards universally accepted by the social work profession and set forth by the [National Association of Social Workers](#) (NASW), and the standards set forth in the [FIU Student Conduct and Honor Code](#). The School’s faculty, staff, administration, and students choose to be a part of the ethical community. As

such, all incoming students must commit to uphold these principles by taking the [School of Social Work's Student Honor Pledge](#).

Students are expected to complete all academic and nonacademic requirements for the Social Work Program in the preparation for professional practice. Issues can arise regarding student academic performance or nonacademic conduct that may result in a review of the student's situation and their continuing progress in the Social Work Program. Both academic and professional performance issues may also be potential violations of the ethical community's guiding principles and result in an initiation of the Student Review and Termination Procedures.

B. Academic Performance

1. Grading Scale

The grading system in effect in the social work program is:

A	4.00	93-100	B	3.00	83-86	C	2.00	70-76
A-	3.67	90-92	B-	2.67	80-82	D	1.00	60-69
B+	3.33	87-89	C+	2.33	77-79	F	0	< 60

except for the two field practicum courses, which are approved for P (Pass) or F (Fail) grades only.

Student grades and other evaluations of performance are confidential. Instructors are not permitted to post grades by name or student identification number.

Students who wish to have reference letters sent on their behalf must submit requests in writing. Upon request, they may obtain copies of any reference material in their files.

a. Dean's List

Any undergraduate student who earns a semester average of 3.5 or better on nine (9) or more hours of course work for which grade points are earned, is placed on the Semester Dean's List. This achievement is noted on the student's semester report of grades and permanent academic record (transcript).

b. Academic Warning, Probation, and Dismissal

- **Warning:** An undergraduate student whose cumulative GPA falls below a 2.0 will be placed on warning, indicating academic difficulty. The designation will be notated on the transcript.
- **Probation:** An undergraduate student on warning whose cumulative GPA remains below 2.0 will be placed on probation, indicating serious academic difficulty. The designation will be notated on the transcript. The College/School of the student on probation may indicate the conditions which must be met in order to continue enrollment.
- **Dismissal:** An undergraduate student on probation whose cumulative and semester GPAs fall below a 2.0 will automatically be dismissed from his/her program and the University. The designation will be notated on the transcript. An undergraduate student will not be dismissed prior to attempting a

minimum of 20 semester hours of coursework. The dismissal from the University is for a minimum of one year. After one year, the student may apply for re-admission (see Re-admission) to the University in the same or different program, or register as a non-degree seeking student.

c. Final Examinations

Final course examinations will be given during the week following the last day of classes during each semester. The summer semesters do not have final examination periods. The final course examinations for summer may be given at the discretion of the faculty member teaching the course.

2. Field Performance

As per [Section XII: Evaluation](#), “The field evaluation process begins on the first day the student enters the agency. This process is an ongoing appraisal of the student’s performance. The Field Liaison monitors the performance of students through a variety of means including but not limited to: [site visits](#), discussion with Field Instructors, discussion with students, process recordings, the [Mid-Semester Field Evaluation](#), [Final Field Evaluation](#), and consultation with the Field Seminar Instructor. The Mid-Semester Field Evaluation helps assure an ongoing evaluation process between the Field Instructor, student, and Field Liaison and the early identification of areas in need of growth. The Final Field Evaluation, prepared by both the Field Instructor and the student at the end of the semester, should reflect a composite of material discussed in supervisory conferences and the site visit(s) throughout the semester. Evaluations are to be prepared in accordance with the outlines provided by the Office of Field Education. The final grade is assigned by the Field Seminar Instructor with recommendations from the Field Liaison, and input from the Field Instructor.”

a. Mid-Semester Field Evaluation of Student Performance

The Mid-Semester Field Evaluation ([BSSW I](#), [BSSW II](#)) evaluates students halfway through the semester (8 weeks in fall/spring; 6 weeks in summer) on a 4-point Likert scale where “0” is Not Yet Started, “1” is “Below Satisfactory,” “2” is Satisfactory, and “3” is Above Satisfactory. The evaluation must be submitted via IPT and requires the signature of both the Field Instructor and the student. The student’s signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of disagreement. The Mid-Semester Field Evaluation should be submitted via IPT to the Office of Field Education on the date indicated in the Practicum syllabus. If a Mid-Semester Field Evaluation results in a “1” (Below Satisfactory) or “0” (Not Yet Started), the Faculty Field Liaison will consult with the Field Instructor and student to discuss the areas of concern and may formulate a written [Field Internship Support Plan](#) to address those areas below expectations (unless already implemented).

b. Final Field Evaluation of Student Performance

The Final Field Evaluation ([BSSW I](#), [BSSW II](#)) evaluates the students at the end of the semester on a 5-point Likert scale where “1” is Unacceptable, “2” is Below Satisfactory, “3” is Satisfactory, “4” is Above Satisfactory, and “5” is Exceptional. The evaluation must be submitted via IPT and signed by the student and the Field Instructor. The student’s signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of

disagreement. The exact timing of the preparation of the evaluation is determined by the Field Seminar Instructor within time limitations established by the Assistant Coordinator of Field Education (BSSW Field) and the University calendar. An evaluation that identifies multiple areas of concern will result in a meeting between the Coordinator of Field Education and the Field Instructor to discuss the deficits in order for the Field Seminar Instructor to determine a final grade. If a negative evaluation contributes to a failure (“F”) in the practicum, a failing grade is assigned. A failure (“F”) in the practicum results in termination from the program. A Student Review and Termination Committee can be called to recommend if the student can continue in the program.

3. The Professional Social Work E-Portfolio

The [Professional Social Work E-Portfolio](#) links assignments from throughout the curriculum with the competencies, including students’ discussions of the connection between the assignments and competencies as well as the connect between their field practicum experience and the competencies. The students also complete their summative reflection with a discussion of their students’ experience in the program and progress on their goals. Students complete the E-Portfolio during their last semester of the Program, submitting it in Field Seminar II (SOW 4523). **Students must pass the E-Portfolio to pass Field Seminar II (SOW 4523) and graduate.**

Panels of faculty complete the grading. They check for the assignments and field experience discussion and their correspondence to a competency but do not re-evaluate the assignments. The panels use [the E-Portfolio Assessment Rubric](#) to evaluate the E-Portfolios. For each competency, the panelists’ scores are averaged. The final score is based on the total summary score and any averaged score below a “3” is noted. To graduate, students must pass the E-Portfolio (receive at least a total summary score of 27 or more and only one score below 3 on one competency). If a student does not pass the E-Portfolio, the student must revise and re-submit it by approximately week ten in fall/spring and week six for the summer. The E-Portfolio will then be reviewed again. If the student still does not pass the E-Portfolio, the student will be assigned a mentor and given a third opportunity to revise and submit the e- portfolio by week fifteen in fall/spring and week eleven in summer. Students who do not pass the E-Portfolio after a third attempt will receive an “F” in SOW 4523 and not be able to graduate from the social work major. Students may be referred to a Student Review Committee if deemed appropriate.

