ACKNOWLEDGEMENTS

The Office of Field Education would like to gratefully acknowledge the contributions of a large group of colleagues and friends in the social work field without whose assistance portions of this manual would not have been possible. We would specifically like to thank the members of the Florida Field Consortium, East Tennessee State University, University of Texas at Austin, University of Central Florida and North Carolina State University for sharing their field manuals and forms and permitting Florida International University to draw from the content of their manuals and forms. The collaboration with other educational institutions has strengthened our program, and our ability to accurately articulate our policies and procedures.
PREFACE

The faculty of the School of Social Work at Florida International University’s Robert Stempel College of Public Health & Social Work would like to express their appreciation to affiliated agencies and field instructors for the vital role they play in educating our social work students. The experiences and opportunities provided in field practicum add a dimension that cannot be duplicated in the classroom.

The field practicum offers students educationally directed opportunities to learn by participating in the delivery of social services. The practicum enhances students’ ability to translate theory into effective social work practice and strengthens students’ awareness of the attitudes, motivation, and judgments identified with the profession of social work. The School of Social Work is fully accredited by the Council on Social Work Education, and its curriculum is planned in accordance with the standards set by the Council.

This Field Education Manual has been developed to inform field instructors and students of the policies, procedures, and overall expectations of field education and the relationship of the field education component to the total curriculum. It is to be used in the planning and implementation of the field learning experiences. Details about courses, admission, degree requirements, etc. will be found in the Student Handbooks and covered in the Field Instructors’ Training Course.

NOTE: The policies, procedures, requirements, and regulations at Florida International University and the School of Social Work at Robert Stempel College of Public Health & Social Work are continually subject to review in order to serve the needs of the University/School’s publics and to respond to the mandates of the Florida Board of Education, Board of Governors, and the Legislature. Changes in programs, policies, requirements, and regulations may be made without advance notice.
I. FLORIDA INTERNATIONAL UNIVERSITY

Florida International University is a vibrant, student-centered public research university, ideally located in Miami, that is worlds ahead in its commitment to learning, research, entrepreneurship, innovation, and creativity so that our graduate are prepared to succeed in the global market. FIU has two major campuses: FIU has two major campuses: Modesto A. Maidique Campus in West Miami-Dade County, and Biscayne Bay Campus in North Miami Beach. FIU also has various other locations which include the Engineering Center, near MMC, the FIU at I-75 in Pembroke Pines, the business center in Downtown Brickell, the Miami Beach Urban Studios (MBUS) and the Wolfsonian FIU on South Beach.

II. ROBERT STEMPEL COLLEGE OF PUBLIC HEALTH & SOCIAL WORK

The School of Social Work is housed within the Robert Stempel College of Public Health & Social Work (RSCPHSW), accredited by the Council on Education for Public Health (CEPH). The Robert Stempel College of Public Health & Social Work is unique among the nation’s accredited schools of public health in its interdisciplinary structure which combines the five major disciplines of public health in partnership with the disciplines of nutrition, dietetics and social work. This special blend of disciplines and programs afford students with the opportunity to better explore and understand the interrelatedness of social, biological, environmental and cultural determinates of health and well-being. The RSCPHSW strongly strives to reflect the diversity of the greater community so as to maximize its understanding and effectiveness in providing cross-cultural health and mental health services in today’s heterogeneous mix of cultures and languages. All students in the College are required to be grounded in basic public health knowledge.

III. BSSW PROGRAM MISSION STATEMENT

As a vital, contributing member of the South Florida community, the undergraduate social work program is committed to preparing its students for generalist practice in diverse, urban communities, locally and globally with an emphasis on understanding and serving individuals, families, groups, organizations and communities. Grounded in the professional social work values and ethics, the program educates students with skills and knowledge based on scientific inquiry and collaborative engagement to promote human and community well-being.

GOALS

The goals of the undergraduate program are derived from the BSSW program mission statement and are consistent with CSWE’s Educational Policy. The goals of the BSSW Program are to:

A. Provide curricula for generalist practice that build on a liberal arts foundation and the person and environment construct.

B. Educate students of generalist practice to identify with the social work profession grounded in its history, values, and science and to recognize, support, and build on the
strengths and resiliency of all human beings.

C. Prepare students to engage, assess, intervene with, and evaluate diverse and multi-cultural individuals, families, groups, organizations and communities in order to promote human and social well-being.

D. Educate students to promote policies, services, and resource allocation in order to advocate for human rights and social and economic justice.

E. Prepare students to develop and use critical thinking and apply ethical principles in their practice.

F. Provide students with the ability to engage in research-informed practice, collaborative engagement, and be proactive in responding to the impact of context on professional practice.

IV. SOCIAL WORK AS A PROFESSION

Social work is a profession that challenges people who are sensitive to the complex problems facing individuals and communities in modern society. The social work profession requires a high degree of knowledge, skill, and dedication. The social work student seeks to acquire knowledge and understanding of people and society, and skills in helping people use their own individual, familial, and community resources in meeting their needs.

Social workers are employed in a wide variety of public and voluntary community agencies such as group-serving agencies, hospitals, courts, community development programs, housing authorities, and a wide range of other health and human service organizations. The holder of the BSSW is eligible for many entry-level positions in such agencies while MSW holders often go on to more advanced level clinical social work practice positions.

V. THE BSSW PROGRAM

A. OVERVIEW

The program offers an integrated educational experience that combines the theoretical and the practical. It is designed to prepare the student for generalist practice as a beginning professional social worker, for entrance into a graduate school of social work, and for participation in society as an informed citizen. The curriculum applies a biopsychosocial model within the context of a social systems framework to understand client systems, address problems and develop intervention. The program is grounded in the core competencies set forth by the Council on Social Work Education. Students are expected to meet all core competencies by the end of their studies. Students are also provided grounding in public health core knowledge.

The program is accredited by the Council on Social Work Education and includes a sequence of academic courses as well as field education under qualified supervision in social service agencies in South Florida. Students are able to engage in practice behaviors that integrate their knowledge from the classroom into their practice in the field. Students may complete the BSSW on a full-time or part-time basis. Students may elect
to pursue a certificate in child welfare as part of their program of study. In addition, eligible BSSW graduates may apply to the MSW advanced-standing program.

**B. GENERALIST PRACTICE: COMPETENCIES AND CORRESPONDING PRACTICE BEHAVIORS**

The core practice competencies are designated in the 2008 Educational Policy and Accreditation Standards (EPAS) by the Council on Social Work Education (CSWE). CSWE has operationalized these competencies for generalist practice by identifying 41 practice behaviors defined as “a set of measurable practice behaviors that are comprised of knowledge, value and skills.”

*Educational Policy 2.1.1—Identify as a professional social worker and conduct oneself accordingly.*

**Practice Behaviors (PB):**
1. Advocate for client access to the services of social work;
2. Practice personal reflection and self-correction to assure continual professional development;
3. Attend to professional roles and boundaries;
4. Demonstrate professional demeanor in behavior, appearance, and communication;
5. Engage in career-long learning; and
6. Use supervision and consultation.

*Educational Policy 2.1.2—Apply social work ethical principles to guide professional practice.*

**Practice Behaviors:**
7. Recognize and manage personal values in a way that allows professional values to guide practice;

36. Initiate actions to achieve organizational goals;
37. Implement prevention interventions that enhance client capacities;
38. Help clients resolve problems;  
39. Negotiate, mediate, and advocate for clients; and  
40. Facilitate transitions and endings.  

*Educational Policy 2.1.10(d)—Evaluation*

**Practice Behaviors:**
41. Critically analyze, monitor, and evaluate interventions.

**VI. FIELD EDUCATION**

Field Education is considered the signature pedagogy of Social Work Education according to the Council on Social Work Education (CSWE, 2008). The field practicum provides an opportunity for supervised practice in the delivery of social services. During the internship, students are able to engage in all the practice behaviors set forth by CSWE and the School of Social Work as well as the meet the 10 core competencies set forth by CSWE. Through this experience most students confirm their choice of social work as a career. A few students, however, may reconsider their career choices and decide to transfer to other fields. Such an outcome can be constructive and should not be considered a failure for either the student or the field instructor.

The field practicum requires a commitment by the student to ensure the integration of the skills necessary to practice in the social work profession. This may certainly require students to make considerable adjustments in their current employment and personal schedules. The intense intellectual and emotional challenges inherent in the initial practicum experience allow the student to test and validate career choice and direction.

**Important Field Education Roles:**

**BSSW Field Education Coordinator:** Person responsible for administering the BSSW field education program and matching students to appropriate agencies. Generally, facilitates some field seminars.

**MSW Field Education Coordinator:** Person responsible for administering the MSW field education program and matching students to appropriate agencies. Generally, facilitates some field seminars.

**Field Liaison:** Person responsible for visiting student at agency at least once during semester; contact person for student and agency to discuss any issues/concerns during field placement.

---

**Field Instructor:** MSW with at least 2 years of post-masters’ experience
responsible for educational supervision of student in the practicum setting

Task Supervisor: If field instructor is not on-site at agency or in the assigned program, person responsible for day-to-day supervision

Field Seminar Instructor: Plans and teaches the field seminar courses, reviews field forms, communicates with field liaisons regarding student concerns, assigns student grades and reviews student’s evaluation of the agency

All Field Forms are available on the Intern Placement Tracking (IPT) system (www.runipt.com) or provided to the student upon acceptance to the field practicum. Contact the Program Assistant for the Office of Field Education for further information. Samples are available in the appendix of this manual. Those forms on IPT will only be accepted through that system.

A. BSSW FIELD REQUIREMENTS

The BSSW curriculum has been developed to prepare students for entry level generalist practice. The field component of the undergraduate program is organized into two required consecutive placements (SOW 4511L and SOW 4512L) and seminars (SOW 4522 and SOW 4523). No Field Education credit is given for life experience or previous work experience.

The two required placements and seminars are taken in the student’s senior year after successful completion of all University core and lower division requirements (including foreign language and global learning) and the following prerequisite requirements for the School of Social Work:

1. Pre-requisites

Completion of one college level course with a minimum grade of “C” in: statistics, one course in human biology with human content, psychology, sociology, economics and American government, and successful completion (a grade of “C” or better) of the following core courses in the School of Social Work/Robert Stempel College of Public Health & Social Work by start of field practicum:

SOW 3113 - The Social Environment and Human Behavior I
SOW 3100 - The Social Environment and Human Behavior II
SOW 3232 - Social Welfare Policy and Services I
SOW 3233 - Social Welfare Policy and Services II
SOW 3203 - Introduction to Social Work
SOW 3313 - Social Work Practice with Families and Individuals
SOW 3350 - Interviewing Techniques Lab
SOW 3403 - Social Work Research  
SOW 3620 - Social Work and Human Diversity

In addition, the student must maintain a minimum cumulative GPA of 2.75 by the date of application to the field. Students are also expected to demonstrate readiness for field practicum experience.

2. Course Requirements

Both mandatory consecutive field placements require a total of 288 clock hours each semester or 576 hours totally (as of summer 2019). This exceeds the minimum of 400 hours CSWE requires for undergraduates. Specific scheduling of the weekly requirement of hours is coordinated between the student and the field instructor. In addition, students are required to attend biweekly seminars each semester. All students will remain at the same agency for both field placements.

Concurrent with the first and second field placement, students take a three (3) credit hour methods of social work practice course per semester, the first course focuses on working with groups and the second course on communities and organizations.

Students in the first field placement concurrently take:

SOW 4511L - Practicum I  
SOW 4522 - Field Seminar I  
SOW 4322 - Social Work Practice with Groups

Students in the second field practicum concurrently take:

SOW 4512L - Practicum II  
SOW 4523 - Field Seminar II  
SOW 4332 - Social Work Practice with Communities and Organizations  
*Also students must take PHC 3101, Introduction to Public Health, prior to graduation.

Note: Undergraduate students may not use their employing agencies for their placements.

5. Enhancement of leadership qualities, advocacy, and commitment to social change. (PBs 19, 25, 26, 39)

6. Appropriate utilization of supervision with the field instructor. (PBs 2, 3, 6, 11, 17)

7. Demonstrate beginning knowledge of research skills to identify Intervention techniques for evidence based practice. (PB 11)

8. Understand oppression and apply the strategies and skills of change that advance social and economic justice for vulnerable and at-risk populations. (PBs 19, 20, 37)

9. Integrate beginning skills and knowledge for generalist social work practice in the areas of: human behavior, and social welfare policy with the field practicum experience. (PBs 11, 24, 25, 26, 35)

10. Exhibit knowledge of beginning generalist practice skills with diverse client systems within the realm of social work values and ethics through direct practice (PB 15)

G. THE PROFESSIONAL SOCIAL WORK PORTFOLIO

The Professional Social Work E-Portfolio links learning products from throughout the curriculum with the core competencies, including students’ discussions of the connection between the assignments and competencies as well as a summative reflection of the students’ experience in the program and their goals. Students complete the E-Portfolio during their last semester of the Program, submitting it in Field Seminar II (SOW 4523). Students must pass the E-Portfolio to pass Field Seminar II (SOW 4523) and graduate.

Panels of faculty will complete the grading. They will check for the learning products and their correspondence to a competency but will not be re-evaluating them. The panels will use the E-Portfolio Assessment Rubric (found at https://stempel.fiu.edu/wp-content/uploads/sites/75/2018/11/Student-Guidelines-E-Portfolio-002.pdf) to evaluate the e-portfolios. For each competency, the panelists’ scores will be averaged. The final score will be based on the total summary score and any averaged score below a
3 will be noted. To graduate, students must pass the e-portfolio (receive at least a total summary score of 30 or more and only one score below 3 on one competency). If a student does not pass the e-portfolio, the student must revise and re-submit it by approximately week ten in fall/spring and week six for the summer. The e-portfolio will then be reviewed again. If the student still does not pass the e-portfolio, the student will be assigned a mentor and given a third opportunity to revise and submit the e-portfolio by week fifteen in fall/spring and week eleven in summer. Students who do not pass the portfolio after a third attempt will not graduate and will receive an “F” in SOW 4523. Students may be referred to a Student Review Committee if deemed appropriate.

