Please note that successful completion of this major does not award the student a Verification Statement, confirming eligibility for an accredited Dietetic Internship. Verification Statements are only awarded to students in the Didactic major. The Nutrition science major is intended for students who wish to pursue careers in nutrition sciences, medical/dental sciences or allied health sciences after graduation.

For DIE 3244 & DIE 4246:

Even though the lab is not required, the student must enroll in both the lecture and lab to guarantee a spot in the course and then contact the department to drop the lab before the add/drop deadline (see University Calendar). This is the student's responsibility. The department contact is Dr. Kenneth Beneby, Academic Advisor III, kbeneby@fiu.edu. Please email with your name, Panther ID number, course AND section number (U0X) that you wish to drop, and allow up to 48 hours for a response.

Permissions:

For permissions into DIE 3310, HUN 4404, and HUN 4240 because the system is not recognizing your prerequisites, please email Dr. Kenneth Beneby, Academic Advisor III, kbeneby@fiu.edu, with your name, Panther ID number (PID), course, AND section number (U0X). Please allow up to 48 hours for a response.

Graduation Requirements:

- Satisfy all requirements for Bachelor of Science in Dietetics and Nutrition with minimum GPA of 2.70.
- Complete a minimum of 120 credit hours of coursework in the Nutrition Science major.
- Earn a grade of "C" or better in all letter-graded courses with Prefixes of DIE, HUN, & FOS.
- Meet with Academic Advisor to receive graduation check prior to final semester.
- Apply for graduation via my.fiu.edu after registration in the final semester. See University Calendar for deadline.