4. Criteria for Academic Performance Review

Inability, unwillingness, or failure to meet academic requirements may result in the initiation of the Student Review and Termination Procedure. Engagement in academic misconduct as defined by the University in the [Student Conduct & Honor Code](#) will result in a required meeting with the involved faculty and BSSW Program Coordinator and/or a formal complaint to the Office of Student Conduct & Conflict Resolution. Such misconduct may also result in an initiation of a Student Review and Termination Procedure as these matters fall under Professional Performance Misconduct and fall under a violation of the ethical community’s principles, specifically as they violate the [National Association of Social Workers’ Code of Ethics](#) and [CSWE’s competencies](#).

The following academic performance issues meet the criteria for Academic Performance Review but are not considered to be inclusive or exhaustive of possible student issues:

- a. Plagiarism, cheating, or any other form of academic misconduct as defined by the University in the [Student Conduct & Honor Code](#).
- b. Failure to maintain a 2.75 GPA (BSSW) or more than one semester of academic probation.
- c. Failure to follow course sequencing as scheduled and/or advised, unless other arrangements were made and approved in writing by the BSSW Program Coordinator or Director of the School.
- d. A failing grade for any semester of the field practicum.

C. Professional Performance

As part of an ethical community, students are expected to demonstrate professional conduct and attitudes in all parts of the Social Work Program.

1. Expectations for Professional Performance

Students must:

- Understand and adhere to the [Code of Ethics of the National Association of Social Workers](#);
- Adhere to the mission of the social work profession that is rooted in a set of core values including:
 - Service to others,
 - Promotion of social, economic, racial, and environmental justice,
 - Respect for the dignity and worth of all persons,
 - Recognition of the central importance of human relationships,
 - Behavior reflecting trustworthiness, and
 - Development and enhancement of professional competence and expertise.
- Be actively involved in professional social work development through assessment of their academic and personal aptitude and performance;
- Learn and demonstrate the skills, abilities, and knowledge of the nine (9) competencies set forth by the [Council on Social Work Education \(CSWE EPAS, 2022\)](#) in classes and fieldwork:
 - Demonstrate ethical and professional behavior;
 - Advance human rights and social, racial, economic, and environmental justice;
 - Engage anti-racism, diversity, equity, and inclusion (A DEI) in practice;
 - Engage in practice-informed research and research-informed practice;
 - Engage in policy practice;
 - Engage with individuals, families, groups, organizations, and communities;
 - Assess individuals, families, groups, organizations, and communities;
 - Intervene with individuals, families, groups, organizations, and communities;
 - Evaluate practice with individuals, families, groups, organizations, and communities.
- Be inclusive and respectful of individual diversity, including differences and intersectional ties of “age, caste, class, color, culture, disability and ability, ethnicity, gender, gender identity and expression, generational status, immigration

status, legal status, marital status, political ideology, race, nationality, religion and spirituality, sex, sexual orientation, and tribal sovereign status” (CSWE, 2022).

2. Criteria for Professional Performance Review

Possible professional performance issues include, but are not limited to, conduct that is inconsistent with or a violation of the [Code of Ethics of the National Association of Social Workers](#) and/or the [FIU Student Conduct & Honor Code](#) as well as a failure to meet the [CSWE competencies](#).

Inability, unwillingness, or failure to meet generally accepted professional guidelines of professional conduct, personal integrity, or emotional stability may result in the initiation of the Student Review and Termination Procedure. The following professional performance matters include, but are not limited to, inappropriate or disruptive behavior toward colleagues, faculty, staff, Field Instructors, clients, or others within the social work program, University, field placement, or affiliated organizations.

Inability, unwillingness, or failure to:

- Respect and/or promote a clients' right to self-determination.
- Provide clients with the opportunity for informed consent.
- Provide services within the boundaries of their competence, utilizing supervisory consultation as guidance.
- Respect human and cultural diversity.
- Respect clients' right to privacy and confidentiality in accordance with professional ethics, Florida statutes, University, or agency policy.
- Treat fellow students, colleagues, supervisors, or educators with respect.
- Maintain the confidentiality of fellow students, colleagues, supervisors or educators.
- Use practice skills or interventions that fall within the range of accepted and relevant practice.
- Demonstrate appropriate interpersonal boundaries, self-awareness, self-containment, or self-control, abilities and attributes essential for professional social work practice.
- Report suspected child abuse, family violence, elder abuse, or threatened harm to self or others as required by Florida statute.

Engaging in unethical and/or unprofessional behavior that may include (but is not inclusive):

- Entering into a dual relationship with clients or failing to disclose a conflict of interest.
- Behavior in the classroom or field activities, which causes a disruption in the learning of other students or in the service of clients.
- Entering into a sexual relationship or sexual activity with clients, whether consensual or forced.
- Use of disrespectful or derogatory language in written or verbal communication with or about fellow students, colleagues, supervisors, or educators.
- Exploitation of clients who lack the capacity to make informed decisions.

- Not taking adequate steps to address or remedy personal problems, psychosocial distress, substance abuse, or mental health impairment that interfere with practice effectiveness or classroom learning.
- Unethical or criminal conduct that interferes with competent performance as a social work practitioner or may potentially compromise the safety of others or client services.
- Private conduct that interferes with the ability to fulfill student responsibilities or that represents dishonesty, fraud, deception, or misrepresentation.
- Acts or threats of physical violence or verbally abusive behavior toward fellow students, colleagues, supervisors, or educators; or acts which may threaten the safety of same.
- Failure to comply with all agency and School of Social Work policies and procedures (e.g., physicals, drug screens, liability insurance, dress and appearance codes, immunizations, and criminal background checks).
- Inappropriate use of technology (social network sites, online chatting, email, texting, telephone, databases, video etc.)

XIV. STUDENT ACADEMIC AND PROFESSIONAL MISCONDUCT PROCEDURES

A. Academic Misconduct Procedures

For issues related to academic misconduct, as defined by the University's [Student Conduct & Honor Code](#), the School follows the University process as outlined in the [Student Conduct & Honor Code](#). Prior to initiation of the University process, the BSSW Program Coordinator and involved faculty will meet with the student. The School may also initiate a Student Review and Termination Procedure as these matters fall under Professional Performance Misconduct as well as due to their violation of the [National Association of Social Workers' Code of Ethics](#).

For all other academic performance issues addressed by University policy and defined in section XIII of this Manual:

1. The Director will review the issue and may refer it to the Chairperson of the Student Review and Termination Committee for initiation of a Student Review and Termination Committee meeting.
2. The Student Review and Termination Committee will arrange for a meeting with the student to address the issue within ten (10) working days of notice by the Director.
3. Members of the faculty involved with the identified issue may be required to meet with the Student Review and Termination Committee.
4. The student may choose to bring a personal advocate (not legal representation) to this meeting provided the student notifies the Committee within five (5) working days prior to the meeting of the name of the advocate, and the role to be served by the advocate at the meeting. The student may confer with their personal advocate or advisor, verbally or in writing, during the Student Review and Termination Committee meeting but the advocate may not speak for the student or represent the student to the committee. Staff or faculty of the School of Social Work may not serve as the advocate.