Specifics regarding the e-portfolio and assessment rubric can be found at: https://stempel.fiu.edu/wp-content/uploads/sites/75/2018/11/Student-Guidelines-E-Portfolio-002.pdf

VII. RESPONSIBILITIES AND REQUIREMENTS IN THE FIELD

A. THE FIELD AGENCY AND THE UNIVERSITY

The School of Social Work recognizes the important contributions field agencies make to the total educational program. The School is currently affiliated with more than 200 field sites in the Dade, Broward, Monroe, and Palm Beach areas that serve a cross-cultural, multiethnic population. The affiliation reflects a professional climate conducive to learning and professional development and supportive of the educational goals of the School. Agencies are selected on the basis of their recognized interest in professional standards of practice, nondiscriminatory practices, and an ability to provide the student with opportunities to engage in all 41 practice behaviors and meet the ten core competencies.

1. Affiliation Agreements

Before a student is placed in an agency, the field education faculty explores with agency personnel the types of learning experiences that can be provided, the availability of qualified field instructors, and the time available for students. The assessment of the agency’s ability to provide learning opportunities is made through the agency’s completion of the agency data form and their review of the learning contracts, and handouts with generalist practice competencies and corresponding practice behaviors. An on-site assessment of the agency is also completed by the appropriate school personnel. If the Office of Field Education approves the site, a formal written affiliation agreement is prepared and signed by university officials and appropriate administrators of the agency or institution. No students can be placed at the agency until the site is approved by the Office of Field Education and the affiliation agreement is fully executed.

The Office of Field Education has the final decision-making responsibility in
approving the agency internship site.

2. Responsibilities of the Agency
The field agency assumes the following responsibilities:

a. Agency Liaison
The agency designates a liaison person who is primarily responsible for communication between the agency and the Office of Field Education regarding the program for student placement. This may or may not be the person responsible for the instruction of a particular student.

b. Physical Facilities and Resources
The agency provides adequate working space for students, with provision for privacy and for use of telephones in providing agency service. In some instances, students may share offices with other agency personnel, provided that other space is available for interviews, group meetings, and other responsibilities. The agency is expected to have clear policies regarding the student’s use of agency resources - clerical assistance, use of agency library, etc.

c. Plan for Agency Field Instructors.
The agency designates those persons who may be asked to assume responsibility for supervision of individual students. The field education coordinators review the qualifications of the potential field instructor in light of the requirements of the school. The agency regulates the workload and assignment of instructors to be sure that they have time and resources to fulfill the role of field instructor. The agency must consider not only the time spent in planning and supervision of the individual student, but also time for seminars and other learning experiences that the school provides for its field instructors.

d. Orientation, safety, and assignments of students
Orientation: Although the individual field instructor bears responsibility for the orientation of the student, the agency may provide general orientation sessions, especially in settings in which several students are in placement. The agency makes clear to the School and the student just what the role of the student can be in the particular setting.
Safety: The agency provides reasonable measures to protect the student’s safety. The Safety Checklist assignment is completed by all students with their field instructor within the first two weeks of field placement.
Assignments: The agency makes cases, groups, and agency or community projects available to field instructors for selection and assignment of students. Changes in supervision are communicated to the Office of Field Education as soon as possible in order to make necessary arrangements for changes in assignment, if indicated.
3. Responsibilities of the University

Although field instructors are not appointed as members of the faculty, the University provides educational direction, and gives training and recognition to field instructors through:

a. Two-day field instructor trainings that earns each participant a total of 16 CEU’s.
b. Other CEU trainings as scheduled.
c. Assignment of field liaison from the University.
d. Tuition fee waivers which are available to field instructors who complete 300 clock hours of supervision. This entitles the field instructor to register at any state university for up to 6 hours in one term of instruction, including courses offered through continuing education programs of the state university. Certificates of Participation or Tuition fee waivers must be used within three (3) years of date of issuance.
e. The availability of the University Library and Media resources

B. OFFICE OF FIELD EDUCATION

1. Office of Field Education Responsibilities

The Office of Field Education is responsible to:

a. Develop affiliations with agencies in the community.
b. Offer training to field instructors.
c. Orient students to field education and make available all performance objectives, policies, procedures, evaluations, the NASW Code of Ethics, and other pertinent information.
d. Arrange field practicum experiences for students.
e. Monitor practicum experiences and offer support and counsel to agency field instructor and student.
f. Teach seminars.
g. Serve as a conduit for the flow of information between the school and community agencies.
h. Maintain records concerning cooperating agencies and field instructors.
i. Assign grades to individual students for their practicum experience as well as for the seminars.
j. Keep all faculty members informed about the development of the field program and participate actively in curriculum work that contributes to the integration of classroom and field learning.
k. Engage in continuous evaluation of the field program as a whole and conducting special studies, as appropriate, in order to strengthen the program.

2. Responsibilities of the Field Education Faculty and Staff

The field education faculty and staff are, the BSSW Field Education Coordinator, the
MSW Field Education Coordinator, the field liaisons, and the Program Coordinator who work as a team to assure a high quality educational experience for students. Additionally, part of the responsibilities of the Associate Director of the School of Social Work is to oversee the field component of the school.

a. BSSW Field Education Coordinator

The BSSW Field Education Coordinator oversees the BSSW field program and works in collaboration with the MSW Field Education Coordinator to handle the general administration of the field education program. Specific responsibilities are:

1) Plan and implement the BSSW field orientation for students
2) Assure that the School’s philosophy, policy, learning objectives, and core competencies are reflected in the implementation of the BSSW field education program.
3) Work with BSSW field liaisons to resolve concerns and problems related to education.
4) Participate in the resolution of problems and concerns which cannot be reconciled by the faculty liaison and/or field instructors and students.
5) Select field agencies appropriate for BSSW students, negotiate Affiliation Agreements, and monitor each agency as an educational resource.
6) Prepare, publish and distribute documents for the BSSW field education program, including the BSSW field education manual, field orientation, and others.
7) Plan and implement with field faculty BSSW seminars for students in field courses.
8) Assist in planning and implementing workshops and ongoing seminars for field instructors new in the role for the School of Social Work.
9) Participate in planning for ongoing field education activities at the School for experienced field instructors.
10) Plan and implement innovations to enhance the BSSW field education program.
11) Negotiate changes in BSSW field internship assignments of students after thorough evaluation and discussions with all involved, when the need arises.
12) Review BSSW student field applications for readiness to enter field.
13) Match BSSW students with agencies.
14) Recommend and implement standards for field agencies and field instructors.
15) Provide educational opportunities for field instructors.
16) Ensure that field instructors and agencies meet the standards set by CSWE.
17) Function as the central contact for information requests concerning BSSW field education.
18) Assist in the coordination of activities of the Field Education Advisory Committee.
19) Serve on the Student Review Committee in matters pertaining to BSSW field education.
20) Monitor educational outcomes of BSSW field courses to assure consistency with Program curriculum and maintenance of standards set by the Program, School and CSWE.

21) Represent the School at the Florida Field Consortium and other Field Education related meetings internal to or external to the school.

b. MSW Field Education Coordinator

The MSW Field Education Coordinator oversees the MSW field program and works in collaboration with the BSSW field education coordinator to handle the general administration of the field education program.

Specific responsibilities are:

1) Plan and implement the MSW field orientation for students
2) Assure that the School’s philosophy, policy, learning objectives, and core competencies are reflected in the implementation of the MSW field education program.
3) Work with MSW field liaisons to resolve concerns and problems related to field education.
4) Participate in the resolution of problems and concerns which cannot be reconciled by the faculty liaison and/or field instructors and students.
5) Select field agencies appropriate for MSW students, negotiate Affiliation Agreements, and monitor each agency as an educational resource.
6) Prepare, publish and distribute documents for the MSW field education program, including the MSW field education manual, field orientation, and others.
7) Plan and implement with field faculty MSW Seminars for students in field courses.
8) Assist in planning and implementing workshops and ongoing seminars for field instructors new in the role for the School of Social Work.
9) Participate in planning for ongoing field education activities at the School for experienced field instructors.
10) Plan and implement innovations to enhance the MSW field education program.
11) Negotiate changes in MSW field internship assignments of students after thorough evaluation and discussions with all involved, when the need arises.
12) Review MSW student field applications for readiness to enter field.
13) Match MSW students with agencies.
14) Recommend and implement standards for field agencies and field instructors.
15) Provide educational opportunities for instructors.
16) Ensure that field instructors and agencies meet the standards set by CSWE.
17) Function as the central contact for information requests concerning MSW field education.
18) Assist in the coordination of activities of the Field Education Advisory Committee.
19) Serve on the Student Review Committee in matters pertaining to MSW
Field Education.

20) Monitor educational outcomes of MSW field courses to assure consistency with Program curriculum and maintenance of standards set by the program, school and CSWE.

21) Represent the School at the Florida Field Consortium and other field education related meetings internal to or external to the school.

c. Field Liaison

The field liaison provides the necessary link between the Agency and the School, serves as both consultant to the field instructor and advisor to the student. The field liaison is in a position to share with the field instructor information on the curriculum and other issues of the School that may influence the student’s experiences in the Agency. Field instructors can share with the field liaison changes at the Agency which may impact the student’s learning experience.

Each student and field instructor is assigned a faculty field liaison by the field coordinator who is either a member of the field education staff, designated visiting faculty or adjunct faculty. The student is notified by their faculty field liaison and seminar instructor and must share this information with the field instructor. The field liaison notifies each student, the field instructor and the agency via email or telephone during the first week of classes. The faculty field liaison assists the student’s field instructor and Agency to meet the practice behaviors of the practicum and works to ensure that there are opportunities to integrate theory and practice. Faculty field liaisons monitor assignments given to students during the placement and are available to work with the field instructor to ensure that assignments are adequate in number, diversity, and intensity to meet the student’s educational needs.

Specific Field Liaison responsibilities include:
1) Visit the agency at least once a semester and more often when indicated.
2) Consult with the field instructor and agency to facilitate implementation of learning contract competencies and practice behaviors.
3) Assist the field instructor in developing a Performance Improvement Plan to address identified areas of concern, if the student is experiencing difficulties.
4) Provide a written site visit report concerning each student visit, as well as additional documentation regarding the student’s progress (e.g., Performance Improvement Plan) as needed.
5) Assure the students’ conduct is in keeping with the School’s standards as well as the NASW Code of Ethics.
6) Inform the agency of the program’s expectations regarding the content and structure of the field internship.
7) Inform and confer with the BSSW Field Education Coordinator about any
significant changes in the agency, the field experience, or student individual performance.

8) Confer with the student and the field instructor about the student’s experience and performance in accordance with the program’s educational expectations.

9) Review of the student’s evaluation of the agency, identification of opportunities to improve the internship experience and improve student matching.

10) Review of the mid-semester, final field evaluation, log of hours and log of supervision hours as well as the safety checklist; alert field coordinator of any resulting identified issues.

d. Seminar Instructor

The Seminar Instructor’s responsibilities include:

1) Review of the mid-semester evaluation, final field evaluation, log of hours and log of supervision hours and safety checklist; alert field liaison(s) and field coordinator(s) of any resulting identified issues.

2) Plan field seminars in consultation with field education faculty.

3) Communicate with field liaison(s) regarding student concerns discussed in seminar.

4) Assignment of the student’s grade.

5) Review of the student’s evaluation of the agency, identification of opportunities to improve the internship experience and improve student matching.

C. THE FIELD INSTRUCTOR

1. Requirements

Field instructors are required to have a master’s degree in social work from a CSWE-accredited program and two years of post-master’s professional experience in social work. All new field instructors are expected to attend a sixteen-hour course on supervision, specifically geared towards field Instruction. The Office of Field Education tracks field instructor’s attendance at the supervisory course in the intern placement tracking system and informs instructors of the need to attend a training after a 5-year lapse since the last attendance.

2. Field Instructor Orientation, Training and Dialog

New field instructors are recruited through the exploration of new sites by the field coordinators as well as through relationships with current affiliated practicum sites. All new agencies and field instructors are provided with a packet containing information about the School and the undergraduate program as well as an on-line
introductory training to FIU’s field program. Additional training is offered periodically by faculty to field instructors in the form of continuing education. Continuing education units (CEUs) are offered to field instructors for licensure purposes.

3. Criteria to Select Field Instructors

Field Instructors are chosen based upon the following criteria:
   a. Demonstration of skill in practice
   b. Conviction about and identification with social work as a profession
   c. Independence, creativity, and flexibility in the use of professional self.
   d. Knowledge and capacity to deal with the following elements:
      i. Students with a wide range of backgrounds and interests
      ii. Institutional structures of a society
      iii. Structure and functions of a particular social agency.
      iv. Organization of resources for educational purposes.
      v. Authority inherent in the role of educator.
      vi. Divergent philosophies of life
      vii. Interest in and the potential for teaching that includes the following:
         • Ability to conceptualize theory and practice
         • Interest in designing and organizing assignments and other learning activities in field instruction to meet competencies, practice behaviors and tasks outlined in learning contracts.
         • Commitment to increasing knowledge of learning theory and skill in teaching.
         • Attendance to various meetings that may be scheduled to enhance field internship.