5. The Student Review and Termination Committee meeting will convene, and present written recommendations based upon their findings to the Director of the School within five (5) working days of this meeting.
6. Written notification of the Director's decision will be sent to the student within five (5) working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director include:
 - A determination that the matter warrants immediate termination from the Program;
 - Referral of the matter to the BSSW Program Coordinator and the Assistant Coordinator of Field Education (BSSW Field) to create with the student a plan for remediation of the problem. Rules governing remediation plans include:
 - A timeline will be developed for completion of the plan.
 - The agreed upon plan will be put into written form and signed by all parties. A copy will be given to all participants and placed in the student's file and given to the Director of the School of Social Work.
 - The plan will be monitored and reviewed by the individual designated by the Committee and assessed for progress and completion of requirements.
 - If the student does not successfully meet the requirements specified in the plan, the student will be dismissed from the program. The student will be notified of this dismissal in writing by the Director of the School.
 - This procedure does not apply to automatic dismissals for failure to maintain sufficient academic progress.
7. If satisfaction is not achieved at this level, the student may file a formal, written appeal to the Associate Dean of Academic Affairs of the Robert Stempel College of Public Health & Social Work. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director's decision.

B. Professional Misconduct Procedures

A student, client, supervisor, Field Instructor, colleague, or faculty member who observes or has knowledge of any of the above professional performance issues or any other behaviors which appear to interfere with professional social work education or practice and/or violate the principles of the School's ethical community, may bring the issues to the attention of the Director of the School of Social Work.

For all professional performance issues:

1. The Director will review the issue and may refer it to the Chairperson of the Student Review and Termination Committee for initiation of a Student Review and Termination Committee meeting.
2. The Student Review and Termination Committee will arrange for a meeting with the student to address the issue within ten (10) working days of notice by the Director.
3. Members of the faculty involved with the identified issue may be required to meet with the Student Review and Termination Committee.
4. The student may choose to bring a personal advocate (not legal representation) to this meeting provided the student notifies the Committee within five (5) working days prior to the meeting of the name of the advocate, and the role to be served by the

- advocate at the meeting. The student may confer with their personal advocate or advisor, verbally or in writing, during the Student Review and Termination Committee meeting but the advocate may not speak for the student or represent the student to the committee. Staff or faculty of the School of Social Work may not serve as the advocate.
5. The Student Review and Termination Committee meeting will convene, and present written recommendations based upon their findings to the Director of the School within five (5) working days of this meeting.
 6. Written notification of the Director's decision will be sent to the student within five (5) working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director include:
 - A determination that the matter warrants immediate termination from the Program;
 - Referral of the matter to the BSSW Program Coordinator and the Assistant Coordinator of Field Education (BSSW Field) to create with the student a plan for remediation of the problem. Rules governing remediation plans include:
 - A timeline will be developed for completion of the plan.
 - The agreed upon plan will be put into written form and signed by all parties. A copy will be given to all participants and placed in the student's file and given to the Director of the School of Social Work.
 - The plan will be monitored and reviewed by the individual designated by the Committee and assessed for progress and completion of requirements.
 - If the student does not successfully meet the requirements specified in the plan, the student will be dismissed from the program. The student will be notified of this dismissal in writing by the Director of the School.
 - This procedure does not apply to automatic dismissals for failure to maintain sufficient academic progress.
 7. If satisfaction is not achieved at this level, the student may file a formal, written appeal to the Associate Dean of Academic Affairs of the Robert Stempel College of Public Health & Social Work. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director's decision.

** If the matter has occurred in the field, please refer to [Problem-Solving in Field Placement](#) and follow the steps for Field Instructor Identifies a Concern.**

C. Student Review & Termination Committee Membership

The membership of the Student Review and Termination Committee is determined by the Director of the School of Social Work using the following guidelines:

1. The Associate Director, or designee, will serve as the chair to the Committee.
2. A Coordinator of Field Education, or designee, and a member of the Field Advisory Committee or an agency Field Instructor will serve on the committee if a field practicum issue is brought to the Committee.
3. A student representative from the School of Social Work in the BSSW program will serve on the committee.
4. A faculty member from the School of Social Work will serve on the Committee.

D. Reinstatement After Termination

A student whose enrollment in a degree program has been terminated because of a recommendation by a Student Review and Termination Committee may request reinstatement in the degree program. The request must be initiated at least one year after the student's termination from the program. To request reinstatement, the student should write a letter to the Director of the School of Social Work, indicating: (1) when the student was terminated, (2) the reason(s) for the termination, and (3) the reason(s) why the student believes that they should be reinstated to the degree program. The Director will review the request and if at least one year has passed since the student was terminated, refer the request for reinstatement to the BSSW Program Coordinator, who will appoint a Reinstatement Committee to consider the student's request for reinstatement.

The composition of the Reinstatement Committee will be the same as the composition of a Student Review and Termination Committee outlined above. Within ten (10) working days of receiving notice from the Director, the Reinstatement Committee will meet with the student, following the procedures for the Student Review and Termination Committees above. The Committee can recommend reinstatement to the degree program, with or without a remediation plan, or the Committee can deny reinstatement. The Committee will base its recommendation on (1) the student's understanding of the reasons for their termination from the program, (2) the steps the student has taken to remediate the problem(s) that resulted in termination, and (3) the Committee's judgment of the student's potential for completing the degree program. Within five (5) working days after the meeting with the student, the committee will make a recommendation to the Director, who may accept or reject the recommendation of the Committee.

The Director's decision may be appealed as outlined in the Professional Misconduct Procedures Process above (#7).

XV. ACADEMIC AND PROFESSIONAL GRIEVANCE PROCEDURES

A. Academic Grievances

The Program's definition of academic grievances follows that of the University. The procedure, similarly, follows the model of the University. The [University Academic Grievances Procedure](#) is below.

1. Informal Academic Grievance Procedure

- Undergraduate students must attempt to resolve informally an academic grievance as soon as possible. A student must initiate informal resolution procedures by contacting the professor (or administrator as the instructor of record) no later than ten (10) business days* after classes begin in the semester following that in which the complaint arose or the grievance will be deemed untimely. The student must first attempt to resolve the academic grievance through an informal meeting with the professor.
- If the matter cannot be resolved, or if the professor cannot be reached, the student must meet next with the department chair. If the student's grievance is against a committee, the student must meet with the committee chairperson.

- If the matter cannot be resolved, the student must meet next with the department chair. The informal grievance process is terminated at the department level except when the department chair is the subject of the complaint in which case the grievance continues to the college or school dean. A mutually agreeable resolution shall be formalized through a notation in the student's file/record which is initialed by the student and the professor or college or school dean.

2. Formal Academic Grievance Procedure

- The academic grievance procedure within the Office of the Faculty Fellow for Academic Integrity is initiated by filing a written complaint with the Faculty Fellow for Academic Integrity or designee. The complaint must be filed within fifteen (15) business days* of the date the informal resolution process ends, or within twenty (20) business days* after classes begin in the semester following that in which the complaint arose – whichever is later.
- After receipt, the Faculty Fellow for Academic Integrity or designee, in consultation with the chairperson of the Undergraduate Education Grievance Committee, will review the complaint to determine whether it falls within the scope of this policy and whether a formal hearing is warranted. When there are disputed issues of material fact which must be determined, a formal hearing is warranted.
- If the complaint does not fall within the scope of this policy, then the student shall be so notified in writing.