4. Field Instructor Responsibilities

The field instructor is expected to:
   a. Have a willingness and ability to teach social work concepts and practice on a one-to-one basis
   b. Maintain an interest in and keep abreast of new developments in the profession and in social work education.
   c. Attend and participate in the field instructors’ course, field seminars and other special activities offered by the school to enhance the field instructor’s professional development.
   d. Negotiate field education expectations with other departments and personnel with the field education agency including background screenings, specialized training, orientation, and administrative concerns.
   e. Advocate for the student to gain access to learning experiences within the agency and the professional community.
   f. Provide an educational climate that challenges the student to expand professional
g. Plan for each student a series of educational assignments that will provide learning experiences appropriate to his/her level of professional development and the student’s learning contract. In some instances, the field instructor may need to develop special assignments different from those of regular staff members.

h. Provide weekly supervisory conferences (at least one hour weekly) with the student as protected time for teaching, educational support, and administrative supervision. (The field instructor who has more than one student may use group conferences at the BSSW level).

i. Be available to the student in emergency situations or arrange emergency coverage if the agency-based field education will not be available to the student to assist with emergencies.

j. Make arrangements for coverage with another qualified agency-based field instructor during vacation or other extended absence. If the absence is two weeks or less and another qualified field instructor is not available within the agency, the interim supervision may be provided by a task supervisor. If the absence is to last more than two weeks and another qualified educator is not available within the agency, the agency field instructor should notify the Office of Field Education as soon as possible of the need for qualified supervision coverage until they can return to the agency. The Office of Field Education and the agency will endeavor to arrange interim coverage but may have to make other agency-based field education arrangements for the student if this is not possible.

k. Be available (or make plans for a task supervisor to be available) if student needs consultation between regularly scheduled conferences.

l. Read and be familiar with the School of Social Work’s Field Education.

m. Help the student to integrate theoretical knowledge and knowledge from previous experience with the student’s present practice.

n. Require students to prepare an agenda for weekly supervision.

o. Provide students continuous feedback on their performance.

p. Utilize, review, and comment on process recordings as required by the student’s learning contract.

q. Maintain supervisory records of the student’s experience with the agency.

r. Maintain contact with the Office of Field Education for discussion of questions arising about the requirements of the school or about the learning needs of an individual student.

s. Prepare the mid-term and final evaluations of the student’s performance and return them to the School of Social Work by the deadline dates.

**D. THE TASK SUPERVISOR**

1. **Requirements**

Task Supervisors are agency personnel who assume responsibility for the day-to-day direction and supervision of students only when there is no MSW field instructor in an
agency position available to perform that day-to-day supervision. Therefore, not every student will have a task supervisor. Task supervisors have the same basic responsibilities as field instructors except for the professional social work instruction of the student. Typically, the task supervisor is not an MSW with two years of post MSW experience.

2. Task Supervisor Responsibilities

a. Participate in planning the field education experience.
b. Provide some supervision of the student’s daily activities.
c. Review with the field instructor the assignment of cases and projects congruent with the student’s educational goals.
d. Orient students to the agency and their assignments.
e. Provide on-the-spot positive and constructive feedback to students regarding their performance.
f. Focus on the students’ skill development.
g. Maintain records of student activities for the field instructor.
h. Consult with the field instructor about the student’s skill development and coordinate planning for promoting optimal student development.
i. Assist in the preparation of the mid-semester evaluation and final student evaluations.
j. Provide ongoing feedback to the field instructor about the students’ progress in meeting learning goals, identifying any performance issues requiring follow-up.
k. Be available to students in emergency situations or arrange coverage for the students for emergencies that may arise in their absence.

E. RESPONSIBILITIES OF THE STUDENT

Students enrolled in the School of Social Work must adhere to standards of conduct that reflect upon the University, School, the social work profession, and themselves. They are expected to behave appropriately, respect others’ rights and privileges, and to abide by the rules and regulations of the University, School, and community. Any breach of conduct as delineated in the NASW Code of Ethics and/or the University Code of Conduct will subject a student to disciplinary action, including, in appropriate cases, dismissal from the school.

1. Students’ Responsibilities

Students must:

a. Complete and submit the application for field placement by the School’s announced deadline.
b. Attend all mandatory field orientation meetings.
c. Enter practicum with a readiness to learn and to become involved in all appropriate aspects of the field practicum.
d. Comply with all agency policies and procedures, including but not limited to
physicals, drug screens, HIV testing, liability insurance, dress codes, immunizations, fingerprinting, criminal background checks, body adornment policies, and oaths of allegiance. (Every effort will be made by the Office of Field Education to notify students of agency screening have difficulties with any of these requirements).

e. Sign and fulfill the Learning Contract for the field placement.

f. Sign and fulfill the Field Internship Contract.

g. Be sensitive to the norms and climate of the agency and conduct themselves in a manner appropriate to the setting.

h. Prepare for and participate in weekly supervision with field instructors.

i. Prepare for and participate in meetings with field instructor and/or task supervisors and faculty liaisons and communicate openly about any aspect of the field practicum. Communication is paramount to a successful placement and problems cannot be rectified if the Office of Field Education is not made aware of them. Take precautions regarding personal safety and share related concerns with field instructor.

j. Observe principles of confidentiality not only in dealing with matters relating to clients but also in discussing the program of the agency with other persons and in the field seminars.

k. Maintain time requirements as specified by school and field instructor and discuss with the Field instructor and the Office of Field Education in writing and in advance any planned deviations from the time schedule. Students are to notify the field instructor of all times when they are late or absent from the agency and plan to make up the time in accordance with university policy.

l. Attend all field seminars that correspond to the field practicum course section for which they are registered.

m. Complete a “Student Evaluation of Field Practicum” at the end of each semester. Failure to do so will result in an “F” for the course.

n. Keep track of all hours accumulated during placement.

o. Adhere to the University Code of Conduct and the NASW Code of Ethics.

p. Not accept employment at the same agency where he/she is interning. Exceptions may be made if the student is nearing the end of the internship and would miss an employment opportunity; a student requesting an exception must submit documentation from the prospective employer supporting the employment exception to the Office of Field Education. A decision will be rendered in one week by the field education coordinator.

q. Notify the Office of Field Education within 48 hours, if at any time during the field placement process or internship, they are convicted of or charged with a criminal offense or have become the subject of any criminal proceedings.

If a student feels that a field placement is not meeting his/her needs, he/she must follow the procedures outlined in the “Student Dissatisfaction with Practicum Setting” of the manual.
In a **required online orientation** prior to entering field practicum, expectations for students are explained in detail.

The student must be actively involved in the educational process necessary to attain required social work skills. Therefore, students must continually assess their learning needs, strengths, and problems as reflected in the Learning Contract. This continuous assessment provides a foundation for both the student and the field instructor for the development of supervisory conferences and a successful field practicum. Students need to be pro-active and openly discuss with the field instructor and Office of Field Education their learning needs or any problems they encounter at their placement.

### 2. Liability Insurance for Students in Field Placement

The University maintains professional liability insurance which provides some coverage for the activities of student interns. Students might be interested in securing additional liability insurance for further protection against personal suits. Information regarding relatively low-cost insurance for students is available through the office of field education. Agencies designate on the data sheet they submit to the school whether malpractice insurance is required by the student. In such instances, it will be the student’s responsibility to obtain the necessary insurance coverage and show proof of such to the designated agency.

### 3. Background Checks, Fingerprinting, Drug Screening, and Immunizations

Almost all agencies require a criminal background check prior to approval for field placement (see Chapter 435 of the Florida Statutes at: [http://www.leg.state.fl.us/statutes/](http://www.leg.state.fl.us/statutes/)). Students with certain convictions may be ineligible for field placements due to state law and agency restrictions. Students must submit to state and federal background checks. Agencies may also require current screening for drug use, health screenings, immunizations, and other additional requirements. Students are required to submit to all agency screening requirements prior to the initiation of the practicum. While some agencies may cover the cost of the background checks, drug screenings and health screening requirements, others make this the responsibility of the student.

When required by an agency, a student’s failure to provide documentation of health screenings or complete the background screening and/or drug screening tests prior to the beginning of practicum may delay the start of the internship or result in the student’s inability to participate in field practicum at that time. Background checks and immunizations often take several weeks; therefore, students are strongly advised to complete the paperwork as early as possible.
Findings in the background checks and/or drug screening tests may affect a student’s ability to participate in field internship and, thus, complete the social work program. Applicants are advised that Florida and most other states may restrict or deny social work licensure for persons with a felony conviction. For more information, applicants are advised to review Chapter 456.013 (3) of the Florida Statutes at: http://www.leg.state.fl.us/statutes/

If a student’s drug screening comes back positive, the BSSW Field Coordinator will meet with the student. Following the meeting, the BSSW Field Coordinator may: (1) terminate the student from the field and, therefore, program; or (2) refer the student to Counseling and Psychological Services (CAPS) at FIU for a substance abuse assessment. The student must then provide the BSSW Field Coordinator with a letter from CAPS stating that there are no substance abuse concerns in order to move forward in the field. If the letter states there is a substance abuse concern, or the student is unable or unwilling to get the substance abuse assessment, the student will not be able to move forward in the field or program.

Students with a criminal background are required to consult with the Associate Director, Jennifer Abeloff, upon entering the program.

Any student who appears to have a disqualifying offense per the FDLE Level II Disqualifying Offenses must have an exemption by the due date for the field application. If the exemption is not received by that time, the student will be unable to move forward in the program. The Office of Field Education is unable to assist students with their exemption applications and will not place a student with a disqualifying offense in a placement that does not require a background check.

4. Home Visits

Home visits and visits to collaborative agencies are frequently an agency expectation. Home visits offer students an opportunity to learn firsthand about the client’s home environment and community. They present opportunities to be perceived as less of a stranger, to show interest, and to enter the life of clients as a participant observer. Home visits also provide an effective outreach strategy to engage reluctant, fearful clients, and are seen as invaluable assessment and treatment tools by many agencies. Students are usually expected to use their own car or public transportation to make home visits. Whenever possible, agencies arrange to pay students the same mileage allowance offered to their staff. If it is not possible to reimburse students for mileage, the distance traveled is often restricted.

5. Safety Policy

Social work student interns need to be aware of safety risks associated with their field internship. The location of an agency, although accessible to clients being served, might present safety risks. Home visits, street interviews, and community group work
are some assignments associated with additional risks. Clients experiencing severe
distress, the prevalence of drug and alcohol use, and frustrations about obtaining
needed services constitute further risk factors. Such risks are not exclusively student
risks, but risks that social workers must cope with throughout their careers. Field
instructors are asked to inform students of known or unreasonable risks in their
particular settings, and to provide relevant warnings, instructions, and training to help
ensure the reasonable safety of all agency personnel and clients. Students also have a
responsibility to request information and seek instruction to ensure their own safety,
and to avoid behaviors associated with an unacceptable, increased risk of injury.
Finally, students should always communicate any safety issues or concerns with the
field instructor and the Office of Field Education.

Additionally, in light of the liability and risks associated with certain activities as well
as the educational needs of the students, the students are not allowed to:

a. transport clients or their family members
b. restrain clients
c. perform the actual drug screening on clients
d. bodily search clients

6. Disabilities

The School of Social Work complies with the Americans with Disabilities Act (ADA)
of 1990, the 1973 Rehabilitation Act (Section 504), and the Florida Equity Act in
providing auxiliary aids and services to persons with disabilities. The Disability
Resource Center (DRC) provides assistance to students having physical, visual,
hearing, speech, learning, psychological, chronic, and temporary disabilities. Students
who wish to seek services and accommodations are advised to contact the DRC prior
to the beginning of each semester. The DRC will inform the Office of Field Education
faculty of specific classroom, course, and internship accommodations consistent with
ADA guidelines. In addition, any student who feels that he or she will experience
difficulty on a field education assignment because of a disability is encouraged to
discuss these concerns with the Office of Field Education when submitting the
application for field placement.

The School of Social Work will place its students in field education assignments based
on a student’s ability to perform the tasks of that assignment. The School will work
with students registered with the DRC and requiring accommodations, as well as
potential placement agencies to plan and make reasonable accommodations to
student’s needs.

7. Pre-placement Hours

At times, orientation and training is required before a student may begin his/her
placement. These hours, once approved by the Office of Field Education, may be
deducted from the required practicum hours.

8. Conference Attendance
The Field instructor makes all decisions about conference attendance with one exception: when the School requests all students be excused from the field to attend a specific conference. Workshops should provide instruction to enhance student learning. Students are expected to attend all sessions of any workshop they are given permission to attend, and to discuss the learning experience with their field instructor.

9. Jury Duty

Students must inform field instructors and field liaisons prior to jury duty. Depending on the number of days the student must attend jury duty, they have the following options:

a. They can use one (or both) of their 2 days of allowed leave for jury duty without needing to make-up the time; or

b. They can take the days and make-up the time missed. Students are expected to come up with a plan to make-up missed hours and get approval from their field liaison and field instructor.

10. Religious Holidays/Holy Days

Holy days and religious holidays will be observed. Students must notify their Field Instructor prior to the day. If the student needs to use beyond the 2 days of allowed leave, the student must inform the Field Coordinator in addition to the Field Instructor in order to develop a plan for making up the hours.

11. Tropical Storm/Hurricane

Students who are currently in practicum when a hurricane or tropical storm hits the area should follow the agency’s decision regarding closure not the University’s. If the agency closes or requires only essential personnel to come to work, the student should not attend and can count any hours that would have been completed at the agency that day. If the agency remains open, students should attend their practicum. If an agency is open and a student deems it unsafe to go to the practicum, the student should not attend and should contact the field instructor and field liaison as soon as possible to come up with a plan to make up the hours.

12. Practicum Coverage during Semester Breaks

The Office of Field Education of the School of Social Work discourages student interns from reporting to their assigned agency during semester breaks. It is important for students to take a break, ‘recharge batteries’, and understand that they are not indispensable. Workers take vacations and cannot always be at work; students need the same break.

Possible exceptions to this policy will be reviewed on a case-by-case basis. Any approved time worked between breaks will be deducted from the required hours.
13. Compensatory Time and Emergency Leave for Students

a. Students are not to schedule vacations or breaks during the scheduled practicum.

b. Students are expected to adhere to agency hours and holidays. University holidays and breaks do not apply.

c. A total of two (2) days of leave is allowed for illness or personal needs for each undergraduate and graduate practicum.

d. If for any reason a student needs to be out of placement for more than the time allowed for illness, family emergencies, or religious holidays, the student must contact the field education coordinator or designee for prior approval. If the additional time is approved by the field education coordinator or designee, the student must then obtain the approval of the field instructor, outline a plan to make up the missed time, and provide the Office of Field Education with a copy of the written plan. Approval by the field instructor or other staff at the placement agency does not constitute permission to take additional time off from the practicum or make up hours. Students must consult with both the field instructor and the field education coordinator or designee in all such matters.

e. Students may not bank hours in advance in order to end the placement prior to the last scheduled day of practicum.

f. Any paid holiday for agency personnel that occurs on the student’s scheduled day for field placement is also to be considered a holiday for the student. This time does not need to be made up.

g. Students are expected to keep a weekly log of hours and log of supervision hours to be initialed weekly by the student and field instructor and signed by the field instructor and student upon completion of the practicum. These logs are to be submitted to the Office of Field Education along with their evaluations.

h. Breaks for meals and travel to/from practicum are not included in hours.

VIII. THE PLACEMENT PROCESS

Steps for Practicum Placement

The placement process is a collaborative effort between Florida International University, the School of Social Work, the agency, and the student. The School of Social Work is committed to finding the best possible placement according to the student’s individual interests or needs.

Under no circumstances is a student to make arrangements for his/her own placement. Any suggestions for future placement opportunities can be directed to the Office of Field Education for determination of eligibility.
Please refer to the portion of this manual dedicated to reasons for being terminated from the program. Field practicum placement sites and internship details are available for students to review on the Placement Tracking system (IPT) website. The field coordinators assist students in finding the best match given the student’s interests and needs. Students cannot be guaranteed an assignment to a requested agency as agencies do not request students every semester.

All students must apply for the field on the Intern Placement Tracking system (IPT) not by downloading forms from the website. Both completion of the application and submission will occur via the IPT system. The student must:

A. Admission into upper division social work courses.

B. Assure that all prerequisites for field practicum are met before beginning the application process.

C. Assure that grade point average (GPA) is acceptable (2.75 or above for BSSWs admitted under fall 2012 criteria); the GPA must meet the requirement at the time the application is submitted.

D. Demonstrate readiness for the field practicum experience.

**Definition of Readiness for Field**

Students do not automatically receive field placements simply by virtue of being enrolled in the program. In addition to meeting the course and GPA pre-requisites, students are expected to demonstrate other skills and attributes necessary for the profession as determined by:

1. Classroom performance
2. Advisor and faculty feedback (Professional Development Assessment Rubric)
3. Personal interview with coordinators of field education

Demonstration of the following skills and attributes is required for admittance into the field practica (as per the Council on Social Work Education’s core competencies and NASW Code of Ethics):

1. Identify as a professional social worker and conduct oneself accordingly:
   a. Practice personal reflection and self-correction to assure continual professional development
   b. Attend to professional roles and boundaries
   c. Demonstrate professional demeanor in behavior, appearance, and communication
   d. Respect the inherent dignity and worth of the person
   e. Behave in a trustworthy manner
   f. Treat colleagues with respect
2. Apply social work ethical principles to guide professional practice
   a. Recognize and manage personal values in a way that allows professional values to guide practice
   b. Make ethical decisions by applying standards of NASW Code of Ethics
   c. Apply strategies of ethical reasoning to arrive at principled decisions
3. Apply critical thinking to inform and communicate judgments. Demonstrate effective oral and written communication.

4. Engage diversity and difference in practice
   a. Gain sufficient self-awareness to eliminate the influence of personal biases and values in working with diverse groups.
   b. Understand culture and its function in human behavior and society, recognizing the strengths that exist in all cultures.
   c. Demonstrate sensitivity to cultural and ethnic diversity.
E. Submit “Application for Admission to Field Practicum” the semester before intending to enter field. Students must apply each time they plan to participate in practicum the following semester.

Please note: a copy of this application will be forwarded to the field instructor so it should be free from errors and professional. It is highly recommended that students also maintain a copy of the completed application for their own records. Students should notify the Office of Field Education of any special accommodations needed as related to a disability.

**Application Deadline Dates for BSSW I are by 11:59 pm on the following dates:**
- September 5: Spring Semester
- January 5: Summer Semester
- May 5: Fall Semester

**Application Deadline Dates for BSSW IIs who are completing the second semester of this practicum experience (as required) right after the first (BSSW I and MSW II):**
- November 1: Spring Semester
- March 1: Summer Semester
- July 1: Fall Semester

**For BSSW IIs who are returning to the second semester of this practicum experience after a break due to emergent reasons, the deadlines are by 11:59pm on the following dates:**
- September 5: Spring Semester
- January 5: Summer Semester
- May 5: Fall Semester

In order to apply for field, students must e-mail the program assistant for the Office of Field Education at sowpracticum@fiu.edu with their name, level of practicum to which they are applying, Panther ID, and FIU e-mail address no later than 12pm (noon) on the date of the application deadline. They will then receive a password and instructions via FIU e-mail (all e-mail communication with students from that point on will be via FIU e-mail).

Please note: If the field application due date falls on a weekend, the e-mails for passwords must be sent by 12pm (noon) on the Friday prior to the due date. If the field application due date falls on a holiday when the university is closed, the e-mail for password must be sent by 12pm (noon) on the next business day immediately following the application due date.

Those students who have applied to the field previously through IPT must still submit an e-mail to the program assistant for the Office of Field Education no later than 12pm (noon) on the date of the application deadline (see above for note on weekends and holidays). These students must then submit a new application.
Applications that are late or incomplete will not be accepted and may delay entrance to field for a period of at least one semester. No paper copies will be accepted

The Office of Field Education staff consults with agency directors and/or individual field instructors about vacancies for possible field practicum opportunities.

F. If a student meets readiness requirements, GPA and pre-requisites, there will be a formal notification via their FIU email of acceptance and proceeding in the placement process, including links for the online orientation and scheduling their interview with a coordinator. Students are notified if there is a problem with their application, prerequisites, GPA or readiness prior to receiving the approval email.

If a student does not meet the course or GPA pre-requisites, the student’s application for field will be turned down, and the student will be notified by the Office of Field Education via FIU e-mail to reapply by the due date for a later semester when the missing prerequisite(s) has been met. Students are urged to regularly check their FIU e-mail for Office of Field Education communications.

If a field coordinator, faculty member or advisor has concerns that a student does not display readiness for the practicum experience, the student’s application to field may be turned down for the upcoming semester. The student will be notified and may be asked to complete a remediation plan created by the field coordinator or designee. This plan will be put into written form. It may include (but is not limited to) taking a particular course to address professional development needs, seeking mentorship or documentation of psychological readiness by a licensed mental health professional.

A student with a remediation plan will not be accepted into the field until all of the conditions of the plan are met and documentation is provided to that effect. Upon completion of the remediation plan and documentation to demonstrate the completion, the student can then reapply for the field by the due date. The field coordinator or designee will meet with the student upon the student’s subsequent application to field to go over the completion of the remediation plan.

Students who do not enter the field as scheduled due to not meeting requirements or personal circumstances must reapply and submit their applications prior to the due date.

G. Eligible field practicum students must watch a mandatory, online field orientation. Students watch the online orientation during the dates provided by the Office of Field Education. The orientation informs students of important field policies, procedures, and responsibilities.
H. Each student must also schedule a face-to-face interview with field faculty after watching the orientation. All communication from the Office of Field Education will use students’ FIU e-mail accounts.

I. BSSW students meet individually with the field coordinators to discuss specific placement possibilities. Whenever possible, the Office of Field Education attempts to arrange a placement which takes into account the student’s preferences as indicated on his/her field application. However, this may not be possible in all cases. Students may not refuse a placement assignment for non-educational reasons after the Office of Field Education has determined that the agency offered to the student for the pre-placement interview is the best possible match for the student’s learning.

Important Placement Rules:

1) Students may not be placed in agencies where they have volunteered or worked in the past.
2) Evening/late-afternoon and weekend placements are extremely limited. The Office of Field Education will hold a lottery for students needing such placements. Although every effort will be made to accommodate full-time working students, those students requesting such placements may be required to postpone practicum until such time as an evening placement becomes available. **The School of Social Work is under no obligation to provide such placements.** Consequently, practicum placement cannot be guaranteed students who require evening/late-afternoon and weekend placements. All students must have at least 8 weekday, daytime hours available per week during their practicum experience in order to meet education requirements at the agency.
3) While all alternatives should be assessed prior to requesting an employment-based placement, students interested in this rare option can complete the application which MUST be submitted to the Office of Field Education no later than field application due date.

After student interviews are completed, the field coordinators preliminarily match students to field placements and forwards potential interns’ applications to the agency. Students are emailed the field placement match information, including contact information and next steps to schedule their interview at the agency via their FIU email.

**Policy Statement for the Employment Setting Practicum**

Practicum agencies are selected based on their ability to provide learning opportunities consistent with the core competencies of the School of Social Work. In addition, the agency must provide the student with an understanding of professional roles, knowledge, functions, values, methods in social work intervention, and social problems, as well as an appreciation of ethical concerns. Before the student is placed in an agency, representatives of the University and the agency sign a formal affiliation agreement which specifies respective areas of responsibility, the types of learning
experiences provided, and the availability of MSW field instruction.

The School of Social Work believes that all alternatives must be explored by the student and the School to provide students with the opportunity to complete the field practicum in a setting other than their employing Agency. However, if the employment setting can offer a viable educational opportunity that meets certain conditions, it is possible for students to complete the practicum in their place of employment with the permission of the BSSW Field Coordinator.

The field education experience is designed to offer students new learning opportunities in new practice settings. Therefore, students generally may not complete their agency experience within their current employment. Students who would like to have their special circumstance considered must submit the request in writing, following the policy and utilizing the proposal/application for an Employment Setting Practicum. The BSSW Field Coordinator must approve these requests. Approval is only granted under exceptional circumstances where an agency is large enough to offer a different learning experience and is willing to allow the students’ educational needs to take precedence over any work expectations that would normally pertain to their employment. Additionally, the agency field education experience must be a new position supervised by a new agency field instructor who has not previously supervised the student (the agency field instructor must be qualified and meet the previously stated guidelines) and the student must be working with a population, interventions, and practice experience that presents new learning for the student. The agency must meet all other field agency requirements as outlined above.

This option is an exception to the field practicum experience and reviewed on a case by case basis. The student must be in his/her present employment position and not on probation for a minimum of six months by the field application due date.

The following conditions must be met:

The Agency agrees to:

1. Provide the student with an MSW Field Instructor. This person must have no previous or current supervisory relationship with the student and must meet the same qualifications of the School of Social Work as other Field Instructors.

2. Provide the student with educationally focused learning opportunities that differ from his/her regular job responsibilities or extend those responsibilities.

4. Be able to meet School of Social Work’s Learning Contract requirements for the student at the agency (see Appendix C).

5. Continue with the student’s learning plan for the designated time (semester), and not alter this plan to meet the Employer’s needs.
6. Not use evaluations of the student, written class assignments prepared by the student and other material prepared for utilization in the educational plan of the student to evaluate the student’s performance as an employee of the Agency.

The School of Social Work agrees to:

1. Provide Faculty Liaison to the Agency/Student to support and monitor the educational arrangement.

2. Be available for consultation with the Agency Director, Field Instructors, and students to discuss various aspects of the field practicum.

3. Provide the Agency and Field Instructor with core competencies and practice behaviors, curriculum, and policies of the School.

4. Develop and coordinate seminars for Field Instructors, and to acquaint them with pertinent educational opportunities.

J. Students are to immediately contact the potential Field instructor indicated on the notice to arrange an appointment for a pre-placement interview. The purpose of this interview is to introduce the student to the agency and the field instructor to determine the appropriateness of the student for the agency. This should be treated as a job interview and professionalism are essential. Students are expected to discuss their learning styles and needs as well as their objectives for learning in the practicum during the pre-placement interview. The number of students sent to interview with an agency will never exceed the number of placements available at that agency. In other words, students will not be expected to compete for field placements with other FIU students. Students will sometimes be competing for placements with other universities.

K. All students are to bring a Confirmation of Placement form (located to be downloaded on the bulletin board of IPT) to their pre-placement interview. These are to be signed by both student and field instructor at the time of the pre-placement interview if the student is accepted for placement; the student should then fax, hand-in or email the Confirmation of Placement form to the Office of Field Education. This serves as an indication that the placement is accepted by both parties. The placement is not considered finalized until this form is received by the Office of Field Education.

L. Student must complete all required agency orientations, background checks, drug testing and health record verifications/immunizations prior to entering field placement.
M. In rare cases where the placement is not accepted, the process will be repeated from step” I.” However, once the student has gone through this process three times, wherein three unsuccessful attempts have been made to match the student with a placement, the student will not automatically repeat the process. An unsuccessful attempt includes the student being turned down by the agency due to the field instructor/agency’s assessment of the student’s appropriateness for the placement and/or the student refusing the placement. At such a time, the student will not be provided with any further referrals until a meeting is held with the Associate Director, the BSSW Field Education Coordinator or designee, another faculty member of the Office of Field Education, and student. This meeting will serve to explore the difficulties involved in placement, the appropriateness of the student at this time for a field experience, and all of the options available to the student. Possible options include but are not limited to:

1) Re-application for field at a later time after the student addresses difficulties according to a remediation plan developed at this meeting.
2) An additional referral(s) for field placement; or
3) Re-assessment of appropriateness of the student for the social work profession.

N. Grade checks are done at the end of each semester to verify students’ eligibility for field placement. It is the student’s responsibility to submit grades for courses taken outside of the School of Social Work. It is the student’s responsibility to notify the Office of Field Education of unsatisfactory class performance and/or the GPA not meeting the requirement that would deem him/her ineligible to enter field placement. The student must also notify the potential field instructor that placement will need to be postponed. The student must then reapply for field by the deadline date once he/she is retaking the course(s) in question and/or the GPA meets the requirement at the time of re-application. There is no guarantee that the student will be placed at the same agency the following semester. If it is determined that a student is academically ineligible to enter field and failed to notify the Office of Field Education, the student will be administratively dropped from all courses without guarantee of refund of payment had been made. The student must then reapply for field by the deadline date once he/she is retaking the course(s) in question and/or the GPA meets the requirement at the time of re-application.