3. Undergraduate Student Academic Grievance Committee

Where a complaint falls within the scope of this policy and there are disputed issues of material fact to be determined, the Faculty Fellow for Academic Integrity or designee will refer the matter to the Undergraduate Student Academic Grievance Committee. The grievance committee will be composed of five members, two of whom should be undergraduate students selected by the Faculty Fellow for Academic Integrity or designee from a list of names supplied by the Student Government Association (SGA) and/or the academic deans. The other members of the committee shall be three full-time faculty who have experience with undergraduate programs. They will be selected from lists supplied by the academic deans and/or the Faculty Senate. The faculty members of the committee will include two faculty from academic units outside of the school/college where the student is enrolled and where the grievance has been filed. The chairperson of the committee will be jointly selected by the Faculty Fellow for Academic Integrity or designee and the chairperson of the Faculty Senate.

4. Procedure of Policy

A hearing shall be scheduled as soon as possible but no later than 45 business days* after receipt of the grievance. The grieving party and the professor shall be notified by the Faculty Fellow for Academic Integrity or designee in writing, of the date and time in which to appear for the formal hearing. The hearing shall be conducted with such formality as is necessary to insure the proceeding is fair and in a manner that allows both sides of the dispute to be presented. The hearing shall be recorded. At the conclusion of the hearing, the members of the committee shall have the opportunity to deliberate outside the presence of the parties. A written report including findings of facts, conclusions and recommendations shall be prepared and forwarded to the Faculty Fellow

for Academic Integrity or designee. The Faculty Fellow for Academic Integrity or designee shall issue a written decision within fifteen (15) business days* of receipt of the committee's report. The student and the professor will be sent copies of the Faculty Fellow for Academic Integrity's determination by certified mail.

5. Appeals

Any decision of the Faculty Fellow for Academic Integrity may be appealed by either the grieving student or the professor where there is evidence that a significant impropriety in the review process occurred. The appeal must be in writing, specify in detail the alleged procedural impropriety, and must be filed in the Office of the Provost within ten (10) business days*, of the date of receipt of the Fellow's decision. The Provost or a designee shall review the appeal and the record of the formal hearing and issue a decision within twenty (20) business days*. The decision of the Office of the Provost is final.

* "Business Day" is defined as day when University administrative offices are open.

For any academic grievances that do not fall under the University's policy, students may refer to the grievance procedure for professional conduct grievances.

6. Undergraduate Appeal of Academic Dismissal

A student who has been academically dismissed from the University will have ten working days to submit an appeal for Academic Reinstatement. The appeal for Academic Reinstatement is the formal method through which a student can appeal the dismissal decision. In order for a student's appeal to be considered complete, the following documentation must be submitted to OneStop:

1. Personal Statement describing the circumstances that led to the student's lack of academic progress; this statement must also include a statement describing a change of conditions that will facilitate improved academic performance.
2. Academic Plan signed by the student's academic advisor. The plan describes the academic steps suggested by the advisor to facilitate improvement in the student's academic performance.
3. Academic Agreement signed by the student's College/School Dean or the Dean's designee (usually the student's Department Chair); the College/School Dean or Dean's designee is responsible for approving or denying the reinstatement appeal.
4. Supporting Documentation is required for financial aid recipients; this documentation should support any claims or assertions made the student's Personal Statement.

If approved, the Academic Reinstatement specifies the term for which the student has been reinstated and (if applicable) limitations on the number of credit hours in which a student can enroll; please note that the student must enroll during the term specified in the reinstatement decision. Dismissed students reinstated to the university are placed on academic probation. <https://policies.fiu.edu/files/723.pdf>

B. Professional Performance Grievances

Any student grievances that do not fall under the University's definition and policy for academic grievances can be addressed through the following professional grievances policy of the School of Social Work:

1. Undergraduate students must attempt to resolve informally a professional grievance as soon as possible. A student must initiate informal resolution procedures by contacting the instructor, committee chairperson, or Director of the School with whom there is a complaint no later than ten (10) business days after classes begin in the semester following that in which the complaint arose, or the grievance will be deemed untimely. The student must first attempt to resolve the grievance through an informal meeting with the instructor, committee chairperson, or administrator. If the matter is resolved through that meeting, no further steps need occur.
2. If the matter cannot be resolved, or if the person with whom there is a complaint cannot be reached, the student may make a written appeal to the School's Director within ten (10) days of the failure to resolve the matter informally. Complainants against the School Director should go to step #7. The written appeal should include a description of the nature of the issue and a summary of previous resolution efforts. The Director of the School will meet with the student and faculty member in an attempt to resolve the grievance. Possible actions by the Director may include but are not limited to:
 - a. Referral of the appeal to a designated Student Review and Termination Committee by notifying the Chairperson of the Student Review and Termination Committee.
 - b. Upholding the decision of the faculty member (student may appeal this decision by progressing to step #7).
3. If the Director refers the appeal to a Student Review and Termination Committee, the Committee will arrange for a meeting with the student to address the appeal within ten (10) working days of notice by the Director. Members of the faculty involved with the identified issue may be requested to meet with the Student Review and Termination Committee.
4. The student may choose to bring a personal advocate or advisor (not legal representation) to this meeting provided the student notifies the Committee within five (5) working days prior to the meeting of the name of the advocate, and the role to be served by the advocate at the meeting. The student may confer with their personal advocate or advisor, orally or in writing, during the Student Review and Termination Committee meeting but their personal advocate or advisor may not speak for the student or represent the student to the Committee. Staff or faculty of the School of Social Work may not serve as the advocate.
5. The Student Review and Termination Committee meeting will convene and present written recommendations based upon their findings to the Director of the School of Social Work within five (5) working days of the meeting.
6. Written notification of the Director's decision will be sent to the student within ten (10) working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director may include but are not limited to:
 - a. Upholding the decision,
 - b. Remediation of the problem.
7. If satisfaction is not achieved at this level or the complaint was against the School Director, the student may file a written appeal to the Associate Dean of Academic

Affairs of the College. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director's decision.

For grievances related to the field practicum, students should refer to [Problem-Solving in Field Placement](#). If the problem remains unresolved, students should refer to #2 above.

Students are encouraged to become thoroughly familiar with their rights & responsibilities within the University by reviewing the [FIU Student Handbook](#) and related websites.

XVI. SEXUAL OR GENDER-BASED HARASSMENT POLICY

Sexual harassment is a form of sexual discrimination prohibited by Title VII of the Civil Rights Act of 1964 and addressed in higher education under Title IX. Whether the harassment comes from a Field Instructor, fellow student, client, or any other agency employee, it is destructive to the learning and working environment and adversely affects students' performance in their practicum.