O. If a student decides not to enter the field practicum for reasons other than academic, the student must immediately notify both the field instructor and the School of Social Work Office of Field Education in writing. Students who fail to adhere to the placement process guidelines may be deemed ineligible to enter field practicum and be required to reapply for the following semester.

BSSW Practicum II students generally remain at the same agency as the prior semester. In these situations, students must submit the applications indicating continuance of the same Field Placement (“Same Agency Placement Application for SOW 4512L”)
Placement” signed by both student and field instructor by the application deadline. If a student feels that the field placement is not meeting his/her needs, and meetings with the field education coordinator or designee have resulted in a decision to change the practicum, the student must submit an application requesting a new agency placement.

IX. FIELD SEMINARS

Seminars are an essential aspect of the field practicum and are designed to provide the student with an opportunity to integrate, analyze, and evaluate learning experiences in the practicum. Specifically, the field seminars provide the student an opportunity to demonstrate:

A. A commitment to examine their feelings, values, and attitudes as related to client systems and a broad range of problem areas within a multi-racial, multi-cultural, and multi-ethnic society.
B. A substantial ability to integrate the core competencies obtained from coursework with the field practicum in simulations, exercises, and written assignments.
C. A substantial ability to recognize the differences and similarities in role functions and responsibilities of the social worker in different settings through a sharing process in the classroom.

In addition, students in the BSSW II field seminar must submit a professional portfolio. **Students must pass the E-Portfolio to pass Field Seminar II (SOW 4523) and graduate.**

Students in the BSSW field seminars are assigned a letter grade for two (2) credits, and Pass/Fail for the practicum (7 credits).

The field seminars are scheduled throughout the semester with dates and times varying according to semester (fall/spring vs summer). Please refer to the syllabi for questions regarding seminar schedules.

X. PROBLEM-SOLVING IN THE FIELD PRACTICUM

**STUDENT CONCERNS REGARDING PRACTICUM**

If the student is having concerns with the practicum, the student must first make the Field Instructor aware of this issue and attempt to rectify the situation. If such a discussion does not resolve the concern, the student must notify the Faculty Field Liaison immediately. At that time, the Faculty Field Liaison will coach the student regarding potential approaches to resolving the situation with the Field Instructor. If necessary, the Field Liaison may telephone the Field Instructor to assess the situation further. The student must then meet with the Field Instructor again to attempt to resolve the matter. If those meetings do not resolve the issues, the student should contact the Field Liaison, who will then visit the agency and meet with the student and Field Instructor in order to facilitate a solution, possibly including the development of a Performance Improvement Plan or written action plan. If an agreement cannot be reached and
the student continues to feel that the placement setting is inappropriate, the following procedure must be followed:

A. Student submits a written request to the BSSW Field Coordinator, or designee, for another field placement within five (5) business days of the meeting with the Faculty Field Liaison and Field Instructor. The written request should state the reason(s) for the change of placement, a description of any attempts made to rectify the situation, and the results of those actions.

B. Within five (5) business days of receipt of the written request, the BSSW Field Coordinator or designee and the Faculty Field Liaison meet with the student to address concerns regarding the current placement and to determine whether there is a need for a change of placement. The following determinations may be made by the BSSW Field Coordinator or designee as a result of this meeting:
   1. Student is to remain in the same placement with a Performance Improvement Plan or written action plan to rectify any concerns; or
   2. Student is to be placed in a new agency and carry hours over from previous placement; or
   3. Student is to be placed in a new agency and not be able to carry hours over from the previous placement.

C. Please note that the BSSW Field Coordinator, or designee, will address each student’s concern on a case-by-case basis, including but not limited to awareness of time constraints, learning needs/expectations, and learning opportunities. If a student is re-placed, the placement choice will be entirely made by the field faculty.

D. Within five (5) business days of the meeting with the Liaison, the BSSW Field Coordinator, or designee, and student, the student is to receive a written notice of the Field Coordinator’s decision.

E. If the student continues to be dissatisfied with the field practicum situation, he/she may appeal to the Associate Director of the School of Social Work in writing within five (5) business days of receipt of the BSSW Field Coordinator’s letter.

The above procedures require that the student remain in his/her current placement until a final solution can be reached, although every effort will be made to expedite a resolution. If the student decides to terminate his/her placement at any point during this process, the student must:

   A. Notify the Field Instructor and terminate appropriately under the direction of his/her Field Instructor.

   B. Notify the Faculty Field Liaison and/or BSSW Field Coordinator or designee.

In order to then re-enter the field, the student must reapply to the field practicum by the applicable application deadline and complete the entire placement along with any other required co-requisite courses, if re-accepted into the field practicum. No credit will be given for hours completed in the previous semester.

If the Field Instructor (FI) has concerns with the student, the FI must first make the student aware of this issue and attempt to rectify the situation. If such a discussion does not resolve the concern, the FI must notify the Field Liaison immediately. At that time, the Field Liaison will coach the FI regarding potential solutions to resolving the situation with the student. The FI must then meet with the student again to attempt to resolve the matter. If those meetings do not resolve the issues, the FI should contact the Field Liaison, who will then visit the agency and meet with the student and FI in order to facilitate a solution, possibly including the development of a Performance Improvement Plan or written action plan. If an agreement cannot be reached, the Field Liaison will consult with the BSSW Field Coordinator. If no resolution is achieved following that consultation, the BSSW Field Coordinator will consult with the Associate Director, who may consider options such as a Student Review Committee, placement change, etc.

At any point during the internship, poor performance or a single event that is unethical, unprofessional and/or may place clients at risk will result in termination from the placement. This decision is made by the Field Liaison with input from the FI. However, as agencies voluntarily supervise students, they have the right to terminate an internship with no prior notice if they feel they can no longer work with the student.

XI. EVALUATIONS

The field evaluation process begins on the first day the student enters the agency. This process is an ongoing appraisal of the student’s performance. The faculty field liaison monitors the performance of students through a variety of means including but not limited to: site visits, discussion with field instructor, discussion with students, process recordings, the Mid-Semester Evaluation, Final Evaluation, and consultation with the field seminar instructor. The Mid-Semester Evaluation helps assure an ongoing evaluation process between the field instructor, student, and field liaison and the early identification of areas in need of further growth. The Final Evaluation, prepared by both the field instructor and student at the end of the semester, should reflect a composite of material discussed in supervisory conferences and the site visit(s) throughout the semester. Evaluations are to be prepared in accordance with the outlines provided by the Office of Field Education. The final grade is assigned by the field seminar instructor with recommendations from the faculty field liaison, and input from the field instructor.

A. Mid-Semester Evaluation of Student Performance for Generalist/Foundation Field Practicum

The Mid-Semester Evaluation must be submitted via IPT and requires the signature of both the field instructor and the student. The student’s signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of disagreement. The Mid-Semester Evaluation should be submitted via IPT to the Office of Field Education on the date indicated in the Practicum syllabus. If a Mid-Semester Evaluation results in a ‘1’ (Unacceptable) or ‘2’ (Below Satisfactory) or ‘0’ (Not Yet Started) the faculty field liaison will consult with the field instructor and student to discuss the areas of concern and may formulate a written “Performance Improvement Plan” to address those areas below expectations (unless already implemented).

B. Final Evaluation of Student Performance for Generalist/Foundation Field Practicum
The Final Field Evaluation must be submitted via IPT and signed by the student and the field instructor. The signature indicates only that the student has read the evaluation. The student may submit a statement in writing about areas of disagreement. The exact timing of the preparation of the evaluation is determined by the field seminar instructor within time limitations established by the field education coordinator or designee and the University calendar. An evaluation that identifies multiple areas of concern may result in a meeting between the faculty field liaison, field instructor, and the student to discuss the deficits in order for the seminar instructor to determine a final grade. A negative evaluation will generally result in the student not being able to continue in the program.

C. Student Evaluation of the Field Practicum

The student is required to complete an evaluation of the field practicum experience and field placement site and submit it via IPT by the last class of field Seminar. Only the student is required to sign this evaluation, but students are strongly encouraged to share these evaluations with their field instructors as it may assist them in planning and improving future field placement experience.

D. Grade Options

The following indicates the three grade options available:

**Pass (P)**
Students may receive a “P” when they have completed the necessary hours required for field practicum and satisfactorily met the competences and practice behaviors articulated in the relevant practicum syllabus.

**Incomplete (IN)**
Students may receive an “IN” if they have not completed the practicum due to a serious interruption not caused by the student's own negligence. A specified time frame for completion of the practicum will be designated by the faculty instructor and/or faculty field liaison. Students who receive an “IN” need not re-register for the course.

**Failing grade (F)**
A negative evaluation of field performance will result in the student not being able to continue in the Social Work Program. Efforts are made throughout the semester to evaluate the student’s progress and assist the student with any areas of deficiency. A failing grade is only assigned after every effort has been made to assist the student’s progress.

Students have the right to appeal academic grading/course requirement decisions and program progression/dismissal decisions. Students who wish to appeal MUST FIRST follow the School of Social Work Appeals procedures outlined in the manual.
E. Applying to the Field after a Withdrawal or Incomplete

When a student withdraws or receives an incomplete for the practicum, his/her re-application to the field must be submitted to the Office of Field Education prior to the due date for the requested semester of placement (May 5th for fall semester, September 5th for spring semester, and January 5th for summer semester). The re-application will be reviewed prior to acceptance and re-placement. A meeting may be scheduled within ten (10) business days of the application deadline with the student, the field coordinator or designee, and the BSSW Field Coordinator in order to determine the student’s readiness to return to the field and decide if the student will be given credit for prior internship hours.

If the withdrawal or incomplete was due to performance deficiencies related to medical or mental health reasons, the student may also be required to bring documentation to the meeting from a licensed professional in the applicable area (medical or mental health), verifying his or her ability to return and perform at the placement. The student will be informed of the decision within ten (10) business days of the meeting. In some instances, it may not be appropriate for the student to remain at the same field placement to satisfy the requirements for the “IN.” In such cases, the Office of Field Education will assign the student to a new agency to complete the required number of hours for the course.

Failure to comply with requirements designated for completion of the “IN” may result in an “F” for field practicum and termination from the social work program.

F. Performance Improvement Plan

If, at any point during the field practicum experience, the faculty field liaison, field instructor or student determines that the student’s performance is not meeting the expectations for his or her level, the faculty field liaison may initiate a Performance Improvement Plan. Prior to initiating such a plan, the faculty field liaison will consult with BSSW Field Coordinator. The faculty field liaison and/or BSSW Field Coordinator will meet with the field instructor and student to discuss the areas of concern and then formulate a written “Performance Improvement Plan” to address those areas below expectations. Actions will be specified for the student, field instructor, and field liaison to complete by a target date that relates to identified issues of unsatisfactory performance. Actions required for the student to complete may include a psychological assessment by a licensed mental health professional to determine the student’s appropriateness for social work practice at that time and/or further steps that the student may need to take to ensure readiness.

Once the unsatisfactory performance, related actions, and a target date are identified, all parties will sign the plan. The field liaison will return to the site on that target date to meet with the student and field instructor and evaluate the student’s progress on the Performance Improvement Plan. Depending on the feedback of the field instructor and student, the student may: continue at the placement with no further need for a
Performance Improvement Plan, extend the target date of the Performance Improvement Plan, or be terminated from the placement. The student’s failure to correct unsatisfactory performance within the identified time frame may result in termination from the field with a failing grade.

**G. Criteria for Evaluation of Academic and Professional Performance**

*Ethical Community Membership*

The FIU School of Social Work, including the BSSW Program, is an ethical community. The guiding principles central to our ethical community and ensuring professional competence by all social work students are the Council on Social Work Education’s (CSWE) ten (10) core competencies; adherence to a set of values, principles, and ethical standards universally accepted by the social work profession and set forth by the National Association of Social Workers (NASW); and the standards set forth in the FIU Student Conduct and Honor Code. Our faculty, staff, administration, and students choose to be a part of the ethical community. As such, all incoming students must commit to uphold these principles by taking the School of Social Work’s Student Honor Pledge.

Students are expected to complete all academic and nonacademic requirements for the Social Work Program in the preparation for professional practice. Issues can arise regarding student academic performance or nonacademic conduct that may
result in a review of the student’s situation and their continuing progress in the Social Work Program. Both academic and professional performance issues may also be potential violations of the ethical community’s guiding principles and result in an initiation of the Student Review and Termination Procedures.

1. Academic Performance & Misconduct

Criteria for Academic Performance & Misconduct Review
Inability, unwillingness, or failure to meet academic requirements may result in the initiation of the Student Review and Termination Procedure. Engagement in academic misconduct as defined by the University in the *Student Conduct & Honor Code* will result in a required meeting with the involved faculty and BSSW Program Coordinator and/or a formal complaint to the Office of Student Conduct & Conflict Resolution. Such misconduct may also result in an initiation of a Student Review and Termination Procedure as these matters fall under Professional Performance Misconduct and fall under a violation of the ethical community’s principles, specifically as they violate the National Association of Social Workers’ Code of Ethics and CSWE’s core competencies.

The following academic performance issues meet the criteria for Academic Performance Review but are not considered to be inclusive or exhaustive of possible student issues:
   a. Plagiarism, cheating, or any other form of academic misconduct as defined by the University in the *Student Conduct & Honor Code*.
   b. Failure to maintain a 2.75 GPA (BSSW) or more than one semester of academic probation.
   c. Failure to follow course sequencing as scheduled and/or advised, unless other arrangements were made and approved in writing by the BSSW Program Coordinator or Director of the School.
   d. A failing grade for any semester of the field practicum.

2. Professional Performance

As part of an ethical community, students are expected to demonstrate professional conduct and attitudes in all parts of the Social Work Program. Possible professional performance issues include, but are not limited to, conduct that is inconsistent with or a violation of the Code of Ethics of the National Association of Social Workers and/or the FIU Student Conduct & Honor Code as well as a failure to meet the CSWE core competencies.

Professional Development Readiness Assessment

In order to assess students’ professional development and readiness for the social work profession and/or the field practicum experience, the School has faculty evaluate all BSSW students in certain courses according to the *Professional Development Assessment Rubric* (see Appendix C).
Process:

1. Faculty teaching SOW 3113 (The Social Environment and Human Behavior I) complete a *Professional Development Assessment Rubric* for each social work major in the class by the end of the semester.

2. Faculty teaching SOW 3350 (Interviewing Techniques Lab) and SOW 3620 (Social Work and Human Diversity) complete a *Professional Development Assessment Rubric* for each social work major in the class by mid-semester (end of 8 weeks for fall/spring; end of 6 weeks for summer).

3. The BSSW Program Coordinator reviews all completed assessments. Any concerns regarding readiness that arise on the assessments will be clarified with the faculty and
addressed with the student. The BSSW Program Coordinator will meet with the student to discuss any significant readiness concerns (meeting may include other faculty or administration/staff depending on the issues). For students who have applied to the field for the following semester, the meeting will involve the BSSW Field Coordinator. After such a meeting, the BSSW Program Coordinator may develop a remedial plan or refer the student to a Student Review and Termination Committee (see XII). Students may be denied acceptance into field placement because of this assessment.

Criteria for Professional Misconduct Review
Inability, unwillingness, or failure to meet generally accepted professional guidelines of professional conduct, personal integrity, or emotional stability may result in the initiation of the Student Review and Termination Procedure. The following professional performance matters include, but are not limited to, inappropriate or disruptive behavior toward colleagues, faculty, staff, Field Instructors, clients or others within the social work program, university, field placement, or affiliated organizations.

a. Inability, unwillingness, or failure to:
   1. Respect and/or promote the clients' right to self-determination.
   2. Provide clients with the opportunity for informed consent.
   3. Provide services within the boundaries of their competence, utilizing supervisory consultation as guidance.
   4. Respect human and cultural diversity.
   5. Respect clients' right to privacy and confidentiality in accordance with professional ethics, Florida statutes, University, or agency policy.
   6. Treat fellow students, colleagues, supervisors, or Educators with respect.
   7. Maintain the confidentiality of fellow students, colleagues, supervisors or Educators.
   8. Use practice skills or interventions that fall within the range of accepted and relevant practice.
   9. Demonstrate appropriate interpersonal boundaries, self-awareness, self-containment, or self-control, abilities and attributes essential for professional social work practice.
   10. Report suspected child abuse, family violence, elder abuse, or threatened harm to self or others as required by Florida statute.

b. Engaging in unethical and/or unprofessional behavior that may include (but is not inclusive):
   1. Entering into a dual relationship with clients or failing to disclose a conflict of interest.
   2. Behavior in the classroom or field activities, which causes a disruption in the learning of other students or in the service of clients.
   3. Entering into a sexual relationship or sexual activity with clients, whether consensual or forced.
4. Use of disrespectful or derogatory language in written or verbal communication with or about fellow students, colleagues, supervisors, or Educators.
5. Exploitation of clients who lack the capacity to make informed decisions.
6. Not taking adequate steps to address or remedy personal problems, psychosocial distress, substance abuse, or mental health impairment that interfere with practice effectiveness or classroom learning.
7. Unethical or criminal conduct that interferes with competent performance as a social work practitioner or may potentially compromise the safety of others or client services.
8. Private conduct that interferes with the ability to fulfill student responsibilities or that represents dishonesty, fraud, deception, or misrepresentation.
9. Acts or threats of physical violence or verbally abusive behavior toward fellow students, colleagues, supervisors, or Educators; or acts which may threaten the safety of same.
10. Failure to comply with all agency and School of Social Work policies and procedures (e.g., physicals, drug screens, liability insurance, dress and appearance codes, immunizations, and criminal background checks).
11. Inappropriate use of technology (social network sites, online chatting, e-mail, texting, telephone, databases, video etc.)

XII. STUDENT PROFESSIONAL AND ACADEMIC MISCONDUCT PROCEDURES

A. Professional Misconduct Procedures

A student, client, supervisor, field instructor, colleague, or faculty member who observes or has knowledge of any of the above professional performance issues or any other behaviors which appear to interfere with professional social work education or practice and/or violate the principles of our ethical community, may bring the issues to the attention of the Director of the School of Social Work.

1. The Process
   a. The Director will review the issue and may refer it to the Chairperson of the Student Review and Termination Committee for initiation of a Student Review and Termination Committee.
   b. The Student Review and Termination Committee will arrange for a meeting with the student to address the concern within ten (10) working days of notice by the Director.
   c. Members of the faculty involved with the identified issue may be required to meet with the Student Review and Termination Committee.
   d. The student may choose to bring a personal advocate (not legal representation) to this meeting provided the student notifies the Committee within five working days prior to the meeting of the name of the advocate, and the role to be served by the advocate at the meeting. The student may confer with his/her
personal advocate or advisor, verbally or in writing, during the Student Review and Termination Committee meeting but the advocate may not speak for the student or represent the student to the committee. Staff or faculty of the School of Social Work may not serve as the advocate.
e. The Student Review and Termination Committee meeting will convene and present written recommendations based upon their findings to the Director of the School within five working days of this meeting.
f. Written notification of the Director’s decision will be sent to the student within five working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director include:

- A determination that the matter is so egregious as to warrant immediate termination from the Program;
- Referral of the matter to the BSSW Program Coordinator or BSSW Field Coordinator to create with the student a plan for remediation of the problem. Rules governing remediation plans include:
  - A timeline will be developed for completion of the plan
  - The agreed upon plan will be put into written form and signed by all parties. A copy will be given to all participants and placed in the student’s file and given to the Director of the School of Social Work
  - The plan will be monitored and reviewed by the individual designated by the Committee and assessed for progress and completion of requirements
  - If the student does not successfully meet the requirements specified in the plan, the student will be dismissed from the program. The student will be notified of this dismissal in writing by the Director of the School.
  - This procedure does not apply to automatic dismissals for failure to maintain sufficient academic progress

g. If satisfaction is not achieved at this level, the student may file a formal, written appeal to the Associate Dean of Academic Affairs of the Robert Stempel College of Public Health & Social Work. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director’s decision.

** If the matter has occurred in the field, please refer to Section X of this handbook Problem-Solving in Field Placement and follow the steps for Field Instructor Identifies a Concern.**

B. Academic Performance & Misconduct Procedures
For issues related to academic misconduct, as defined by the University’s Student Conduct & Honor Code, the School follows the University process as outlined in the Student Conduct & Honor Code. Prior to initiation of the University process, the BSSW Program Coordinator and involved faculty will meet with the student. The School may also initiate a Student Review and Termination Procedure as these matters fall under Professional Performance Misconduct as well due to their violation of the National Association of Social Workers’ Code of Ethics.

For all other academic performance issues, as defined in section XI of this manual:

a. The Director will review the issue and may refer it to the Chairperson of the Student Review and Termination Committee for initiation of a Student Review and Termination Committee.
b. The Student Review and Termination Committee will arrange for a meeting with the student to address the concern within ten (10) working days of notice by the Director.
c. Members of the faculty involved with the identified issue may be required to meet with the Student Review and Termination Committee.
d. The student may choose to bring a personal advocate (not legal representation) to this meeting provided the student notifies the Committee within five working days prior to the meeting of the name of the advocate, and the role to be served by the advocate at the meeting. The student may confer with his/her personal advocate or advisor, verbally or in writing, during the Student Review and Termination Committee meeting but the advocate may not speak for the student or represent the student to the committee.
e. The Student Review and Termination Committee meeting will convene and present written recommendations based upon their findings to the Director of the School within five working days of this meeting.
f. Written notification of the Director’s decision will be sent to the student within five working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director include:

- A determination that the matter is so egregious as to warrant immediate termination from the Program;
- Referral of the matter to the BSSW Program Coordinator or BSSW Field Coordinator to create with the student a plan for remediation of the problem. Rules governing remediation plans include:
  - A timeline will be developed for completion of the plan
  - The agreed upon plan will be put into written form and signed by all parties. A copy will be given to all participants and placed in the student’s file and given to the Director of the School of Social Work
  - The plan will be monitored and reviewed by the individual designated by the Committee and assessed for progress and completion of requirements
  - If the student does not successfully meet the requirements
specified in the plan, the student will be dismissed from the program. The student will be notified of this dismissal in writing.
by the Director of the School.

- This procedure does not apply to automatic dismissals for failure to maintain sufficient academic progress.

g. If satisfaction is not achieved at this level, the student may file a formal, written appeal to the Associate Dean of Academic Affairs of the Robert Stempel College of Public Health & Social Work. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director’s decision.

C. Student Review and Termination Committee Membership

The membership of the Student Review and Termination Committee is determined by the Director of the School of Social Work using the following guidelines:

a. The Associate Director or designee will serve as the chair to the Committee.
b. The BSSW Field Education Coordinator or designee and a member of the Field Advisory Committee or an agency field instructor will serve on the committee if a field practicum issue is brought to the Committee.
c. A student representative from the School of Social Work in the BSSW program will serve on the committee.
d. A faculty member from the School of Social Work will serve on the Committee.

D. Reinstatement after Termination

A student whose enrollment in a degree program has been terminated as a result of a recommendation by a Student Review and Termination Committee may request reinstatement in the degree program. The request must be initiated at least one year after the student’s termination from the program. To request reinstatement, the student should write a letter to the Director of the School of Social Work, indicating (1) when the student was terminated, (2) the reason(s) for the termination, and (3) the reason(s) why the student believes that she or he should be reinstated to the degree program. The Director will review the request and if at least one year has passed since the student was terminated, refer the request for reinstatement to the BSSW Coordinator, who will appoint a Reinstatement Committee to consider the student’s request for reinstatement.

The composition of the Reinstatement Committee will be the same as the composition of a Student Review and Termination Committee outlined above. Within ten (10) working days of receiving notice from the Director, the Reinstatement Committee will meet with the student, following the procedures for the Student Review and Termination Committees above. The Committee can recommend reinstatement to the degree program, with or without a remediation plan, or the Committee can deny reinstatement. The Committee will base its recommendation on (1) the student’s
understanding of the reasons for her or his termination from the program, (2) the steps
the student has taken to remediate the problem(s) that resulted in termination, and (3)
the Committee’s judgment of the student’s potential for completing the degree
program. Within five (5) working days after the meeting with the student, the
committee will make a recommendation to the Director, who may accept or reject the
recommendation of the Committee.

The Director’s decision may be appealed as outlined in the Student Review and
Termination Procedure Process above (h–i).

XIII. ACADEMIC AND PROFESSIONAL PERFORMANCE
GRIEVANCE PROCEDURES

A. Academic Grievances

The Program’s definition of academic grievances follows that of the University.
The procedure similarly follows the model of the University procedures for
academic grievances. (http://integrity.fiu.edu/grievances.html) For those academic
grievances that fall under the University’s definition. The following grievance
procedure must be followed:

1. Undergraduate students must attempt to resolve informally an academic
grievance as soon as possible. A student must initiate informal resolution
procedures by contacting the instructor, committee chairperson, or Director of the
School with whom there is a complaint no later than ten business days after classes
begin in the semester following that in which the complaint arose, or the grievance
will be deemed untimely. The student must first attempt to resolve the grievance
through an informal meeting with the instructor, committee chairperson, or
administrator. If the matter is resolved through that meeting, no further steps need
occur.

2. If the matter is not resolved in the informal meeting or the
instructor/chairperson/director cannot be reached, the student will meet with the
Director of the School or Associate Dean of the College (for complaints against
the Director). The informal grievance process is terminated at the departmental
level. The student and the instructor or Associate Dean shall formalize a mutually
agreeable resolution through a notation in the student’s file that is initialed.

3. If the matter is not resolved at the informal level, the student may follow the
formal academic grievance procedures of the University:

- A written complaint must be filed within 15 business days of the date
the informal resolution process ends or within 20 business days after classes begin I the semester following that in which the complaint arose—whichever is later.

- The Faculty Fellow of Academic Integrity and the Chairperson of the UE/G Grievance Committee will review the complaint to determine whether it falls within the scope of the UE/G Academic Grievance policy and whether a formal hearing is warranted.
- If the complaint does not fall within the scope, the student is notified in writing.
- If the complaint does fall within the scope of the policy, it is referred to the U/G Academic Grievance Committee (see http://integrity.fiu.edu/grievances.html for further details).

*For any academic grievances that do not fall under the University’s policy, students may refer to the grievance procedure for professional conduct grievances.*

B. Professional Performance Grievances

Any student grievances that do not fall under the University’s definition and policy for academic grievances can be addressed through the following professional grievances policy of the School of Social Work:

1. Undergraduate students must attempt to resolve informally a professional grievance as soon as possible. A student must initiate informal resolution procedures by contacting the instructor, committee chairperson, or Director of the School with whom there is a complaint no later than ten business days after classes begin in the semester following that in which the complaint arose, or the grievance will be deemed untimely. The student must first attempt to resolve the grievance through an informal meeting with the instructor, committee chairperson, or administrator. If the matter is resolved through that meeting, no further steps need occur.

2. If the matter cannot be resolved, or if the person with whom there is a complaint cannot be reached, the student may make a written appeal to the School’s Director within ten days of the failure to resolve the matter informally. Complainants against the School Director should go to step #7. The written appeal should include a description of the nature of the issue and a summary of previous resolution efforts. The Director of the School will meet with the student and faculty member in an attempt to resolve the grievance. Possible actions by the Director may include but are not limited to:

- Referral of the appeal to a designated Student Review and Termination Committee by notifying the Chairperson of the Student Review and Termination Committee;
• Upholding the decision of the faculty member (student may appeal this decision by progressing to step #7).