A. Definition

Sexual harassment is defined in FIU—105 Regulation as *those incidents that are sufficiently pervasive, persistent, or severe that a reasonable person would be adversely affected to a degree that interferes with their ability to participate in or to realize the intended benefits of a University activity, employment, or resources*. Internships are covered under this regulation as off-campus educational experiences. Sexual or Gender-Based Harassment includes:

1. Unwelcome sexual advances, requests for sexual favors and other verbal, physical, or electronic conduct of a sexual nature that creates a hostile, intimidating, or abusive environment;
2. Verbal, physical, or electronic conduct based on sex, gender, sexual orientation, or sex-stereotyping that creates a hostile, intimidating, or abuse environment, even if those acts do not involve conduct of a sexual nature; or
3. Exhibiting what is perceived as a stereotypical characteristics for one's sex or for failing to conform to stereotypical notions of masculinity or femininity, regardless of the actual or perceived sex, gender, sexual orientation, gender identity, or gender expression of the individuals involved.

Conduct that falls into the definition of sexual harassment includes, but is not limited to:

1. Unwelcome physical contact of a sexual nature such as patting, pinching, or unnecessary touching.
2. Overt or implied threats against an individual to induce them to provide sexual favors or to engage in an unwelcome sexual relationship.
3. Verbal harassment or abuse of a sexual nature, including intimating by way of suggestion a desire for sexual relations, or making jokes or remarks of a sexual nature which are not germane to academic course content.
4. Use of sexually suggestive terms or gestures to describe a person's body, clothing, or sexual activities.
5. Displaying or posting through any medium, including, but not limited to, electronic communication, offensive sexually suggestive pictures, or materials in the workplace.

B. Process for a Complaint in the Field

Students are strongly encouraged to contact their Field Liaison, Field Instructor, Coordinators of Field Education, or any faculty or staff in the Office of Field Education with whom they feel most comfortable about a sexual harassment complaint. The School understands that students are not always sure if their concern reaches the level of sexual harassment or are afraid of retaliation. A faculty member from the Office of Field Education will support the student and assist them through any agency complaint procedure, assessing and ensuring the safety of the student. If the agency does not have a sexual harassment process, the student can make complaints to [FIU's Office of Civil Right Compliance and Accessibility](#) at 305-348-2785.

C. Resources

Aside from the support that the Office of Field Education will provide a student, the University has resources for students who have experienced sexual harassment. [The Victim Empowerment Program](#) has a 24-hour hotline (305-348-3000).

Additional information regarding sexual harassment and procedures for filing sexual harassment complaints may be found in the [FIU Student Handbook](#).

XVII. TECHNOLOGY GUIDELINES FOR SOCIAL WORK INTERNS

Technology brings with it many advantages as well as some hidden disadvantages. Social media, for example, allows people to easily collaborate and socialize with colleagues, friends, and family who may be in different cities, states, or countries. Yet, it is important to be cognizant that crucial elements of the social work standards, contained in the [National Association of Social Workers Code of Ethics](#) as well as [the Council on Social Work Education \(CSWE\)'s competencies](#), are challenged by technology. Confidentiality, boundaries, and privacy, for example, must be maintained in the face of complex forms of communication such as social networks, blogs, and texts.

Competency 1, “demonstrate ethical and professional behavior”, addresses these concerns in explaining that “social workers [must] understand digital technology and the ethical use of technology in social work practice.” Further, behaviors 1 and 2 state that social workers:

- Make ethical decisions by applying the standards of the National Association of Social Workers Code of Ethics, relevant laws and regulations, models for ethical decision making, ethical conduct of research, and additional code of ethics within the profession as appropriate to the context.
- Demonstrate professional behavior; appearance; and oral, written, and electronic communication (CSWE, 2022).

In line with these expectations, students are asked to read and abide by the [Standards for Technology in Social Work Practice](#) created by NASW, ASWB, CSWE and CSWA (2022).

To further assist students in navigating these ever-changing waters, FIU's School of Social Work has created this set of guidelines. It is vital that students understand that they are responsible for professional behavior, as defined by the School and University as well as the profession, as soon as they begin the program—whether the behavior is in person or online. Any behavior construed

as unprofessional may have negative consequences for students in the School, among their colleagues and clients, and for their social work career.

Students should be aware of the following issues when they engage in online communications:

- It is inappropriate for students to refer to or create content about any field agency, client, or client situation on their personal social media pages (Facebook, Instagram, Snapchat, Twitter, TikTok, Blog) regardless of the level of privacy settings. Students should not post any photographs or videos of clients on these sites (regardless of permission from a client or agency).
- Students should use the highest privacy settings available on any social media pages in order to safeguard personal information; clients, colleagues, faculty, supervisors, future employers, etc. can easily search for students. Please keep in mind that even the highest security settings are not absolute and all information posted on the internet is permanent. Students should, therefore, be cautious regarding what they post and should regularly monitor their own internet presence in order to make sure that professional and personal information online is, to the extent possible, appropriate and accurate.
- It is not appropriate for students to search for information regarding a client. Such searches can quickly lead to boundary violations, impacting the client's sense of safety and the therapeutic alliance. This also includes searching for clients on social media sites, and surfing their personal pages, viewing/reading their posts, watching their stories even if the client page is public.
- In line with the *Code of Ethics*' policy on conflict of interest and dual relationships, students should not "friend" or "follow" current clients on personal or professional social media sites. The School of School Work highly recommends that students do not "friend" or "follow" past clients on personal or professional social media sites.
- Students should not share personal contact information, including personal cell phone numbers, emails, address, social media handles etc., with current or previous clients. Students should not refer clients to personal businesses for services.
- As future social workers, students are representing the social work profession in their online presence. Be mindful that posts, pictures, comments, etc. can easily be taken out of context.
- The security of email cannot be guaranteed, therefore, students should check with their Field Instructors regarding agency policy for email communication. Students should refrain from using client private health information via email. Students should not use personal email addresses for agency communications.
- Interactions in texts, WhatsApp, Snapchat, Instagram, Facebook, Twitter, TikTok, and other forms of instant messaging/social media with peers, colleagues, or supervisors (if allowed) should be cautiously used due to the ease of impulsive, reactive, and potentially out-of-context communications.
- Always check the policies of the University and agency regarding online communications.

PROCESS:

This application will be used by a Coordinator of Field Education for the purpose of placement assignment to agencies with which the University has a formal written affiliation. The agency also will view your application so *please be sure that it is free of typos and grammatical errors.*

Prior to matching, a Coordinator of Field Education will meet with you to get your further input. You will sign up for this interview once you have been accepted into the field. The Coordinator of Field Education will make every effort to take into consideration your interests and preferences, however, it should be understood that for a variety of educationally based and/or agency related reasons, placement with specifically requested populations or agencies is not always possible or appropriate. Please do not call agencies directly prior to your match; work with your Coordinator of Field Education. Moreover, while every effort is made to meet the scheduling needs of all students, it is agency hours and supervision that determine what can be accommodated. Consequently, *placement cannot be guaranteed for students who are not available during regular weekday business hours.* All students are required to have at least 8 hours daytime (8:30am-5pm), weekday hours available each week of practicum.