3. If the Director refers the appeal to a Student Review and Termination Committee, the Committee will arrange for a meeting with the student to address the appeal within ten working days of notice by the Director. Members of the faculty involved with the identified issue may be requested to meet with the Student Review and Termination Committee.

4. The student may choose to bring a personal advocate or advisor (not legal representation) to this meeting provided the student notifies the Committee within five (5) working days prior to the meeting of the name of the advocate, and the role to be served by the advocate at the meeting. The student may confer with his/her personal advocate or advisor, orally or in writing, during the Student Review and Termination Committee meeting but his/her personal advocate or advisor may not speak for the student or represent the student to the Committee.

5. The Student Review and Termination Committee meeting will convene and present written recommendations based upon their findings to the Director of the School of Social Work within five working days of the meeting.

6. Written notification of the Director’s decision will be sent to the student within ten working days of receipt of the recommendations of the Student Review and Termination Committee. Possible actions by the Director may include but are not limited to:

• Upholding the decision
• Remediation of the problem.

7. If satisfaction is not achieved at this level or the complaint was against the School Director, the student may file a written appeal to the Associate Dean of Academic Affairs of the College. The complaint must be filed within ten (10) working days of the date the student received the written notification of the Director’s decision.

**If the issue is field related, the following informal resolution procedure should be followed** (replacing step #1 above):

• Any grievance related to the field internship should follow the Problem-Solving in Field Placement steps in Section X of this handbook.

• If the problem is unresolved using those steps, the student should refer back to #2 above.
Students are encouraged to become thoroughly familiar with their rights & responsibilities within the University by reviewing the FIU Student Manual and related websites.

XIV. SEXUAL OR GENDER-BASED HARASSMENT POLICY

Sexual harassment is a form of sexual discrimination prohibited by Title VII of the Civil Rights Act of 1964 and addressed in higher education under Title IX. Whether the harassment comes from the field instructor, fellow student, client, or any other agency employee, it is destructive to the learning and working environment and adversely affects students’ performance in their practicum.

Definition

Sexual harassment is defined in FIU—105 Regulation as those incidents that are sufficiently pervasive, persistent, or severe that a reasonable person would be adversely affected to a degree that interferes with his/her ability to participate in or to realize the intended benefits of a University activity, employment, or resources. Internships are covered under this regulation as off-campus educational experiences.

Sexual or Gender-Based Harassment includes
(1) unwelcome sexual advances, requests for sexual favors and other verbal, physical, or electronic conduct of a sexual nature that creates a hostile, intimidating, or abusive environment;
(2) verbal, physical, or electronic conduct based on Sex, Gender, Sexual Orientation, or sex-stereotyping that creates a hostile, intimidating, or abuse environment, even if those acts do not involve conduct of a sexual nature; or
(3) exhibiting what is perceived as a stereotypical characteristics for one’s Sex or for failing to conform to stereotypical notions of masculinity or femininity, regardless of the actual or perceived Sex, Gender, Sexual Orientation, Gender Identity, or Gender Expression of the individuals involved.

Conduct which falls into the definition of sexual harassment includes, but is not limited to:
1. Unwelcome physical contact of a sexual nature such as patting, pinching, or unnecessary touching.

2. Overt or implied threats against an individual to induce him or her to provide sexual favors or to engage in an unwelcome sexual relationship.

3. Verbal harassment or abuse of a sexual nature, including intimating by way of suggestion a desire for sexual relations, or making jokes or remarks of a sexual nature which are not germane to academic course content.
4. Use of sexually suggestive terms or gestures to describe a person’s body, clothing, or sexual activities.

5. Displaying or posting through any medium, including, but not limited to, electronic communication, offensive sexually suggestive pictures, or materials in the workplace.

**Process for a Complaint in the Field**

Students are strongly encouraged to contact their Field Liaison, Field Instructor, BSSW/MSW Field Coordinator, or any faculty or staff in the Office of Field Education with whom they feel most comfortable about a sexual harassment complaint. We understand that students are not always sure if their concern reaches the level of sexual harassment or are afraid of retaliation. A faculty member from the Office of Field Education will support the student and assist them through any agency complaint procedure, assessing and ensuring the safety of the student intern.

If the agency does not have a sexual harassment process, the student can make complaints to the FIU Office of Equal Opportunity Program and Diversity (EOPD) at https://hrapps.fiu.edu/index.php?name=equal_opportunity_programs.

**Resources**

Aside from the support that the Office of Field Education will provide a student intern, the University has resources for students who have experienced sexual harassment. The Victim Empowerment Program (vep.fiu.edu) has a 24-hour hotline (305-348-3000).

Additional information regarding sexual harassment and procedures for filing sexual harassment complaints may be found in the appendix and in the *FIU Student Handbook*: https://studentaffairs.fiu.edu/about/student-handbook/index.php.

**XV. TECHNOLOGY GUIDELINES FOR SOCIAL WORK INTERNS**

Technology brings with it many advantages as well as some hidden disadvantages. Social media, for example, allows us to easily collaborate and socialize with colleagues, friends, and family who may be in different cities, states, or countries. Yet, as social workers and future social workers, we must be cognizant of the fact that crucial elements of our profession’s standards, contained in the National Association of Social Workers Code of Ethics as well as the Council on Social Work Education (CSWE)’s core competencies, are challenged by technology. Confidentiality, boundaries, and privacy, for example, must be maintained in the face of complex forms of communication such as social networks, blogs, and texts. Likewise, we must be aware of the following core competencies as they apply to these technological challenges: (1) Identify as a professional social worker and conduct oneself accordingly (2.1.1); (2) Apply social work ethical principles to guide professional practice (2.1.2); (3) Apply critical thinking to inform and communicate professional judgments (2.1.3); (4) Respond to
contexts that shape practice (2.1.9); and (5) Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

In order to assist our students in navigating these fairly new and ever-changing waters, FIU’s School of Social Work has created this set of guidelines. It is vital that students understand that they are responsible for professional behavior, as defined by the School and University as well as the profession in the Code of Ethics, as soon as they begin the program—whether the behavior is in person or online. Any behavior construed as unprofessional may have negative consequences for students in the School, among their colleagues and clients, and for their social work career.

Students should be aware of the following issues when they engage in online communications:

1. It is inappropriate for students to refer to any field agency, client, or client situation on their personal social media pages (Facebook, Instagram, Snapchat, Twitter, Blog) regardless of the level of privacy settings. Students should not post any photographs or videos of clients on these sites (regardless of permission from a client or agency).

2. Students should use the highest privacy settings available on any social media pages in order to safeguard personal information; clients, colleagues, faculty, supervisors, future employers, etc. can easily search for students. Please keep in mind that even the highest security settings are not absolute and all information posted on the internet is permanent. Students should, therefore, be cautious regarding what they post and should regularly monitor their own internet presence in order to make sure that professional and personal information online is, to the extent possible, appropriate and accurate.

3. It is not appropriate for students to search for information regarding a client. Such searches can quickly lead to boundary violations, impacting the client’s sense of safety and the therapeutic alliance.

4. In line with the Code of Ethics’ policy on conflict of interest and dual relationships, students should not “friend” current clients on personal or professional social media sites. The School highly recommends that students do not “friend” past clients on personal or professional social media sites.

5. Students should not share personal contact information, including personal cell phone numbers, emails, address etc., with current or previous clients.

6. As future social workers, students are representing the social work profession in their online presence. Remember that posts, pictures, comments, etc. can easily be taken out of context.

7. The security of email cannot be guaranteed, therefore, students should check with their Field Instructors regarding agency policy regarding email.

8. Interactions in texts, Whatsapp and other forms of instant messaging or social media with peers, colleagues, or supervisors (if allowed) should be cautiously used due to the ease of impulsive, reactive, and potentially out-of-context communications.

9. Always check the policies of the University and agency regarding online communications.

APPLICATION FOR SOW 4511 – PRACTICUM I

INFORMATION AND INSTRUCTIONS

DUE DATES:  
- Spring Term Practicum: September 5th
- Summer Term Practicum: January 5th
- Fall Term Practicum: May 5th

Students are responsible for completing their applications on the due date by 11:59pm. Late submissions will not be accepted or processed.

REQUIRED HOURS: 288 hours

PROCESS:
This application will be used by a Field Coordinator for the purpose of placement assignment to agencies with which the University has a formal written affiliation. The agency also will view your application so please be sure that it is free of typos and grammatical errors.

Prior to matching, a Field Coordinator will meet with you to get your further input. You will sign up for this interview once you have been accepted into the field. The Coordinator will make every effort to take into consideration your interests and preferences, however, it should be understood that for a variety of educationally based and/or agency related reasons, placement with specifically requested populations or agencies is not always possible or appropriate. Please do not call agencies directly prior to your match; work with your Field Coordinator. Moreover, while every effort is made to meet the scheduling needs of all students, it is agency hours and supervision that determine what can be accommodated. Consequently, placement cannot be guaranteed for students who are not available during regular weekday business hours. All students are required to have at least 8 hours daytime (8:30am-5pm), weekday hours available each week of practicum.

After your meeting with a Field Coordinator, you will receive your agency assignment and schedule an interview with the agency. All finalized assignments are contingent upon that pre-placement interview and the agency’s acceptance of the student. It is expected that the student will remain at the same agency for the two consecutive semesters Field Experience I and II, unless the agency requests the student be replaced.
After you submit your application, you will receive an e-mail confirming your acceptance or denial. If you are accepted into field, the e-mail also will include directions regarding the mandatory field orientation, interviews, and other required steps. Students also are required to read the Field Education Manual before submitting their application. The Field Education Manual is available on the website [https://stempel.fiu.edu/academics/school-social-work/](https://stempel.fiu.edu/academics/school-social-work/)

Acknowledgement of Risk in the Field Placement

Student Name: ______ Panther ID #: ______

This document is designed to inform you of some of the potential risks associated with a field placement. It is the School of Social Work’s belief that you have a right to be informed of risks associated with this aspect of your educational and professional preparation, and that with proper knowledge and preparation, risks can be minimized.

1. **Liability Insurance**: Professional liability coverage is provided through FIU for students in field internships. Contact the Field Office if you are interested in purchasing additional liability insurance from NASW at a reasonable cost. An important aspect of professional practice is recognizing the limits of your knowledge and skills and avoiding helping situations that are not within your area of competence. Whenever you have a question about the handling of a particular case or whether a given intervention is appropriate, discuss this with your agency field instructor.

2. **TB Skin Test (PPD-S)**: The prevalence of TB in society has seen an increase in recent years. If you anticipate an internship setting that serves populations at risk for TB, it is recommended that you take this test prior to entering the field. Some agency settings may require this test. You can be tested at the Student Health Center.

3. **Client Office Visits**: You may have a client in your office who becomes agitated or hostile. It is important that you discuss such matters with your field instructor early in your internship to be informed of agency policy and recommended courses of action should such an event happen.
4. **Settings**: Social Service settings serve a client population whose behavior may be unpredictable. It is important that you learn strategies for handling clients whose behavior becomes threatening. Whenever you feel uncomfortable with a client, inform your field instructor. It is acceptable to have your field instructor or another staff person accompany you when visiting such clients.

5. **Home Visits**: It is common for social workers in a variety of social service settings to conduct home visits. Such visits do expose you to risks. It is important that all home visits be made with the full knowledge of your agency field instructor, sharing such information as the time of departure, time of return, other activities while on the trip, etc. Do not conduct a home visit when you feel uncomfortable or threatened in the situation. Return to the agency and report your experiences to your field instructor. Beware of dogs or other household pets that might be a threat. Do not make a visit when the presence of alcohol or drugs is detected. It may be appropriate for you to make visits accompanied by your field instructor or other agency staff. **Do not take risks.** Know whom to call and what steps to take if you should experience a vehicle breakdown.

6. **After Hours Meetings**: Some social service settings have activities that occur beyond normal office hours. Be aware of the location or neighborhood where such activities take place, note street lighting, open spaces, shrubs, and other growth that might impair vision. It is suggested that you always be accompanied by your field instructor or someone else when going to your car after dark. **Do not take risks.**

7. **Hepatitis B Vaccine**: Working with high risk clients means there is a chance of being exposed to blood-borne pathogens; it is recommended that you get this vaccination. This involves a series of three injections over a six month period of time. The second injection is given one month following the first, with the third coming five months later. Given the time requirements for this protection, it is important that you begin immunization at a time that would give you protection when you enter your internship. This series of immunizations can be administered by the Student Health Center. There is a cost for these series.

I have read the above and understand that a field placement may present some risks. I also understand that prudent choices and exercising caution can minimize these risks. I further recognize that it is my responsibility to become informed of agency policy and practices regarding the above situations, and notify my supervisor and FIU Field Faculty Liaison if any concerns arise.

The student learning contract is designed to give direction and learning structure to the field experience and is developed around the core practice competencies that are designated in the 2008 Educational Policy and Accreditation Standards (EPAS) by the Council on Social Work Education (CSWE).

List of Ten Core Competencies Identified by CSWE

2.1 Identify as a professional social worker and conduct oneself accordingly.

2.2 Apply social work ethical principles to guide professional practice.

2.3 Apply critical thinking to inform and communicate professional judgments.

2.4 Incorporate diversity into practice.

2.5 Advocate for human rights and social justice.

2.6 Engage in research-informed practice and practice-informed research.

2.7 Apply knowledge of human behavior in the social environment.

2.8 Engage in policy practice to advance social and economic well-being.

2.9 Respond to contexts that shape practice.

2.10 Engage, assess, intervene and evaluate with individuals, families, groups, organizations, and communities.
CSWE has operationalized these competencies by identifying 41 practice behaviors defined as “a set of measurable practice behaviors that are comprised of knowledge, value and skills.” The internship plays a key role in teaching practice behaviors to students while measuring and reflecting the student’s ability to demonstrate capacity in the ten core competency areas identified by CSWE.