After your meeting with a Coordinator of Field Education, you will receive your agency assignment and schedule an interview with the agency. All finalized assignments are contingent upon that pre-placement interview and the agency's acceptance of the student. It is expected that the student will remain at the same agency for the two consecutive semesters Field Experience I and II, unless the agency requests the student be replaced.

After you submit your application, you will receive an email confirming your acceptance or denial. If you are accepted into field, the email also will include directions regarding the mandatory field orientation, interviews, and other required steps. Students also are required to read the Field Education Manual before submitting their application. The Field Education Manual is available on the [School of Social Work website](#).

Acknowledgment of Risk in the Field Placement

Student Name: _____ Panther ID: _____

This document is designed to inform you of some of the potential risks associated with a field placement. It is the School of Social Work's belief that you have a right to be informed of risks associated with this aspect of your educational and professional preparation, and that with proper knowledge and preparation, risks can be minimized.

- **Liability Insurance:** Professional liability coverage is provided through FIU for students in field internships. Contact the Office of Field Education if you are interested in purchasing additional liability insurance from NASW at a reasonable cost. An important aspect of professional practice is recognizing the limits of your knowledge and skills and avoiding helping situations that are not within your area of competence. Whenever you have a question about the handling of a particular case or whether a given intervention is appropriate, discuss this with you agency Field Instructor.
- **TB Skin Test (PPD-S):** The prevalence of TB in society has seen an increase in recent years. If you anticipate an internship setting that serves populations at risk for TB, it is recommended that you take this test prior to entering the field. Some agency settings may require this test. You can be tested at the Student Health Center.
- **Client Office Visits:** You may have a client in your office who becomes agitated or hostile. It is important that you discuss such matters with your Field Instructor early in your internship to be informed of agency policy and recommended courses of action should such an event happen.

- **Settings:** Social Service settings serve a client population whose behavior may be unpredictable. It is important that you learn strategies for handling clients whose behavior becomes threatening. Whenever you feel uncomfortable with a client, inform your Field Instructor. It is acceptable to have your Field Instructor or another staff person accompany you when visiting such clients.
- **Home Visits:** It is common for social workers in a variety of social service settings to conduct home visits. Such visits do expose you to risks. It is important that all home visits be made with the full knowledge of your agency Field Instructor, sharing such information as the time of departure, time of return, other activities while on the trip, etc. Do not conduct a home visit when you feel uncomfortable or threatened in the situation. Return to the agency and report your experiences to your Field Instructor. Beware of dogs or other household pets that might be a threat. Do not make a visit when the presence of alcohol or drugs is detected. It may be appropriate for you to make visits accompanied by your Field Instructor or other agency staff. **Do not take risks.** Know whom to call and what steps to take if you should experience a vehicle breakdown.
- **After Hours Meetings:** Some social service settings have activities that occur beyond normal office hours. Be aware of the location or neighborhood where such activities take place, note street lighting, open spaces, shrubs, and other growth that might impair vision. It is suggested that you always be accompanied by your Field Instructor or someone else when going to your car after dark. **Do not take risks.**
- **Hepatitis B Vaccine:** Working with high risk clients means there is a chance of being exposed to blood-borne pathogens; it is recommended that you get this vaccination. This involves a series of three injections over a six month period of time. The second injection is given one month following the first, with the third coming five months later. Given the time requirements for this protection, it is important that you begin immunization at a time that would give you protection when you enter your internship. This series of immunizations can be administered by the Student Health Center. There is a cost for these series.

I have read the above and understand that a field placement may present some risks. I also understand that prudent choices and exercising caution can minimize these risks. I further recognize that it is my responsibility to become informed of agency policy and practices regarding the above situations, and notify my supervisor and FIU Faculty Field Liaison if any concerns arise.

BSSW EMPLOYMENT SETTING PRACTICUM APPLICATION

- The student must have completed 3 months of employment and/or not be on probation by the field application due date.
- FIU School of Social Work must be affiliated or become affiliated with any field practicum agency prior to student placement.
- The agency must have an MSW with at least 2 years post-graduate experience who agrees to the following requirements:
 - Complete the 2 day, 12-hour Field Instructors' training offered by the School prior to or during the first semester of internship.
NOTE: Failure to attend the next training will result in termination of this employment setting internship and the student being moved to a new agency.
 - Provide weekly, face-to-face supervision for one-hour and task supervision daily
- Students may not apply for an internship where they have been an intern previously.
- All completed applications are reviewed on a case-by-case basis.
- A meeting will be scheduled with the student, the identified Field Instructor and the Assistant Field Coordinator once the application is submitted to determine if the employment setting meets the School's requirements.

Student Name: _____ **Date Submitted:** _____

*Completed applications must be submitted by the field application due date.

Semester for Practicum Placement (check one):

_____ **Summer (21.5 hours per week for each of the 12 weeks)**

_____ **Fall (16 hours per week for each of the 16 weeks)**

_____ **Spring (16 hours per week for each of the 16 weeks)**

POLICY STATEMENT FOR THE EMPLOYMENT SETTING PRACTICUM

Practicum agencies are selected based on their ability to provide learning opportunities that are consistent with the Council on Social Work Education's (CSWE) nine (9) competencies at the generalist practice level. This includes practice with individuals, families, groups, communities, and organizations. Required internship tasks listed in the Learning Contract provide the structure and learning plan for students to demonstrate all nine (9) competencies. Learning Contracts are inclusive of required, competency and behavior-based tasks appropriate for the students' generalist level of practice.

Before the student is placed in an agency, the Assistant Field Coordinator and the agency will discuss the types of learning experiences provided and the availability of a qualified MSW for field instruction. If an agency is not already legally affiliated with FIU's School of Social Work, a formal affiliation agreement process will be initiated and must be finalized at least 2 months prior to the practicum start date.

The field education experience is designed to offer students new learning opportunities in new practice settings. However, it is possible for BSSW students to complete the practicum in their place of employment with approval from the Assistant Coordinator of Field Education. Approval is only granted when:

- The agency can provide at least 50% of a student's required hours by assigning new learning experiences that are different than the student's current job responsibilities.
 - A student would be able to count up to 50% of their employment/work hours towards field

internship hours IF the student's current job responsibilities meet the Learning Contract requirements.

- This is to ensure the student gets access to new and required, social work learning experiences within their agency (see Learning Contract).
- The agency recognizes the student's learning experience must be tied to the nine (9) competencies provided in the Learning Contract at the generalist practice level and affords them the opportunity to meet them in their employment.
- The agency can provide an MSW with at least two years of post-graduate practice experience to serve as the student's Field Instructor.
- The Field Instructor can provide one hour per week of individual and/or group supervision for the internship separate from other employment supervision/staff meetings.

Please note: Field Instructor can be the student's current supervisor if they meet the above requirements.

The following conditions must be met:

The Agency agrees to:

1. Provide the student with a Field Instructor who has two years of post-MSW graduate experience and can meet the same qualifications of the School of Social Work as other Field Instructors, including taking the required training offered by the School twice per year.
2. Provide the student with one, continuous hour a week of supervision with the Field Instructor that is separate from employment supervision time, focusing on the nine (9) competencies as outlined in the Learning Contract and supervision agenda.
3. Provide the student with generalist practice learning opportunities with individuals, families, groups, communities, and organizations that differ from their regular job responsibilities for at least 50% of the student's internship hours.
4. Complete the Employment Setting Practicum Application using the Learning Contract provided with this application to review program requirements.
5. Be able to meet School of Social Work's Learning Contract requirements for the student at the agency (see Learning Contract).
6. Continue with the student's Learning Contract for the designated time and not alter this plan to meet the employer's needs.
7. Meet with the Assistant Coordinator of Field Education and the student to review the Learning Contract and program requirements within one week of this application being submitted to the School.
8. Not use Field Instructor's evaluations of the student, written class assignments prepared by the student and other material prepared for utilization in the educational plan of the student to evaluate the student's performance as an employee of the Agency.

The School of Social Work agrees to:

1. Provide Faculty Liaison to the Agency/Student to support and monitor the educational arrangement through regular phone calls, Zoom meetings, emails, and site visits. Throughout the internship, the Field Liaison will assess how the student is engaging in the 20 behaviors to meet the nine competencies using the Learning Contract, ensure that the student assignments are generalist practice level, and confirm that supervision is consistently provided and separate from employment supervision.
2. Provide the student, Field Instructor, and agency with the same orienting, monitoring, support, engagement, and evaluation as those internships where the students are not employed by the agency.
3. Be available for consultation with the Agency Director, Field Instructors, and students to discuss

various aspects of the field practicum.

4. Provide the Agency and Field Instructor with competencies and behaviors, curriculum, and policies of the School, including the website for the BSSW Field Education Manual <https://stempel.fiu.edu/assets/docs/bssw-field-manual.pdf>
5. Develop and coordinate training for Field Instructors and ensure that the Field Instructors attend the biannual mandatory Field Instructors' Training.

Termination from the Agency:

In the event a student's employment is terminated at the placement, the Assistant Coordinator of Field Education will assess the circumstances, meeting with the student and Field Instructor (if possible). If the student was terminated due to circumstances unrelated to student performance such as funding cuts, position elimination, or agency closure, the Assistant Coordinator will immediately identify a new placement and move the student to that internship as soon as possible. If the student's employment termination was due to performance issues that relate to internship performance expectations (though they may only have occurred as part of employment), the Assistant Coordinator will consult with the Associate Director and determine if the student will be: (1) replaced at another agency; (2) assigned an "F" in practicum and, therefore, terminated from the major; or (3) assigned an "F" in the practicum but sent to a Student Review and Termination Committee to determine if the student can continue in the program. At no time does the employment supervisor, agency, or Field Instructor (if different from supervisor) make the determination of the assigned grade or continuation in the program.

CRIMINAL HISTORY NOTICE

Students are advised that the vast majority of agencies require a criminal background check prior to final approval for field placement. Students with certain criminal backgrounds may be ineligible for field placements due to Florida Statute (F.S.) Chapter 435, thus, impacting their ability to complete the social work program. The School of Social Work will not place any students with disqualifying offenses in any agency, regardless of agency policies. Furthermore, students are advised that Florida and most other states may restrict or deny social work licensure for persons with a felony conviction. Students with disqualifying offenses must have an exemption from the Florida Department of Children and Families by the due date for field applications in order to move forward in the field process.

If you have **any** criminal background, please see Prof. Jennifer Abeloff *before proceeding* with the social work program.

In signing this notice, you are acknowledging that you have read the Criminal History Notice and understand that you must seek advisement from Prof. Abeloff if you have any sort of criminal background before continuing with the social work program. *Failure to meet with Prof. Abeloff may result in dismissal from the program.*

Notification for Internship Placement Hours

Late afternoon/evening (after 3pm) and weekend placements are extremely limited and dependent upon partner agencies' availability each semester. The Office of Field Education will hold a lottery when there are more student requests than placements offered. Accommodating students who work part/full time is the School's goal, however, the School is under no obligation to provide such placements. Students may have to postpone practicum until evening or weekend placement becomes available OR the student has weekday, daytime availability. Field placement cannot be guaranteed to students who require evening and weekend placements, even if a student has had to postpone previously.

All students must have at least 8 weekday, daytime hours available per week for the field practicum experience and must be able to attend all agency-required daytime orientations and trainings as well as weekly, daytime supervision.

Employment Setting Field Placement

The School may allow students to complete the field internship where they are employed IF the agency can meet the School's requirements (see Field Education Manual to review policy). Students must complete the Employment Setting Application by the field application due date for the semester they are applying. Please contact the Office of Field Education at least 3 months prior to the semester you will complete the internship. sowpracticum@fiu.edu or 305-348-3881.

In signing this form, you are acknowledging that you have read and understood the Notification for Internship Placement Hours and Employment Setting Placement.

- Student has read and/or discussed what the procedure is if there is a suspicion that someone has a weapon.
- Student has been shown where to store personal items (purse).

Safety in the Community

- Student has read and discussed with the Field Instructor the agency's policies and procedures for safety in the community.
- Student is aware of the following standard community safety practices:
 - Car readiness (gas checked, well maintained, GPS/map available)
 - Park car facing out to easily leave if necessary
 - Have a charged cell phone easily accessible with 911 on speed dial
 - Drive through the community before stopping (note where there is a grocery store, community center; who is outside, are there large groups gathering)
 - Leave purse somewhere else (if student leaves it in the back of the car, place it there prior to arriving at the home or in the community)
 - Walk confidently to the home, using your eyes to scan around you
 - Do not dally getting in and out of your car (this is not the time to call the next client); have keys in hand when approaching the car
 - Wear minimal jewelry
 - Park where you can easily get out and will not be blocked in (no dead end streets)
- Student has discussed with the Field Instructor what the policy is about leaving the community if they are uncomfortable.
- Student understands to leave a daily plan at the office with Field Instructor or Task Supervisor with phone numbers attached.
- Student has been shown how to document incidents or threats.
- Student has been told who to contact at the agency when there is an incident or threat.
- Student has been told when to inform the Field Instructor and Field Liaison.
- Student knows how to contact the Field Instructor in case of an emergency and knows who to contact in lieu of the Field Instructor if Field Instructor is unavailable.
- Student has read or been familiarized with the process of reporting injury at the placement agency.

Safety in a Client's Home

- Student is aware of the following standard home visit safety practices:
 - Engage your client
 - Respect their space and property
 - Show concern about them and their situation
 - Being a judge or jury does not enhance your safety

- Be aware of who else is in the house when you are there
 - When in a potentially hostile environment, maintain an arm and leg length distance between you and others
 - Humor is a great gift (though be sensitive)
 - If you sense a safety issue, find something to agree about with the client (you don't have to make your point)
 - It is sometimes fine to appropriately discuss your safety concerns with clients; they can be helpful with best place to park, when it is best to come.
- Student has discussed with the Field Instructor what the policy is about leaving the home if they are uncomfortable.
 - Student has read or been familiarized with the agency policy in regards to clients who are inebriated or high (the student should always leave but how should you handle afterwards)
 - Student has discussed and practiced with Field Instructor how to safely position self in homes (access to the door until you know the situation).
 - Student has discussed with the Field Instructor when it is okay with the agency to ask to meet a client away from their home (i.e. nearest McDonald's, at a park, etc.)