It is the joint responsibility of the student and field instructor to review the learning contract content within the first weeks of the field placement. This learning contract outlines the core competencies and practice behaviors that all accredited social work programs are required to measure. Each practice behavior has student tasks which relate directly to the behavior.

**Students must complete all tasks on the learning contract regardless of setting, population, or field experience. Please contact your field liaison if you have additional questions.**

BSW II LEARNING CONTRACT

Student’s Name:

Field Agency:

The student learning contract is designed to give direction and learning structure to the field experience and is developed around the core practice competencies that are designated in the 2008 Educational Policy and Accreditation Standards (EPAS) by the Council on Social Work Education (CSWE).

List of Ten Core Competencies Identified by CSWE

2.1 Identify as a professional social worker and conduct oneself accordingly.

2.2 Apply social work ethical principles to guide professional practice.

2.3 Apply critical thinking to inform and communicate professional judgments.

2.4 Incorporate diversity into practice.

2.5 Advocate for human rights and social justice.

2.6 Engage in research-informed practice and practice-informed research.

2.7 Apply knowledge of human behavior in the social environment.

2.8 Engage in policy practice to advance social and economic well-being.

2.9 Respond to contexts that shape practice.

2.10 Engage, assess, intervene and evaluate with individuals, families groups, organizations and communities.

CSWE has operationalized these competencies by identifying 41 practice behaviors defined as “a set of measurable practice behaviors that are comprised of knowledge, value and skills.” The internship plays a key role in teaching practice behaviors to students while measuring and reflecting the student’s ability to demonstrate capacity in the ten core competency areas identified by CSWE.
It is the joint responsibility of the student and field instructor to review the learning contract content within the first weeks of the field placement. This learning contract outlines the core competencies and practice behaviors that all accredited social work programs are required to measure. Each practice behavior has student tasks which relate directly to the behavior.

**Students must complete all tasks on the learning contract regardless of setting, population, or field experience. Please contact your field liaison if you have additional questions.**

Field Instructor Checklist

Prior to student(s) beginning at your agency:

☐ Attend and participate in the Field Instructors’ Training(s) and other relevant trainings offered by the School to enhance professional development and student learning experience.

☐ Review School’s field policies and procedures in the field manuals on the School’s website – scroll down to the Field Education Toolbox for Field Instructors.

☐ Review learning contracts (including competencies, practice behaviors and corresponding tasks), checklists, and evaluations that correspond to the level of the student(s) you will be supervising. Match tasks/activities on the learning contract to tasks/activities at the agency.

☐ Develop a plan with your staff to ensure student(s) will be assigned activities to meet the learning contract requirements.

☐ Orient agency staff and administration to the students’ learning goals and role at the agency.

☐ If necessary, assign an appropriate task supervisor who has the ability to provide the adequate one-one training to student(s).

☐ Orient the task supervisor to the students’ learning goals and role at the agency (if applicable) and train the task supervisor using the Task Supervisor Checklist.

☐ Provide Field Office with the Task Supervisor Data Sheet.

☐ Introduce student(s) to task supervisor prior to first day of placement (if applicable).

☐ Create an internship schedule with student(s).

☐ Discuss trainings/orientations and/or additional requirements student(s) must complete prior to or during field placement.

☐ Provide information to student(s) regarding dress code, parking, key/ID badge, lunch, and other details.

During the first two weeks of practicum:

☐ Review learning contract, including competencies, practice behaviors and required tasks, as well as checklists, and evaluations with student(s).

☐ Review due dates for all forms and assignments with student(s) during first meetings and interactions.

☐ Sign learning contract by the due date and have student(s) each print out a copy to bring to weekly supervision.

☐ Review the safety checklist in full with student(s) and sign by the due date.

Updated 1/8/19
Ask student(s) for a copy of the practicum/seminar syllabi as well as the co-requisite practice course syllabus and refer to assignments and relevant due dates as needed. Different levels of students (BSSW I, BSSW II, MSW I, MSW II, MSW III) will have different course syllabi.

Assign consistent weekly supervision meeting times and dates with student(s) and meet each week for a minimum of an hour as planned (individual or group for BSSWs, individual only for MSWs).

Discuss with student(s) how to best communicate with you (via email, phone, text etc.) when they have questions and/or an emergency in between supervision meetings.

Discuss with student(s) and provide information on whom they should contact in case of an emergency during your absence.

Provide student(s) with orientation to agency and to agency staff.

Provide student(s) with agency manual or handbook (if applicable) and discuss any relevant areas or important topics.

**Throughout the practicum experience:**
- Meet weekly for one hour of supervision (individual/group for BSSW/MSW I and individual for MSW II/III); initial Log of Supervision Hours on a weekly basis.

- Check learning contract progress (practice behaviors and tasks) on a weekly basis.

- Provide feedback for any assignments where Field Instructor input is required (e.g. process recordings, etc.)

- Check-in with task supervisor on students’ progress on a weekly basis (if applicable).

- Check-in with student(s) on progress between supervision meetings.

- Initial Log of Hours on a weekly basis.

- Check students’ documentation and review cases on a weekly basis.

- Provide constructive feedback to student(s) on an ongoing basis and ask for feedback from student(s) regarding their practicum experience.

- Contact FIU Field Liaison and/or Coordinator(s) with any questions or concerns immediately.

- Be proactive in involving FIU’s Field Office when tackling any issues.

**At mid-semester:**
- Review students’ progress on the learning contract (see practice behaviors and tasks) with student(s) and Task Supervisor (if applicable) and fill out mid-semester evaluation accordingly by the due date. Contact the Field Office with any questions about the evaluation.

- Discuss mid-semester evaluation with student(s) and plan for the rest of the semester.

Updated 1/8/19
If needed, work with Field Office to develop Performance Improvement Plan.

At the end of the semester:
- Review students’ progress on the learning contract (see practice behaviors and tasks) with student(s) and Task Supervisor (if applicable) and fill out the final evaluation accordingly by the due date.
- Plan for second semester if applicable.
- Ask for feedback on students’ experience of field instruction and internship at the agency.
- Review and sign Log of Supervision Hours by the due date.
- Review and sign Log of Hours by the due date.

Field Internship Contract
Responsibilities of Student

As an intern in FIU’s School of Social Work, I agree to the following academic contract:

1. To adhere to the Code of Ethics of the National Association of Social Workers.
2. To confer with the Office of Field Education regarding any possible changes in the field practicum experience, including scheduling needs.
3. To review and discuss the learning contract with the field instructor within the first three weeks of internship, including the plan for the intern to be able to engage in all practice behaviors and meet the core competencies by the end of the semester.
4. To be actively involved in professional social work development through use of regular, weekly supervision and assessment of my academic and personal aptitude and performance.
5. To engage in all practice behaviors and meet the ten core competencies by the end of the semester at a satisfactory or above level.
6. To proactively bring areas of concern to the Field Instructor and Field Liaison.
7. To follow the agency’s and FIU’s policies, programs and operating standards.
8. To regularly attend and actively participate in seminars with the assigned field faculty, which supplement field instructors’ supervision.
9. To participate in site visits with the Field Instructor and Field Liaison.
10. To act professionally and ethically to maintain confidentiality and to give priority to rights and needs of clients over my own.
11. To be sensitive to individual diversity, including differences in race, ethnicity, national origin, color, sex, gender, sexual orientation, age, marital status, political belief, religion, culture, and disability, treating each person in a caring and respectful manner.
12. To complete all documentation required by agencies and FIU in a timely manner.
I understand that if I begin my field internship and my professional performance is not deemed satisfactory by social work faculty and/or me, either party has the right and the responsibility to request reassessment of my suitability for entry into the social work profession.

SAFETY IN PRACTICUM CHECKLIST

Student Name: ________________________________________________________________

Safety at the Practicum Agency

☐ Student has read and discussed with the Field Instructor the safety related policies and procedures for the practicum agency.

☐ Student has read and discussed with the Field Instructor the policies and reporting procedures related to sexual harassment in the practicum agency.

☐ Student has discussed with the Field Instructor and practiced how to enter and leave the building safely (including after dark).

☐ Student has discussed with the Field Instructor and practiced the check-in and check-out procedures.

☐ Student has learned any internal code asking for help (i.e. Dr. Armstrong is needed in room)

☐ Student has discussed with the Field Instructor if it is acceptable to work with client with the door open.

☐ Student has learned the procedures for handling blood related incidents (bloody noses, etc.).

☐ Student knows where the nearest fire extinguisher is; nearest stairway?

☐ Student has learned what to do and where to go in case of a fire (or fire drill) or any mandatory evacuation of the building.

☐ Student has discussed with the Field Instructor and knows what to do if another staff person makes him/her feel unsafe or uncomfortable.

☐ Student knows where emergency numbers are posted (police, fire department, and poison control).

☐ Student knows how to contact the Field Instructor in case of an emergency and knows who to contact in lieu of the Field Instructor if Field Instructor is unavailable.

☐ Student has read or been familiarized with the process of reporting injury at the placement agency.

☐ Student has discussed and practiced with Field Instructor how to deescalate angry clients.

☐ Student has read or been familiarized with the agency policy in regards to clients who are inebriated or high (does the client have to leave, what if client will not leave, are clients encouraged to stay).

☐ Student has discussed and practiced with Field Instructor how to safely position self in office (access to the door).
☐ Student has been shown how to use the building security.
☐ Student has been shown how to use the phone to access help.
☐ Student has discussed with Field Instructor what to do when clients make threats towards others or themselves.
☐ Student has been shown how to document incidents or threats.
☐ Student has been told who to contact at the agency when there is an incident or threat.
☐ Student has been told when to inform the Field Instructor and Field Liaison.
☐ Student has read and/or discussed what the procedure is if there is a suspicion that someone has a weapon.
☐ Student has been shown where to store personal items (purse).

**Safety in the Community**

☐ Student has read and discussed with the Field Instructor the agency’s policies and procedures for safety in the community.

☐ Student is aware of the following standard community safety practices:

- Car readiness (gas checked, well maintained, GPS/map available)
- Park car facing out to easily leave if necessary
- Have a charged cell phone easily accessible with 911 on speed dial
- Drive through the community before stopping (note where there is a grocery store, community center; who is outside, are there large groups gathering)
- Leave purse somewhere else (if student leaves it in the back of the car, place it there prior to arriving at the home or in the community)
- Walk confidently to the home, using your eyes to scan around you
- Do not dally getting in and out of your car (this is not the time to call the next client); have keys in hand when approaching the car
- Wear minimal jewelry
- Park where you can easily get out and will not be blocked in (no dead end streets)

☐ Student has discussed with the Field Instructor what the policy is about leaving the community if he/she is uncomfortable.

☐ Student understands to leave a daily plan at the office with Field Instructor or Task Supervisor with phone numbers attached.

☐ Student has been shown how to document incidents or threats.

☐ Student has been told who to contact at the agency when there is an incident or threat.

☐ Student has been told when to inform the Field Instructor and Field Liaison.

☐ Student knows how to contact the Field Instructor in case of an emergency and knows who to contact in lieu of the Field Instructor if Field Instructor is unavailable.

☐ Student has read or been familiarized with the process of reporting injury at the placement agency.
Safety in a Client’s Home

☐ Student is aware of the following standard home visit safety practices:

- Engage your client
- Respect their space and property
- Show concern about them and their situation
- Being a judge or jury does not enhance your safety
- Be aware of who else is in the house when you are there
- When in a potentially hostile environment, maintain an arm and leg length distance between you and others
- Humor is a great gift (though be sensitive)
- If you sense a safety issue, find something to agree about with the client (you don’t have to make your point)
- It is sometimes to fine to appropriately discuss your safety concerns with clients; they can be helpful with best place to park, when it is best to come.

☐ Student has discussed with the Field Instructor what the policy is about leaving the home if he/she is uncomfortable.

☐ Student has read or been familiarized with the agency policy in regards to clients who are inebriated or high (the student should always leave but how should you handle afterwards)

☐ Student has discussed and practiced with Field Instructor how to safely position self in homes (access to the door until you know the situation).

☐ Student has discussed with the Field Instructor when it is okay with the agency to ask to meet a client away from their home (i.e. nearest McDonald’s, at a park, etc.)

Safety within Yourself

☐ Student has designed a self-care plan for his/herself (exercise, nutrition, support, rest, meditation)
Students are responsible for completing their applications on the due date by 11:59pm.

**REQUIRED HOURS: 288 hours at assigned agency**

**TASK SUPERVISOR’S CHECKLIST**

**Prior to student(s) beginning at your agency:**

- Review with Field Instructor the semester start and end dates, student schedule, relevant field policies (see field manuals at [https://stempel.fiu.edu/academics/school-social-work/](https://stempel.fiu.edu/academics/school-social-work/))
- Review the learning contracts (including competencies, practice behaviors and corresponding required tasks), checklists, and evaluations that correspond to the level of the student(s) with whom you will be working; discuss with Field Instructor
- Discuss with Field Instructor appropriate learning tasks for the student(s) for this semester
- Introduce yourself to the student prior to first day of placement
During the first two weeks of practicum:

- Provide student with a tour of the facility and introduce them to other staff
- Provide student with any agency manuals or handbooks
- Discuss with student how best to contact you (via email, phone, text, etc.) and differentiate your role from the Field Instructor’s
- Determine how you will track student’s time (sign-in sheet)

Throughout the practicum experience:

- Provide Field Instructor with update on student’s progress on a weekly basis
- Check student’s attendance and timeliness
- Be proactive in providing student and Field Instructor any necessary feedback promptly
- Check with Field Instructor what learning opportunities the student needs to be having

At mid-semester:

- Provide Field Instructor and student feedback regarding mid-semester progress
- Plan with Field Instructor and student regarding the rest of the semester’s learning opportunities and expectations

At the end of the semester:

- Provide Field Instructor and student feedback regarding progress for final evaluation and attendance
- Plan with Field Instructor and student regarding the next semester’s learning opportunities and expectations (if applicable)