Safety within Yourself

- Student has designed a self-care plan for themselves (exercise, nutrition, support, rest, meditation)
- Student has discussed boundaries with the Field Instructor (internship vs. personal) and has reflected on personal boundaries (social, work/school/internship/family expectations)
- Student and Field Instructor have discussed compassion fatigue and how to handle (ex. laying down concerns about clients at the end of the day)

FIELD INSTRUCTOR CHECKLIST

Prior to student(s) beginning at your agency:

- Attend and participate in the Field Instructors' Training(s) and other relevant trainings offered by the School to enhance professional development and student learning experience.
- Review School's field policies and procedures in the field manuals on the School's website – scroll down to the Field Education Toolbox for Field Instructors.
- Review learning contracts (including competencies, behaviors and corresponding tasks), checklists, and evaluations that correspond to the level of the student(s) you will be supervising. Match tasks/activities on the learning contract to tasks/activities at the agency.
- Develop a plan with your staff to ensure student(s) will be assigned activities to meet the learning contract requirements.
- Orient agency staff and administration to the students' learning goals and role at the agency.
- If necessary, assign an appropriate task supervisor who has the ability to provide the adequate one-one training to student(s).
- Orient the task supervisor to the students' learning goals and role at the agency (if applicable) and train the task supervisor using the Task Supervisor Checklist.
- Provide Office of Field Education with the Task Supervisor Data Sheet.
- Introduce student(s) to task supervisor prior to first day of placement (if applicable).
- Create an internship schedule with student(s).
- Discuss trainings/orientations and/or additional requirements student(s) must complete prior to or during field placement.
- Provide information to student(s) regarding dress code, parking, key/ID badge, lunch, and other details.

During the first two weeks of practicum:

- Review learning contract, including competencies, behaviors and required tasks, as well as checklists, and evaluations with student(s).
- Review due dates for all forms and assignments with student(s) during first meetings and interactions.
- Sign learning contract by the due date and have student(s) each print out a copy to bring to weekly supervision.
- Review the safety checklist in full with student(s) and sign by the due date.
- Ask student(s) for a copy of the practicum/seminar syllabi as well as the co-requisite practice course syllabus and refer to assignments and relevant due dates as needed. Different levels of students (BSSW I, BSSW II, MSW I, MSW II, MSW III) will have different course syllabi.

- Assign consistent weekly supervision meeting times and dates with student(s) and meet each week for a minimum of an hour as planned (individual or group for BSSWs, individual only for MSWs).
- Discuss with student(s) how to best communicate with you (via email, phone, text etc.) when they have questions and/or an emergency in between supervision meetings.
- Discuss with student(s) and provide information on whom they should contact in case of an emergency during your absence.
- Provide student(s) with orientation to agency and to agency staff.
- Provide student(s) with agency manual or handbook (if applicable) and discuss any relevant areas or important topics.
- Throughout the practicum experience:
 - Meet weekly for one hour of supervision (individual/group for BSSW/MSW I and individual for MSW II/III); initial Log of Supervision Hours on a weekly basis.
 - Check learning contract progress (behaviors and tasks) on a weekly basis.
 - Provide feedback for any assignments where Field Instructor input is required (e.g. process recordings, etc.)
 - Check-in with task supervisor on students' progress on a weekly basis (if applicable).
 - Check-in with student(s) on progress between supervision meetings.
 - Initial Log of Hours on a weekly basis.
 - Check students' documentation and review cases on a weekly basis.
 - Provide constructive feedback to student(s) on an ongoing basis and ask for feedback from student(s) regarding their practicum experience.
 - Contact FIU Field Liaison and/or Coordinator(s) with any questions or concerns immediately.
 - Be proactive in involving FIU's Office of Field Education when tackling any issues.

At mid-semester:

- Review students' progress on the learning contract (see behaviors and tasks) with student(s) and Task Supervisor (if applicable) and fill out mid- semester evaluation accordingly by the due date. Contact the Office of Field Education with any questions about the evaluation.
- Discuss mid-semester evaluation with student(s) and plan for the rest of the semester.
- If needed, work with the Office of Field Education to develop Field Internship Support Plan.

At the end of the semester:

- Review students' progress on the learning contract (see behaviors and tasks) with student(s) and Task Supervisor (if applicable) and fill out the final evaluation accordingly by the due date.
- Plan for second semester if applicable.
- Ask for feedback on students' experience of field instruction and internship at the agency.
- Review and sign Log of Supervision Hours by the due date.
- Review and sign Log of Hours by the due date.

TASK SUPERVISOR CHECKLIST

Prior to student(s) beginning at your agency:

- Attend and participate in Field Instructor and Task Supervisor trainings offered by the School to enhance the student learning experience and better clarify roles and responsibilities.
- Review with Field Instructor the semester start and end dates, student schedule, relevant field policies.
- Review the learning contracts (including competencies, behaviors and corresponding required tasks), checklists, and evaluations that correspond to the level of the student(s) with whom you will be working; discuss with Field Instructor.
- Discuss with Field Instructor appropriate learning tasks for the student(s) for this semester.
- Introduce yourself to the student prior to first day of placement.

During the first two weeks of practicum:

- Provide student with a tour of the facility and introduce them to other staff.
- Provide student with any agency manuals or handbooks.
- Discuss with student how best to contact you (via email, phone, text, etc.) and differentiate your role from the Field Instructor's Determine how you will track student's time (sign-in sheet).

Throughout the practicum experience:

- Provide Field Instructor with update on student's progress on a weekly basis.
- Check student's attendance and timeliness.
- Be proactive in providing student and Field Instructor any necessary feedback promptly.
- Check with Field Instructor what learning opportunities the student needs to be having.

At mid-semester:

- Provide Field Instructor and student feedback regarding mid-semester progress.
- Plan with Field Instructor and student regarding the rest of the semester's learning opportunities and expectations.

At the end of the semester:

- Provide Field Instructor and student feedback regarding progress for final evaluation and attendance.
- Plan with Field Instructor and student regarding the next semester's learning opportunities and expectations (if applicable).

LOG OF STUDENT’S FIELD PRACTICUM HOURS

- **Maintain a record of required, weekly, field practicum hours. Enter the dates and total hours every week.**
- **Student and Field Instructor should log in to initial each week after student enters the information above. Any initials entered will “lock” the row for that week.**
- **Student and Field Instructor must log in and sign the bottom of this log at the end of the semester and by the due date provided in the course syllabus.**
- **Students must engage with clients (see Learning Contract required tasks for details) for at least 75% of the total weekly internship hours.**
- **Remote client engagement must use telehealth services that include video conferencing for most client interactions. Phone and/or chat cannot be the sole means for client contact as it does not meet the School’s requirements.**
